A STUPENDOUS WORK.
 An enormous irrigating project which is said to be greater than that provided for by the great Assuan dam on the River Nile is nearing completion on the Rio Grande river, in New Mexico, 102 miles from El Paso, where the Elephant Butte dam is being constructed. This dam, which is now 85 per cent completed, will irrigate an area of 160,000 acres in New Mexico and Texas. It will cost the United States government approximately \$6,000,000 and will enable the inhabitants of that region to irrigate their land at a cost of \$3 per acre per annum.

will benefit most by the Elephant Butte dam. It will be made one of the most fertile regions in the west. While not an agricultural state, irrigation will enable New Mexico to grow almost anything that can be grown in other parts of the United States.
 A certain popular novel published a few years ago gave a vivid picture of a great irrigation project in the west, but the remarkable changes that have already been brought about by irrigation in this part of the country do not need the art of a "word painter" to make them appeal to the imagination. Turning a desert into a gloriously productive farming country is one of the modern wonders of civilization. Even in her sternest aspects nature has been conquered by man. He has achieved no greater victories than his reclamation of the arid regions of the west.

SEVERE PUNISHMENT
Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together. My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it." "Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling? If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century. Begin taking Cardui to-day. You won't regret it. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Try This Home-Made Cough Remedy
 Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water and stir for five minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Shake the teaspoonful every one, two or three hours.
 You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.
 This recipe makes more and better cough syrup than you could buy ready made for \$2.00. It keeps perfectly and tastes pleasantly.
 Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in ginseng and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.
 This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.
 A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., P. O. Wayne, Ind.

TO HAVE PRETTY HAIR.
 If your hair is not as soft and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off.
 Parisian Sage, an inexpensive tonic, which you can get from any druggist, or from J. H. Hill & Son, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. Parisian Sage takes away the dryness, stops itching head, makes the hair twice as abundant and beautifies it until it is soft and lustrous.
 By the use of this helpful tonic any woman can easily make her hair fluffy, soft and pretty.
