**THE COMING LEADERS.**  
 Low Chase, of Kirksville, predicts that before the world is much older that the two great leaders in the American Congress will hail from the same State, and that State will be Missouri.

The men to whom he refers are Webster Davis, present Assistant Secretary of the Interior, who he claims will be the leader of the Republicans, and Champ Clark the leader of the Democrats. He further says:

"Clark is the better student; but Davis is a genius. Clark is a 'kitchen knife whetted on a brickbat,' but Davis is the Damascus blade, as keen and as cunning as the cineter of Saladin. Clark is the mountain torrent, Davis the meadow brook. Clark jams an argument through an audience, Davis persuades his way."

Mr. Chase closes his remarks by saying:

"Yes, sirree, Missouri is going to furnish both sides with a leader before the close of the century. That is something no other State ever did. Evans was from Maine, McDuffie from South Carolina. Thad Stevens was from Pennsylvania and Vanlandingham from Ohio. Blaine was from Maine and Ben Hill from Georgia. Garfield was from Ohio and John G. Carlisle from Kentucky. Randall was from Pennsylvania and Tom Reed from Maine, and Dingley is from Maine and Bailey is from Texas. Missouri is the first State that will furnish both the majority and the minority with leaders—Champ Clark, the Democrat, and Webster Davis, the Republican."

Mr. Low who is the candidate on the Citizen Union ticket and who no doubt will be the next mayor of Greater New York, in accepting the nomination, says:

"I am a Republican and expect to remain one; but I am completely in sympathy with the purposes of the Citizens' Union to secure a Mayor for the great city who shall be 'free from all partisan obligations.' Such a mayor, if elected, I shall certainly be. In making appointments, it shall be my endeavor to fill every place with an eye single to the public good. The patronage of the city shall not be used, so far as it is in the mayor's power to prevent it, for the purpose of either strengthening or weakening one party or another, or any faction of a party."

Richard Croker, the quondam Tammany leader, whose return to this country caused such a commotion in political and newspaper circles, comes forth in a statement that he no longer aspires to the position as leader, which he filled for so many years. He says positively that he will no longer lead, but that he will serve his party in just the same spirit as any other public spirited citizen who is interested in the welfare of New York.

An effort is being put forth by the Central Labor Union, of Washington, D. C., for the establishment of postal savings banks. Petitions will be circulated and presented to Congress.

General Lee's consultation with Secretary Sherman developed nothing new in the Cuban situation.

Will Arrive Tuesday.

George W. Vanderbilt is a passenger on the steamer Lahn, which will arrive in New York next Tuesday. His guests, Mr. and Mrs. Charles McNamee and Paul Leicester Ford, the novelist, are with him. Mr. Vanderbilt gave a delightful summer tour to these guests and to Dr. and Mrs. S. Westray Battle, of Asheville, who arrived home recently. The World says that Mr. Vanderbilt after a short stay in New York, will come to Baltimore, where he will have a large house party in the autumn and for the Christmas holidays.—Asheville Citizen.

**Almost a Murder in Jail.**  
 Pandemonium broke loose in the county jail Wednesday afternoon, and for a while reigned supreme. About 5 o'clock were heard the cries of murder coming from the top tier of cells, and this mingled with the religious ravings of the two sanctification prisoners, made the jail a howling bedlam.

When Mr. Antry arrived on the scene, he found that William Jones, a tramp, in jail for larceny, had been badly cut by Judge Hayes, (the negro who shot at David Watkins), the result of a quarrel over a game of seven up. Jones had a severe cut on the left arm, just below the shoulder. The weapon used was one of the iron hooks from a bunk, sharpened at the point to a razor edge, with a cloth rapped around the other end for a handle, a most deadly weapon.—Fayetteville Observer.

**Death of Mrs. Mary C. Anderson.**  
 Mrs. Mary C. Anderson, the widow of the late Dr. E. A. Anderson, died at her residence, corner Front and Orange streets, at ten minutes before six o'clock yesterday morning, says the Messenger. A protracted illness, which the best of medical skill could not allay, had made her death only a matter of time for many days.

The deceased was a Miss Lillington, and counted among her ancestors some of the earliest and most distinguished settlers of the Cape Fear section.

**A Little Daughter**

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 207 McGill st., Montreal, P. Q., says:

I have sold Ayer's Family Medicine for 40 years, and have heard nothing but good said of them. I know of many

**Wonderful Cures**

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure. I am sure, were he here to-day he would testify in the strongest terms as to the merits of

**THE OLD RELIABLE**

**The Cruel Knife!**

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case for which the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to. Doctors are human, and of course are liable to make mistakes, but their mistakes are too fatal to be indulged in promiscuously, and as so many lives are sacrificed in this manner, it is but natural for the public to believe that half the operations are unnecessary, besides being a fearful risk to human life, even if successful.

It is a positive fact, however, that all operations are not necessary, and that a majority of them are absolutely undertaken without the slightest chance of success. The doctors have never been able to cure a blood disease, and a surgical operation is their only method of treating deep-seated cases, such as cancer and scrofulous affections. Aside from the great danger, an operation never did and never will cure cancer, as the disease never fails to return. Cancer is in the blood, and common sense teaches anyone that no disease can be cut from the blood.

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Ferris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

**No Better Medicine,**  
 and have induced many to use it.

"Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that I was unable to get up in the morning. I consulted a doctor, but he kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 240 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

**T. W. WOOD & SONS, SEEDSMEN, RICHMOND, VA.**

Here is a case where the pain inflicted on a six-year-old boy was especially cruel, and after undergoing the tortures produced by the surgeon's knife he rapidly grew worse. Mr. J. N. Murdoch, the father of the boy, residing at 279 Snodgrass street, Dallas, Texas, writes: "When my son, Will, was six years old, a small sore appeared on his lip, which did not yield to the usual treatment, but before long began to grow. It gave him a great deal of pain, and continued to spread. He was treated by several good doctors, who said he had cancer, and advised that an operation was necessary. "After much reluctance, we consented, and they cut down to the jaw bone, which they scraped. The operation was a severe one, but I thought it was the only hope for my boy. Before a great while the cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally upon the advice of a friend, decided to try S.S.S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return."

S.S.S. is far ahead of all other blood remedies, because it is the only one which cures deep-seated obstinate blood diseases such as Cancer, Scrofula, Eczema, Catarrh, Rheumatism, etc. It is the only blood remedy guaranteed

**Purely Vegetable**

containing not a particle of mercury, potash, or other mineral ingredient, which are so injurious to the system. S.S.S. is sold by all druggists.
