## GAPING HOLES FOUND IN STERN OF SUBMARINE

### Big Hole Had Also Been Torn in Side Ill-Fated Boat

## NUMBER OF BODIES FOUND

### Most of the Bodies Found Entangled in the Debris Are in Fragments of Body of George Ashcroft, Gunner, Identified.

Honolulu, Aug. 31.—A number of bodies of the 22 men who went down in the submarine F-4 March 25, were found today entangled in the wreckage of the interior. One body was removed.

The finding of the bodies was announced by Rear Admiral C. J. Boush. A hole was ordered cut in the forward compartment of the submarine so far inaccessible.

Preparations have been made to embalm the bodies as soon as they are taken out. If permission is granted from Washington, the cruiser Maryland will take them to the United States.

After being raised from a depth of 300 feet, the F-4 was placed in dry dock yesterday. The pumping out of the drydock was completed last night and the F-4 lies on her starboard side in the drydock.

In addition to gaping holes in the stern of the submarine, a big hole has been torn in the forward part.

The investigating board has not decided whether the holes caused the loss of the vessel or whether they were torn during lifting operations.

One body, found in the forward compartment, was identified as that of George E. Ashcroft, of Los Angeles, gunner's mate.

Most of the bodies, entangled in the debris of the submarine, are in fragments.

### Weakness in all F Submarines.

Washington, Aug. 31.—Serious weaknesses common to all four of the submarines of the "F" type are pointed out in the report, made public today, of the board which made an investigation at Honolulu, immediately after the loss of the F-4 last March. So far as could be determined before the boat was raised, the board found that every possible precaution had been taken within the limitations of design, and the report pays tribute to the efficiency of the 22 men who lost their lives in the disaster.

## YEGGS GET \$900 IN POSTOFFICE HAUL

### Lillington Safe Blown and \$800 in Stamps and \$100 in Cash Is Stolen.

Lillington, Aug. 31.—Yeggmen paid a visit to the postoffice here last night, blew open the safe and got away with about \$800 worth of stamps and about \$100 in money. That safe-cracker had been around was evident to Postmaster J. E. Ligon the moment he opened the office this morning, for portions of the iron safe were scattered in different parts of the building, stamp drawers were wide open and the whole place gave evidence that it had been ransacked. The safe was literally shattered.

Several Lillington people heard the explosion, all agreeing that it took place between one and two o'clock this morning. But they took no special notice as blasting has been going on at the gravel pits near here and a dynamite explosion is nothing out of the ordinary.

The faint clue which may develop in the finding of the parties who cracked the safe lies in the fact that an automobile containing two men passed Kipling, the first station north of Lillington, last night at nine o'clock going towards Lillington. A car which seemed to be the same one was met between Kipling and Lillington at four o'clock this morning going towards Kipling. The man who saw the car this morning says that when it was some distance from him it stopped and one of its two occupants got out and extinguished the lights. The car, he said, then shot by him and after it had gone a little distance stopped, presumably to light up again, and then proceeded.

## CHARLOTTE BOY SHOT TO DEATH BY A FRIEND

### Arnold Prim Accidentally Killed Yesterday by Jack Gregory

## WERE ON A CAMPING TRIP

Charlotte, Aug. 31.—Arnold Prim, the 16-year-old son of Mr. and Mrs. J. A. Prim, of Seversville, western suburb of Charlotte, was shot and killed today between 12 and 1 o'clock, by Jack Gregory, also 16, the Prim boy being shot in the head, the ball piercing the eye and lodging in the brain. Death resulted in 10 or 15 minutes. The boys were members of a camping party at the river. The Prim boy had walked some distance up the river from the camp and was returning, coming in the direction of the tent which he and Gregory occupied.

Gregory was in the tent engaged in rifle practice through the front opening of the tent, the target being a tree some yards distant down the river. He was alone and there was no one in sight. He had fired several times. The river bank is sandy and the approach of any one cannot be heard. The Prim boy ran along the river bank and between the tent and young Gregory's target just in time to get the last bullet fired by Gregory. The ball struck him in the eye.

Death was practically instantaneous as he was unconscious from the moment he was shot. He breathed for about 10 minutes after he was shot. His body was brought to the city this afternoon. Young Prim was one of seven children. He was a boy of excellent character and was generally liked. His young friend by whose hand he met his death is from Union, S. C. His father is dead. His mother resides in Union. The boy came here six months ago and works for H. W. Bigelow. He has a good record and is trusted by his employer. The boys went to the river Monday morning in care of Livingston Rogerson. The latter returned to the city last night leaving them with Jay Alexander. The tragedy has cast a gloom over the western part of the city where the boys were best known.

## ATROCIOUS CRIME STIRS COUNTY OF ALLEGHANY

Charlotte, Aug. 31.—Account of one of the most atrocious crimes ever committed in Alleghany, one of the border counties, has just reached here. "Aunt Mary" Lawson, a white woman 80 years of age, disappeared from her home several days ago and her body, badly decomposed and her throat cut, was found Saturday hidden away under some hay in an old unused house, about two miles from her home.

A bloody knife, identified as the property of Jeter Joiner, a negro, was found near the body. Joiner was arrested and placed in the jail at Sparta pending a full investigation by the authorities. He maintains his innocence.

On account of the condition of the body it could not be shown that the old lady had been assaulted, but this crime is alleged and then murder committed to cover it up.

## BERLIN HINTS FATAL U-BOAT MAY BE LOST

Berlin, Aug. 31.—The German admiralty today advanced the suggestion that the submarine which may have torpedoed the steamer Arabic possibly had foundered. It was sunk by the British. A high admiralty official declared no official news on the sinking of the Arabic was as yet available. He added:

"Would it not be lamentable if the submarine should have been lost and we should never learn what happened? Soon after the Arabic sank I said we should in all probability have the details by the end of August, or early in September at least. Most of our boats which were on the west coast of England at the time have returned, but none so far knows anything about the Arabic.

"It probably will be possible within a very short time—I cannot say precisely how many days—to tell whether our apprehensions regarding the submarine are correct."

The official would not say whether one or more of the submarines in question still were out, nor how long any one vessel had been away from its base, but stated suggestively: "They seldom remain out longer than three weeks, and we usually get a report on any torpedoing operations in from eight to fourteen days. Rarely later than a fortnight after the occurrence."

## WILMINGTON MAN SHOT BY NEGRO EMPLOYEE, DIES

Wilmington, N. C., Aug. 31.—Leon B. Hudson, 20 years old, a salesman for the Mint Cola Bottling Works, was shot and killed this afternoon by Tom Merrick, a negro.

The shooting occurred at the plant where Hudson was employed. A single-barrel shotgun was used and Hudson died on the way to the hospital. The lead of shot took effect in his head. Merrick had his gun at the bottling works, being a frequent visitor there, and the shooting following a dispute with Hudson about a set of harness. He was ordered by Hudson to leave the plant and never return.

Going into the rear of the plant and securing his gun Merrick returned and shot Hudson. He then made his escape. The authorities are searching for him.

## MORE REGULARS ORDERED TO THE MEXICAN BORDER.

Washington, Aug. 31.—Two regiments of infantry and one of cavalry were ordered from Galveston tonight to reinforce American troops on the Mexican border, at the request of Major General Funston, commanding the border patrol.

## MILITIA USED TO GUARD KITTRELL POLICEMAN.

Henderson, Aug. 31.—The Henderson company of the North Carolina National Guard was called to Kittrell last night together with the sheriff of Vance county on account of threats made by negroes to avenge the killing of Sam Kittrell, a negro, by Policeman O. W. Duke, Saturday night.

The sheriff obtained permission from Governor Craig who is at Asheville to call out the militia and the company was taken to Kittrell last night. The soldiers returned to Henderson this morning leaving the sheriff and his deputies at Kittrell.

Duke killed the negro who was resisting arrest Saturday night. The policeman was brought to Henderson and held under a \$200 bond pending an investigation of the negro's death by the coroner. Negroes are said to have assembled in sections of Kittrell last night in a threatening manner toward the police. Reports from Kittrell today say all is quiet.

## PREPARES TO BATTLE IN THE WINTER

## STEADY ADVANCE OF GERMANS CONTINUES

### Are Closing In On Grodno From Three Points—Russians Partially Stop the Austro-German Pursuit.

Paris, Aug. 31, 2:45 p. m.—France is preparing for next winter's campaign. An official note issued here today describes a visit to the front by Alexandre Millerand, Minister of War. M. Millerand discussed measures necessary for the winter campaign with the commanders at various points, especially in the Vosges and Alsace.

### Withdrawal of Russians Rapid.

London, Aug. 31, 11:53 a. m.—The Russian armies along the upper Bug and the Zlota Lipa are being withdrawn rapidly and apparently without great loss, as neither Vienna nor Berlin claims any extensive captures of prisoners or booty.

In the center of the line due east of Warsaw the invaders continue to make steady progress, while further north they are advancing more slowly. The fall of Lipsk brings the attacking forces nearer Grodno, the last big fortress on the front retained by the Russians.

Along the western front the usual artillery fire and hand grenade warfare marks the operations. Constantinople again reports heavy fighting at the Dardanelles, but the allies are silent in regard to the military operations on the front.

### Italians Capture Alpine Summit.

In the Austro-Italian campaign Rome reports the capture of Cima Ciata, 6,500 feet high. This summit had commanded the Italian positions on Monte Salubis.

Rome also sends optimistic reports of the progress of the Entente powers in the diplomatic negotiations in the near east.

It is said Serbia's promises are satisfactory as far as they go on. Italian political circles express confidence that the Turco-Bulgarian railroad agreement does not affect Bulgarian neutrality.

## French Official Statement.

Paris, Aug. 31, 2:30 p. m.—The French war office statement this afternoon reads:

## NOT A JAP LEFT IN IN NAVY OF U. S.

### Every One Gone and Their Places are Filled by Filipinos.

The Japanese, for many years conspicuous in the American navy, has entirely disappeared.

His place as orderly, valet, mess attendant and cook, has been taken by the Filipino; in some cases by the negro.

This process of elimination by which the Japanese was to be forever eradicated as a factor of the navy was inaugurated several years ago and it has been moving forward quietly and steadily until today the last Jap has been weeded out of the service.

Not a ship of Admiral Fletcher's Atlantic fleet, not a ship of the Pacific and Asiatic fleets, not a ship in reserve carries the name of a Japanese on its pay roll and where the Jap formerly was employed a Filipino now draws the wages.

Long ago the powers that be at Washington realized the advantage of eliminating the Jap from the navy. It was discovered that the native of the flowery kingdom, hired as a menial, was making himself far more and it is conceded to be a fact that Japan's navy today is largely the result of the experience of her young naval officers who served as cooks and mess attendants in the American navy.

## GEN. SCOTT MAKES REPORT TO LANSING

Washington, Aug. 31.—The Pan-American peace appeal has been delivered to all military and political leaders in Mexico. Several leaders in remote sections have just been reached by courier, and to give them time for reply there probably will be no meeting of the Pan-American conference until next week.

General Carranza's reply still is lacking but it has been authoritatively declared that the conferees will proceed irrespective of his attitude.

Major General Scott, chief of staff of the army, conferred with Secretary Lansing today and reported the result of his conference with General Villa and other northern Mexicans. General Scott said Villa and his adherents were sincerely anxious for peace.

"General Villa," said General Scott, "is earnestly desirous for peace in Mexico, and he is willing to sacrifice any personal ambitions and to eliminate himself if necessary in order to bring it about."

The Plattsburg training camp failed to put in a first class news censor.

## OROZCO, FUGITIVE FROM U. S. KILLED

### Mexican Military Leader Is Killed in Fight With An American Posse

## JUMPED HEAVY BAIL HERE

### Former Madero Chief Was Arrested Recently With Gen. Huerta on Charge of Starting Revolution from American Soil.

El Paso, Tex., Aug. 31.—Government officials here tonight said they had received reports confirming earlier rumors that General Pascual Orozco, prominent Mexican military leader during the last five years, had been killed in a fight between Mexicans and an American posse.

Civilians, United States customs officers and members of the 13th United States cavalry participated in the battle, which, according to reports, was fought in the mountains in Culberson county, Texas. After a raid on the Dick Love ranch yesterday, Orozco and four companions were pursued from the Sierra Blanca county into the foothills. Orozco died at dusk tonight.

Official reports of the shooting said four Mexicans besides Orozco were killed.

According to reports the raiders, led by Orozco, arrived at Love's ranch, near Sierra Blanca, yesterday, and forced the cook to supply them with dinner.

While they were eating, Love and two cowboys were seen approaching. The Mexicans fled, pursued by Love and his men, who quickly collected a posse.

The running fight, which ended when the raiders were killed, continued until this evening.
