INTERESTING STATISTICS.

A statistician in the New York Herald has been making some calculations based on the number of men who are now under arms in Europe.

It is estimated that if the armies of Germany, France, Austria, Russia, England, Serbia, Montenegro, Belgium and Italy, numbering approximately 20,000,000 men, were deposited on Manhattan island they would cover every available inch of space. If this number of men should lie at full length, allowing six feet for each man, they would extend for a distance of 22,723 miles and would nearly encircle the globe.

The transportation of such an army across the Atlantic would require 583 steamships as large as the Vaterland, the giant vessel of the Hamburg-American line. The food consumed in one day amounts to 25,000 tons. A train of 833 cars would be required to move one day's food supply and 29 locomotives would be needed to haul it. The buttons on the soldiers' uniforms weigh 2,000 tons. With each man apportioned one pound and a half of meat a day, this vast army would consume daily more than 25,000 cattle.

If the 20,000,000 men were to march in one parade four abreast, with the usual space allotted for military formation, they would extend from San Francisco to New York and back to Ogden, Utah. One round of ammunition for this army costs \$600,000 and rifles cost approximately \$260,000,000.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with a awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Disappointment in love saves many a man from paying alimony.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from maternal impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who use "Mother's Friend."

These points are more thoroughly explained in a little book mailed free. "Mother's Friend" is sold in all drug stores. Write for book. Bradford Regulator Co., 111 Lamar Bldg., Atlanta, Ga.

TO HAVE PRETTY HAIR.

If your hair is not as soft and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would give a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off.

Parisian Sage, an inexpensive tonic, which you can get from any druggist, or from J. H. Hill & Son, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. Parisian Sage takes away the dryness, stops itching head, makes the hair twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily make her hair fluffy, soft and pretty.
