When Honor's fingers deft had wrought His name in letters bright, And men and women fawning sough For favor in his sight.

I called him friend, and by his side I walked life's pleasant ways; Content that he should have the pride And all the palms and bays.

I knew him when he stood alone, The hell hounds at his back, Who now, that youth and wealth had flown,

Were loosened on his track.

I saw his great heart crushed beneath The juggernaut of shame, And other brows possess the wreath That had adorned his fame.

And while a sneering world looked on, Rejoicing in his pain, I braved the calumny and scorn

And named him "friend" again. - M °L WHITE. Gainesville, Ga.

S. P. SMITH, of Towarda, Pa. whose constitution was completely broken down, is cured by Ayer's

Sarsaparilla. He writes:

" For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indiges tion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling adverticement, I believe this preparation of Sarsaparilla to be the best in the market to-day.

MADE BY THE **PROCESS**

Treated with Carbonale of Soda, Magnesia, Peizeh or Bicarbonate of Soda."

To partially supply the loss w natural flavor and color caused by this treatment, fragrant gums

and dyes are used. Dr. Sidney Ringer, Professo of Medicine a University College, London, and Physician to the College Hospital, perhaps the greatest English suthority on the action of drugs, states in his "Handbook of Therapeutics" that "the sistained admission of alkalies and their carbonates renders it should it is said, poorer in solids and in red corpuscles, but impairs the nutrition of the body." Of ammonia, because of ammonia, and spirits of ammonia, he see: "These preparations have many properties from non-with the alkaline, potash, and soda group. They possess a strong alkaline reaction, are freely soluble in water, have a high diffusion-power, and dissolve the animal textures. If administered too long, they excite catarrhog the stomach and intestines."

For more than 100 Years the house of Walter Baker & Co. have made their Cocoa Prepaations ABSOLUTELY PURE. Asing NO Patent Process; Alkalies or Dyes.

Disease is an effect, not a cause. Its origin is within; its manifestations without. Hence, to cure the disease the cause must be removed, and in no other way can a cure ever be effected. Warner's SAFE Cure is established on just this principal. It realizes that

95 PER CENT. of all diseases arise from deranged Kidneys and Liver, and it strikes at once at the root of the difficulty. The elements of which it is composed act directly upon these great organs, both as a food and restorer, and, by placing them in a healthy condition, drives disease and pain from the system.

healthy condition, drives disease and pain from the system.

For the innumerable troubles caused by unhealthy Kidneys, Liver and Urinary Organs; for the distressing Disorders of Women; for all Nervous Affections, and physical derangementa generally, this great remedy has no equal. Its past record is a guarantee for the future.

WARNER'S SAFE CURE CO., London, Rochester, Melbourne, Frankfort, Toronto, Paris

It is often difficult to convince people their blood is impure, until dreadful carbuncles, abscesses, boils, scrofula or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of

An Eminent Physician " A Living Monument to the Virtues of

BUFFALO

Dr. G. A. Foote, of Warrenton, N. C.,

Ever President State Medical Society, former Member of the State Board of Medical Examiners and also of the State

Board of Health:

"I had, in January 1893, a violent attack of Grip' which was soon followed by the complications of Ascites, Cardiac trouble, &c., and rapidly developed into severe Nephritis or Bright's. My physicians, Drs. King and Jerman, upon examination of my urine found by volume 55 per cent. Albumen, which test was frequently corroborated by subsequent examinations showing also casts and low specific gravity. My Nephritic trouble gradually grew worse and I declined in weight from 186 to 135 pounds. In this condition with little if any hope of rellef from any remedy, I visited the Buffalo Lithia Springs, of Virginia, making free use of the Waters for some eight weeks. Analysis of the urine soon after reaching the Springs, by Dr. E. C. Laird, Resideut Physician, confirmed the examinations previously made. Other analysis, however, by Dr. Laird from time to time showed a gradual diminution and finsily a total disappearance of both albumen and casts, and the urine in a normal condition. Leaving the Springs, looth albumen and casts, and the urine of some two years there has been no return of any unpleasant symptom and I am now as well as I ever was in my life and a living monument to the virtues of
