A STARTLING PREDICTION.

Dr. Philander P. Claxton, United States commissioner of education, believes that some very radical changes will be made before long in the methods of teaching the youth of this country. Women, who have been doing most of their work, will be superseded by men. Dr. Claxton would not only retire the woman instructor, but he would introduce a six-year term in the public schools, with a term of equal length for high school. The men teachers to follow their scholars through all the various grades until they reach the departmental stage. The teachers would be housed in buildings set apart for them. In this way Dr. Claxton thinks the individual would be better enabled to obtain an education. Many smaller colleges scattered throughout the land could be turned into preparatory schools where a student would be prepared for his freshman year at college.

CHILD'S ECZEMA
Yields to our Saxo Salve

Troy, N. Y.—"My little girl had eczema on her feet for about eighteen months. The doctors used ointments and doctored her blood but did not help her. Nights it would itch so she could not sleep. Saxo Salve has entirely cured her and I am writing this letter so other sufferers may know about it."
—Mrs. JOSEPH CLIFTON, Troy, N. Y.

If we can't cure your skin trouble with Saxo Salve and Saxo Soap we will buy back the empty tube.

New York firemen turned their hose on Columbia students who were celebrating aictory on the water.

Huerta went to a banquet, just as if Villa and his new bathtub were not on the way.

President Wilson is not the sort of man to leave his duties for a week end at Atlantic City.

Chicago authorities claim that taxpayers have been dodging their obligations to the extent of \$50,000,000. A fine example of artful dodging.

An educator says the study of algebra causes girls to lose their souls. The country seems to be full of "educators" who air foolish opinions.

A Boston judge told a man that when his wife spanked him he should run away and not stop until he was tired. But suppose his wife won't let him run?

Colonel Watterson tells President Wilson that if he doesn't step in and grab Mexico the country will get a President who will. That sounds like an ultimatum.

More than 1,000 convicts in a Pennsylvania penitentiary have petitioned the legislature for state-wide prohibition. The convicts in Sing Sing would not be troubled by state-wide prohibition, as they seem to get all the liquor they want anyhow.

The Canadian preacher who says the time will come when there will be no liars is probably thinking about the time when the earth will be covered with ice and the rays of the sun will no longer be warm enough to support life.

DOG TAX NOTICE.

Those liable for dog tax for the year beginning on July 12th, 1914, can pay same to the City Clerk without costs until August 1st, next. On which day the unpaid list will be placed in the hands of the Mayor.

an school teacher has already subjected Dr. Claxton to a great deal of adverse criticism. It is presumed that salaries will be paid large enough to enlist the services of men as teachers, since there is no way by which male instructors can be impressed into service. Furthermore, what provision would be made for the thousands of women who support themselves, and sometimes relatives, by teaching? It is one of the few callings women have found always open to them and in a congenial form of employment which they have made peculiarly their own. That they have succeeded well in it cannot be denied.

Dr. Claxton thinks that in fifteen years from now the youth of this country will be taught exclusively by men. His prediction will hardly be verified. The woman school teacher is too firmly entrenched to be easily dislodged.

Catarrh is Often
Deep Seated

Local Congestions May Indicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today, for it is not a mineral, but a vegetable remedy. The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of food. Any local irritating influence in the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infects the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, hives, rickets, peevishness, and all other diseased conditions of the blood. For special advice on any blood disease, write Medical Dept., The Swift-Specific Co., Swift Side, Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."

What would life for Huerta in Mexico City be after Villa closed the saloons?

Villa may have his faults, but he has never indorsed any particular make of safety razor.

A new automobile and a new mortgage go hand in hand. But if today be sweet, as Omar has it, why fret?

It has been decided in London to run down arsonettes with dogs. British patience seems to be at a low ebb.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Cured of Indigestion.

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else had done." For sale by all dealers.

Today's neglect spells tomorrow's worry.

Severe Attack of Colic Cured.

E. E. Cross, who travels in Virginia and other Southern States, was taken suddenly and severely ill with colic. At the first stroke he came to the merchant recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it cured him. No one should leave home on a journey without a bottle of this prescription. For sale by all dealers.

Try This Home-Made Cough Remedy
Costs Little, But Does the Work Quickly, or Money Returned.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly expectorant, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in ginseng and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

TO HAVE PRETTY HAIR.

If your hair is not as soft and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off.

Parisian Sage, an inexpensive tonic, which you can get from any druggist, or from J. H. Hill & Son, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. Parisian Sage takes away the dryness, stops itching head, makes the hair twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily make her hair fluffy, soft and pretty.
