THE LARGEST CITY CIRCULATION ENABLES THE TIMES PATRONS TO SECURE THE BEST RESULTS.

Vol. 1. RALEIGH, N. C., TUESDAY EVENING, OCTOBER 12, 1897. No. 38.

GREAT CATCH OF FISH.

Mr. Dughi and His Friends Break the Record on Creek Fishing.

People who think that there are no fish in Crabtree are mistaken, and those who visited Mr. Dughi's store last night had the scales to fall from their eyes. Mr. Dughi has broken the record for fishing in this immediate vicinity.

Yesterday at noon Mr. Dughi accompanied by Mr. W. A. Woodall and J. J. Harris left the city for Crabtree. In the afternoon about dusk they returned, and the quantity of fish they brought back was a revelation to the onlookers.

They seized the creek near the railroad bridge, and struck it right, for they had 200 pounds—about half a barrel—of fish; cats, eels, mullets and various "small fry." Several of the eels were a yard in length.

In addition to those brought in, they gave Dr. Lewis, who chanced to be passing where they were fishing, about a thousand live perch, which were removed in a barrel of water to his fish pond.

The fish at the store were put on ice last night, and to-day Mr. Dughi is making his friends happy by presenting them with his spoils. Forty pounds were donated to the Soldiers' Home this morning.

FORTY BYCLISTS.

Secretary Nichols Receives a Letter From a Party Which Will Come.

Two special car-loads of cyclists are coming to the fair.

They bring with them the "Oriten," a famous ten-seated machine. Joe Grimes, the great heavy weight rider of the world, who tips the beam at 540 pounds, is also with the party. Then there are wheels of every kind, sextuplets, quadruplets, triplets and all other sorts of multicycles. These machines will be brought in a special baggage car.

When the party comes, they will be shown every courtesy, and Raleigh people, together with visitors from the State at large, will be greatly interested in so novel a sight.

Mayor's Court.

After our typographical error in yesterday's paper, when we made Mayor Russ fine a disorderly party \$87.25 instead of \$7.25 as was the case, we thought it had seriously injured the business of that tribunal, by scaring off some of His Honor's old customers. But they "bobbed up serenely" this morning as usual.

One colored gentleman was assessed \$5.25 for blocking the eye of a lady friend and then biting her. When the lady was put on witness stand, she said she had been too drunk to remember much about it, but "knoved she was hit and bit."

Then another lady of color was brought up for disorderly conduct. According to a witness, she "hollered and rig ragged," and cussed a little, but didn't oases loud." As this lady generally oases loud, His Honor let her off this time, as a reward for her unusual quietude, and adjourned court to find out what the verb "rig-rag" meant.

The question as to who will succeed Mr. A. H. Boyden as postmaster at Salisbury, says the Sun, has been decided. Mr. James H. Ramsay was appointed Saturday. He received a telegram from his friend, Col. James E. Boyd, of Greensboro, who was in Washington at the time, apprising him of his appointment and extending congratulations.

KILLED INSTANTLY

Lightning's Deadly Work Sunday Night.

ONE WOMAN DEAD

SEVEN OTHERS SEVERELY SHOCKED AND OTHERWISE SHAKEN UP.

Two of Them May Not Recover--Baby Throw Some Distance From Its Mother But Was Not Hurt.

Last night about 7 o'clock, as the congregation was assembling for services at Union Ridge church, about two miles and one-half south of Saelm, says the Greensboro Telegram, a bolt of lightning struck a tree near the church, and descending it left the tree and struck the assembled people, instantly killing one woman, Mrs. Huntley, and severely shocking several others.

A man by the name of Heitman, standing in his wagon, was only slightly shocked, while his wife and several others who had just alighted from the wagon, were seriously hurt, two of whom it is thought will not recover.

Mrs. Heitman's baby was thrown some distance from its mother, but strange to say it was not hurt, while the mother was badly injured.

The meeting was broken up and great excitement and confusion prevailed.

The lady killed and those who were most severely shocked all lived near Centreville, a suburban village of Winston Salem.

A Show Truly Moral.

"The Great John Robinson and Franklin Bros.' Enormous Shows combined" are announced to appear at Raleigh, in all their vast entirety, on Tuesday, October 19th, and for one day only, giving two complete performances, afternoon and evening. All of our exchanges speak in the highest terms of this great amusement enterprise, and the many "tough hangers-on" which are so frequently found with large shows, are made conspicuous by their absence. There is not a game of chance of any kind permitted on or around the grounds. All the attaches are gentlemen, and there is not a lewd or profane word spoken.

It is a wonderful sight to see the wonderful "horseless carriage" in trial tests of speed at every performance and in the great double parade. The three rings and elevated stages are all going at one time, with entirely different acts. Performers picked from the best of the world affords, and there is more than four score of them, whose combined salaries would more than equal twice over the entire expense of the every day circus. The daily free street parade is one mass of glittering magnificence, containing "scenes from all nations," numerous open dens of rare wild beasts, twelve kinds of music, herds of elephants and the finest imported horses ever seen with a tented amusement enterprise. The coming of this, the world's biggest amusement, is cause for a "regal" holiday in every city it visits, and it is worth coming a day's travel to see.

A Theatre Hint.

A little matter of thoughtlessness on the part of some of our young men at the theatres deserve attention.

Between the acts a good many people leave the hall. That is all right of itself, but we have nothing to say against it, but it has been frequently noted that these people are so seated that they cause ladies a great deal of annoyance by their constant passing in and out.

The ladies have kindly discarded the high hat, now let the boys follow suit and discontinue this annoying practice.

If you are going to cause annoyance to half a row, why try and tough it out.

Chamber of Commerce.

The regular monthly meeting of the members of the Chamber of Commerce and Industry will be held this evening at 8 o'clock in the Mayor's office. This is the first meeting under the new president, Mr. R. B. Raney, and with the present membership of 150, a large meeting is expected.

ENDORSES CLARK'S VIEWS.

Will Introduce Bill to Amend Constitution as to Life Tenure of Judges.

A distinguished United States Senator from another State has written a letter to Justice Clark, of our Supreme Court, in which he highly commends the address which was delivered before the Tennessee Bar Association, in which Judge Clark advocated the election of Federal Judges by the people. The Senator in question says that immediately upon the assembling of Congress, he will introduce a bill to amend the Constitution by making United States Judges and District Attorneys elective officers. He also says that the plank in the Chicago platform, which spoke of life tenure, had reference to the Federal Judiciary, and that it was want of nerve and fear of diverting attention from the silver issue, which, during the campaign, allowed it to be understood as applying only to clerks, and other subordinates, who are properly protected by civil service rules. It is also stated that, at the next Democratic convention, the platform will not only denounce "government by injunction," but will unequivocally demand that the United States judges be elected by the people and for a term of years. In every instance where this has been an issue as to State judges, it has been successful, and the Senator thinks that it will meet with the people's approval in national politics. He says that life judgeships are unrepugnant.

The Senator was a conspicuous figure in the convention that framed the Chicago platform.

It will be remembered that Hon. W. J. Br. an, editorially, in his newspaper, advocated the election of United States Judges by the people up to his nomination for the presidency, as he also did in his well-known lecture delivered throughout the Northwest, entitled, "Job and his Boiler." Mr. Jefferson did the same in his famous letter of 1822.

At the Metropolitan Friday Night.

"Joshua Simpkins" will be the attraction at Metropolitan Opera House Friday night October 15. It is said to be well written pastoral play, with an interesting plot, the story being a happy blending of sunshine and shadow. The situations are said to be strikingly realistic, with an overflow of fun and amusement. There are seven comedy parts in addition to that of Uncle Josh, which character is really a whole show in itself. A sensational novelty is introduced in the third act in the shape of a realistic saw Mill scene, in which a monster circular saw is used, and which is said to actually saw through real timber. This company travels in their own parlor coaches. See the big street parade at noon.

Remove Old Lamp Posts.

On several of our thoroughfares there are a number of old lamp posts not in use which are located three or four feet from the street curbing.

By all means let our progressive street committee remove this objectionable obstruction at once. They are not only a menace to pedestrians, but mar the beauty of our sidewalks.

What say our street committee? Will they do it, and at once?

Their Silver Wedding.

Mr. and Mrs. A. B. Stronach have issued invitations to the celebration of the twenty-fifth anniversary of their marriage, Friday evening, October 15th, from 8 to 11 o'clock, at their home in this city. It was in 1872 that Mr. Alexander Barron Stronach and Miss Mary Augustine Cooke, his wife, were married. No cards in the city.

Oakwood Chapel.

The cemetery chapel at Oakwood is very nearly completed. The inside furnishings are all that it lacks, and these will be completed at an early day.

It is quite a handsome little structure. It is built of granite, trimmed in grey sandstone.

Messrs. Cooper Bros., of this city, did the stone work, and it is handsomely done.

THREE MEN SHOT SUNDAY.

Two Pistols and One Shot Gun Brought Into Action at Different Times.

There was a hot time at and near Spencer Sunday, says the Salisbury Sun. From Saturday night at midnight to last evening at 7:30 o'clock three men were shot, two negroes and one white man.

Yesterday morning about 2 o'clock as Charlie Miller, a young white man, was on his way from Salisbury to Spencer, he was attacked by a dog. He threw a rock at the dog, but it missed its mark and struck the fence. A colored woman thereupon came to the door blazed away with a shot gun. Several shot passed through his hat, and one ploughed some skin off his hand.

Last night about 7 o'clock, Tom Peeler, colored, a brakman on the Western, had a short encounter with three hobos at Spencer, and he came out with a hole through his hand.

But the most serious shooting affray occurred at a colored man's house over on the Southern city side, about noon. Sol Roberts, according to the report we received, became jealous of his wife and went into the house where she was to kill her. He pulled out his pistol and shot, but the first bullet took no effect. The woman then ran and her brother, and her brother, Joe Miller, got between her and her enraged husband. The second bullet took effect in Joe's body.

BLOCKADE STILL.

Cut Up by Revenue Officers at Blake's Stable.

Last night Deputy J. Wiley Jones and posse made a raid beyond Roger's X Road, and destroyed a blockade outfit. The still was at full blast when they arrived, but the parties had skipped.

There were twenty stands of beer, one barrel of low wines and three gallons of mean corn whiskey, all of which was destroyed on the spot.

The still and cap were brought to the city, this morning were cut up at Blake's stable. It was a curious sight to the multitude who stood looking on. It was a sixty gallon still, and was cut into a thousand pieces.

BEST BASEBALL CLUB.

The Orioles Have Won the Temple Cup Again.

Baltimore, Md., Oct. 11.—The Temple Cup will stay in Baltimore another year. It has been won twice in succession for the first time in its history, and if the "Orioles" take it again it is theirs absolutely. The former "Champions" also take 60 per cent of the money paid in at the gates during the three games in Boston and the two played here, while the winners of the "pennant" will get but 40 per cent unless, as is generally believed, the players have agreed among themselves to divide the spoils equally.

To-day's game, like all the others of the series, save the first one, was an easy proposition for the Baltimoreans, who won much as they pleased, while the visitors never appeared to think they had any chance whatever. An audience so small that the management refused to give the exact number and so utterly devoid of enthusiasm that scarcely a ripple of applause occurred, saw it done and appeared to be glad that the game which, by the way, was one of the shortest on record, was over and that the season was over with it. There may have been a thousand people on the grounds, but a better estimate would place the attendance at 750. This fact, in view of the pleasant weather which prevailed, indicates that Baltimore baseball enthusiasts have had a surfeit of the sport for the time being and that they do not look upon a "Temple Cup" game as being anything out of the ordinary. At conclusion both teams disbanded and many of the players left for their homes, two of them, Jennings and Kelley, to prepare for the early assumption of marital responsibilities. Score: Baltimore, 0 2 3 0 0 2 2 x—9 13 2 Boston, 0 2 0 0 0 0 0 1—3 15 3 Earned runs—Baltimore, 3; Boston, 3. Umpires, Hurst and Emslie. Batteries: Hoffer and Clarke; Sullivan, Hickman Yeager.

His Accounts Short.

Charleston, W. Va., Oct. 10.—When Secretary of State Chilton retired from office on the 4th of March last. He owed the State somewhere between \$15,000 and \$20,000, which he had collected as tax on charters, &c. He informed the incoming State administration of the fact at the time, and asked for a reasonable time in which to settle.

Seven months have elapsed, and he has not paid the amount due, and an effort is now being made to force him to settle. He says the matter will be arranged within a few days. There is no effort being made to press him hard, the State officers believing that he will pay every cent without unreasonable delay.

Skull Crushed by a Cripple.

Detroit, Oct. 11.—William G. Miall died to-day at Emergency Hospital as the result of a murderous assault made on him last night by Charles Wojdeck. Miall was in Detroit looking for work, and it appears became involved in a dispute with Wojdeck in a saloon. The latter, who is a cripple, followed Miall out of the saloon and struck him over the head with his crutch crushing the unfortunate man's skull.

West, who has been attending the law class of the State University, became violently insane yesterday, thinking he was a great Populist leader, and was to be Texas' next Governor. He was confined in the lunatic asylum in a cell with another lunatic, named Thomas C. Denge.
