#### THE WEATHER.

For Raleigh and Vicinity: Fair tonight and Wednesday; warmer.

Weather Conditions .- The storm on the middle Atlantic coast has disappeared. A new depression extends from northern Texas to Minnesota, with the lowest pressure at Davenport, A little rain has fallen in Texas and snow in the Lake Region.

It was snowing this morning at Charlotte, but generally throughout the country east of the Mississippi the weather is clear and cold.

"A GILDED FOOL."

Mr. Edward P. Elliott will give the closing entertainment of the star course to-morrow evening. As an improvement of the latest plays Mr. Elliott stands at the head. It has been said that Mr. Elliott is to the platform what Joseph Jefferson and Sol Smith Russell are to the stags. Prominently the best exponent of pure, wholesome comedy. His work as an impersonator, and his productions as mediums of entertainment, have won such universal praise from press, public, clergy and literate as to secure a position unquestionel, and now rank with the great platform features of the day. Mr. Elliott impersonates all the characters in "Dollars and Sense" or a "Gilded Fool" and in so original and artistic a manner as to ever add effectiveness in the platform presentations and to class them as creations identified with himself and impossible of -nitation or reproduction. Mr. Elliott will add two short humerous selections after the impersonation of "A Gilded Fool." The Wilmington Messenger says: "To give even a faint idea of the pleasure of this kind of entertainment when in the hands of one like Mr. Elliott would be a vain task. The sudden transitions are too real to believe them capable of onep erson."

To-morrow evening will be the closing event of the Course. Patrons may get their tickets at W. H. King's drug store.

#### FROM PORT TAMPA AND KEY WEST.

Excursion to Jamaica by Plant Steam ship Co.'s Steamer Mascotte.

The Plant Steamship Co,'s Steamer Mascotte, will sail from Port Tampa. March 5th, touching at Key West. March 6th, and will then proceed to Port Antonia, Jamaica, leaving Montes Bay, retaurning four days after arrival on Island. Rates from Port Tampa to Jamaica will be \$42,50 one way, \$75,00 round trip. The Mascotte is a firstclass ship, and the accommodations are all of the best. A FINE HEALTH RECORD. Only Three White Citizens of Raleigh

Died During February. Already Raleigh has become famous for its wonderful health record. Few citles, of the same number of inhabi-

tants, can show a record equal to that made by the City of Oaks during the past year. And this year is starting out even better. Never was there a better bells'. January report than that made last month. The health of the people of the city during the month just ended was also very good.

Health Officer Sale has kept the city clean and in excellent sanitary condition. His report for February shows 19 deaths-6 white and 13 colored. Of those who died 4 were under five years Street. of age and 5 were over seventy; in other words 50 per cent, of the total number of deaths occurred at the expected age, Of the six white deaths, three were not citizens of Raleigh, but were visiting here and were sick when they ar

rived. It will be observed by reference to the reports for the fiscal years ending Febmary 28th, 1894,-'95-'96 and '97, that the average number of deaths for those years was 292, while for the last fiscal year, ending Feb. 28th, 1898, we have had only 205 deaths. This is a decrease in our death rate of about thirty per cent. This is a very remarkable showing and is something that this city should feel very proud of.

Bitths were reported for the month as follows: Whole number, 43-white, 23; colored 20.

Contagious diseases were reported as follows: Measles 30 cases,

#### A RIGHT STORE SERVICE.

We have aimed to build this business on the solid rock of public confidence, and it has been our earnest endeavor to have every statement true and free from misrepresentation or exaggeration. To a generous public who made us a success we owe and extend our most grateful acknowledgment. You will always find us enterprising, progressive and aggressive in everything pertaining to business-liberal in our ways of dealing-anxous to please-glad to right any wrong, and ever ready to take back anything bought of us that isn't entirely satisfactory. How well we have served you is a matter of history; how well we shall do it is what concerns us. The look is always ahead.

#### Bicycles.

Time was when the buying of a silk dress or waist was an event; now-a-days it is merely an incident. Price and the wonderful progressiveness of this great Nineteenth Century makes it impossible the reach of all. Our prices will agreeably surprise you.

#### MAY MODIFY RATES.

Is the North Carolina Railroad Commission Weakening?

The Seaboard Air Line system yesterday, as printed in the Times. filed exceptions to the recent order of the Rairoad Commission fixing passenger rates at 2 and 21/2 cents on the Raleigh and Augusta, Raleigh and Gaston and Seaboard and Roanoke divisions of its system.

The exceptions are the same for each

of these divisions. They set forth: 1. That the old rates (2% and 3½) do not yelld more than a sufficient return upon the capital invested, being barely sufficient to pay the actual cost of operation, reasonable interest upon the funded debt, and not sufficient income to pay any dividend; and that the re-duction will probably result in a defi-

2. That the determination of the Commission substantially requires the road to carrry passengers without reward, under pretense of regulating fares, and amounts to taking private property for public use without just compensation and without due process of law. 3. That the reduction is arbitrary and

made without any complaint and without hearing any evidence to show that the old rates were unreasonable or that those proposed to be fixed were reasonable and just; that the determination was not only without evidence to support it, but in disregard of the evidence offered be fore the board, showing that the reduction was unreasonable, amounting to a confiscation of property.

4. That the new rates will have the effect of compelling the railroad to carry on its business of transporting passengers at a loss.

The other roads on which reduction in rates were made-the Wilmington and Weldon and the Southern-have not yet filed exceptions. They have until Thursday to do so.

It is expected that the Southern, it its exceptions are over-ruled, will sue out an injunction in the Federal court, based on the ground that the new rates amount practically to a confiscation of its property and therefore impairs the obligation of contracts.

It may be pretty safely predicted that, when argument on the exceptions is heard, a material modification will be made in the new rates. They will be put back up at least 1/4 of a cent and possibly 1/2 a cent. It is well known that Dr. Abbott op-

posed any reduction at all. Commission er Pearson favored a reduction but he thought the cut made was rather too deep. Chairman Caldwell was for cutting deep. His ideas were adopted, but they will hardly be allowed to stand if the railroads can show, as they claim they can, that the reduction will

make it necessary to operate at a loss. It is equally certain that the old rate will not be restored, even though Gov. Russell wants it done in order to make it possible for him to carry through his scheme for tensing the Atlantic and North Carolina Railroad to the South-
