THE SIMPLE LIFE.
(Raleigh News & Observer.)

Abraham Lincoln said that God must love common people, because He made so many of them: by the same token it may well be said that God must think that people of moderate means are the happiest, because such a large majority of His creatures belong to that class.

After all, the quiet, simple life is the happiest. A man's life does not consist in the abundance of the things that he possesses; but life, real life, happy life—consists in fearing God and doing one's duty to one's fellow-men.

Happiness, then, is a state of mind

Hundreds of health articles appear in newspapers and magazines, and in practically every one of them the importance of keeping the bowels regular is emphasized. A constipated condition invites disease. A dependable physic that acts without inconvenience or griping is found in Foley Cathartic Tablets.

The log of the Prinz Ethel Friedrich is one of the most thrilling stories of the sea ever written.

If a better cough syrup than Foley's Honey and Tar Compound could be found, we would carry it. We know this reliable and dependable medicine has given satisfaction for more than forty years; therefore we never offer a substitute for the genuine. Recommended for coughs, colds, croup, whooping cough, bronchitis and influenza.

No matter how much the baker kneads the dough, it is comforting to know that he can no longer get more than a nickel for a loaf.

CROUP AND WHOOPING COUGH
Mrs. T. Neureuer, Eau Claire, Wis., says: "Foley's Honey and Tar Compound cured my boy of a very severe attack of croup after other remedies had failed. Our milkman cured his children of whooping cough." Foley's has a forty years record of similar cases. Contains no opiates. Always insist on Foley's.

The dean of the Columbia law school says the sexes are not at war, thus proving himself to be a remarkably close observer.

For the Stomach and Liver.
I. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by all dealers.

AFTER MANY YEARS.
J. L. Southern, Eau Claire, Wis., writes: "Years ago I wrote you in regard to great results I obtained from Foley Kidney Pills. and not a state of wealth or poverty, and this blessed state of mind is more easily attained when one has neither wealth nor poverty.

Let all who will do so, bow their heads this morning and join with the sinner in repeating the prayer of Agur, the son of Jakeh:
Give me neither poverty nor riches; Feed me with food convenient for me; Lest I be full and deny God, Or, lest I be poor and steal.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."
Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

SEVENTY-SEVEN YEARS OLD.
George W. Clough, Prentiss, Miss., who had suffered greatly with kidney trouble, writes: "Foley Kidney Pills are the only remedy that ever did me any good at all." Just think of the relief and comfort that means to him. Foley Kidney Pills are recommended for sleep disturbing bladder troubles, pain in sides or back, rheumatism, and kidney and bladder ailments.

Even men who say but little talk too much.

To the Housewife.
Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

Looking around us we see many persons in middle life struggling along with poor vision, who might be enjoying normal sight today if they had consulted a competent Optometrist and worn glasses when there was yet time to preserve the sight. A defect in the sight is not as a rule a disease of the eye, so often it is a condition which the proper glasses will not only relieve, but many times entirely cure, sight is restored, eyes are made strong, headaches disappear, the nervous strain is relieved and the eyes are saved perhaps from blindness. Learn to Read Your Own Meter

We wish to impress it on our customers that reading a meter is very simple and easy to learn, and we want to encourage everyone to read his own meter and "keep tabs" on us.

We have a number of booklets explaining meter reading in detail which we will be glad to furnish to all who will apply for them. We will also take pleasure in showing anyone how to read meters who will come to our office.

A new meter starts at zero and registers continuously and for this reason an error in reading automatically corrects itself. For illustration: suppose that you used exactly 20 kilowatt hours every month. In one year you would use 240 kilowatt hours and that is what the meter would show. If the meter started a zero January 1st, and the meter readings were taken on the first day of every month thereafter, correct readings would be as follows: Feb. 1st 20, March 1st 40, April 1st 60, May 1st 80, June 1st 100, July 1st 120, Aug. 1st 140, Sept. 1st 160, Oct. 1st 180, Nov. 1st 200, Dec. 1st 220, and Jan. 1st 240. In each case a difference of 20 kilowatt hours for which you would be billed. If the meter reader made a mistake, say Aug. 1st and read your meter 150 instead of 140, you would be billed for 30 kilowatt hours which would be ten too many, but when he went back to read it Sept. 1st he would read it 160 and you would only be billed for ten kilowatts, the difference between the two last readings.

You can thus see that you would lose nothing by the error. The above is used merely for explaining the principle which holds good for any amount of registration or any error in reading.
