## DEATH OF MR. OSCAR STITH.

The Argus extends sympathy to Mrs. A. J. Fulghum and Mrs. B. M. Denmark in the death of their brother, Mr. Oscar E. Stith, which occurred yesterday at Pikeville, the cause of which was pneumonia.

Besides his sisters deceased is survived by a wife and several children, also several brothers. He had for a number of years been a resident of Pikeville, where he was engaged as a farmer. He was about 60 years of age. The funeral was held this afternoon at Pikeville, several going from this city on the noon train, and the interment was made there.

## GREATEST BUDGET BEFORE ENGLISH COMMONS

Chancellor of Exchequer McKenna Estimates British Annual Debt at 11 Billion

## TARIFF FLAG REPLACES FREE TRADE BANNER

Chamberlain's Principles Rule as Measure Is Introduced by Radical Leader—Sweeping Increase in Taxation Needed For War

London, Sept. 21.—The greatest war budget in the world's history was introduced in the House of Commons today by Reginald McKenna, Chancellor of the Exchequer, as another step toward financing the war, which is costing Great Britain nearly \$25,000,000 daily.

New military requirements and changed methods of warfare have created over night additional expenditures which had not been reckoned with even in the comparatively recent estimates of David Lloyd George, the munition minister, necessitating in this budget the third since the outbreak of hostilities, the most drastic and far reaching taxes in the history of the country, and involving even free trade.

Hereafter automobiles, bicycles, moving picture films, clocks, watches, musical instruments, plate glass and hats will pay a tax of 33 1/3 per cent ad valorem, though, as Mr. McKenna explained, the objects of such taxation are "purely temporary and without regard to a permanent effect on trade," being primarily designed to discourage imports and remedy the foreign exchange situation.

Spirits and beer which have been the subject of so much agitation remained untouched by the new schedule. The principal blow fell on incomes, the existing tax on incomes not only being jumped forty per cent but its scope widened so as to catch even workmen earning as little as \$14 weekly. The very wealthy must contribute to the government more than one-third of their revenue. The one cent mail will be abolished entirely and the weight heretofore carried in the mails for two cents will be reduced. The rate on telegrams is twelve cents for twelve words is increased to eighteen cents, and there is also to be a proportionate increase in telephone messages.

The sugar tax, though largely increased, will mean only an extra penny per pound burden for the general public, for the sale of all sugar is now regulated by the royal commission, which will reduce the price to refiners and dealers.

General debate on the budget is yet to be held, but it was apparent that Mr. McKenna's suggestions were received by a virtually unanimous house. The Chancellor said incidentally that he would have occasion to call on the country for another war loan.

## SECOND BAPTIST REVIVAL

GROWING IN INTEREST DAILY AND MUCH GOOD IS BEING ACCOMPLISHED.

The revival meetings being held in the Second Baptist church are growing in interest and attendance. The following is a synopsis of Monday evening's sermon by Rev. Mr. Wheeler:

Text Ps. 142:4, "No Man Cared for my Soul." Because of the lack of interest manifested in him the Psalmist during the perplexities and trials of his life cried out of the anguish of his soul "No man cared for my soul", or as the unoriginal reference has it "No Man Sought After my soul." Have not the lost souls about us the right to feel as David did? Have we as Christians any concern whatsoever about the lost condition of men? Do we care for the souls of the lost? Do we seek to find the lost and bring them to Jesus. At the judgment bar of God I expect to hear those who are banished from the presence of God cry out "No man cared for my soul." Our soul staggers within us as we observe the indifference and unconcernedness of the christian church in the dying souls of men.

Sinner here tonight, you may feel that those who profess allegiance to Christ have no interest in you, and you may have just cause for such a feeling. But listen, I know there are some who are interested in your souls.

God the Father is interested, for He is calling you to repentance. Ezk. 33:11: "I have no pleasure in the death of the wicked, but that the wicked turn from his wicked way and live. Turn ye; turn ye, from your evil way, for why will ye die?"

Jesus Christ the Son of God is concerned about your souls. He is calling you to turn from sin unto Himself. Matt. 11:28: "Come unto Me all ye that labor and are heavy laden and I will give you rest." His death on the cross is the greatest manifestation of His interest.

The Holy Spirit is interested. Rev. 22:17: "The Spirit says come." He called about three thousand at Pentecost, and has been calling men ever since. He calls you tonight. He is interested in your soul.

The redeemed church is interested. The visible church as a whole may not be, but the church that has been purchased by the blood of Christ—the conquering—triumphant church which will one day sweep into glory is interested in your soul, and thus calls on you to come to Jesus. Rev. 22:17: "And the bride says come," and the bride is the living church of God.

The lost in hell are interested in your souls. The rich man, when he found that no comfort could be given him asked that a messenger be sent from heaven to warn his brethren to flee the wrath to come. If your father is in hell tonight, he's interested. If mother is in hell, she's interested. If son, daughter, brother, sister, they are interested.

The redeemed in heaven are interested. Jesus said there is joy in the presence of the angels of God over one sinner that repenteth. If the redeemed in heaven rejoice when our soul turns to God and salvation, then surely, they are interested in your soul. If father is there he is interested. If mother, she is interested. Brother, sister, son, daughter, they are interested.

Will you not hear these voices calling you to salvation tonight, and turn to Christ and live? The Father, the Son, the Spirit, the Bride, the redeemed church, the lost in hell, and the redeemed in heaven are interested in your souls. Will you come to Christ and salvation?

Several responded to the invitation and gave themselves to Christ.

Last night Mr. Wheeler preached from Amos 4:12: "Prepare to meet Thy God."

He first gave proofs for the existence of a God. Then he told the people that this God was a great God, a Holy God, and a God of love. Next he said all must meet this God. And also that it is a greater thing to meet this God than it is to meet anything that comes to us in this life. Then he asked the question, Are you ready to meet God? If not prepare now to meet Thy God. We make preparations to enter social, political and various other kinds of life, but are we preparing to meet God. This is the one essential. Trust Jesus tonight and be ready when the summons shall come to you, to meet God in peace.

Mr. Wheeler will preach tonight on the subject, "The Second Coming of Christ." All are invited.

## TIMES GOOD IN GERMANY DESPITE YEAR OF WAR

Rigid Organization and Discipline Given as Cause; \$2,250,000 Raised in Loans Since Struggle Began.

Washington, Sept. 21.—Economic conditions in Germany after one year of war are described in a report compiled by the American Association of Trade and Commerce in Berlin and received today at the bureau of foreign and domestic commerce. It says the financial record has shown "the results of rigid organization and discipline," and draws particular attention to the fact that Germany has raised \$2,250,000,000 in war loans, and the Imperial Reichbank has accumulated a gold reserve of \$600,000,000.

"The change of the entire economic activity from its peace conformation to one of war," says the report, "has, with the aid of the Reichbank taken place rapidly and thoroughly. The establishment of the official loan banks and credit institutions has provided credit accommodation in abundant measure. It is significant that in the past year, when Germany was not only in a military but also in an economic sense confronted with superiority of hostile forces, the issue of industrial securities did not come to a stop. Besides the official new corporations, quite a number of new corporations having no war connection have been established. Many existing concerns have increased their capital stock.

"From the outbreak of the war, up to August 1, 1915, altogether, \$125,000,000 have been invested in new and existing industrial undertakings, as against new issues of \$250,000,000 in 1913. During the month of July, 1915, \$10,000,000 were invested in industrial undertakings.

"This result is overshadowed by the amounts reached in the subscription for the war loans, as after seven weeks of war \$1,125,000,000 were paid in and after nine war months \$2,250,000,000 had been paid.

"The enlarged field of the Reichbank activity was followed by a healthy strengthening of the gold cover, and at the end of the war year the gold cover reached \$600,000,000 as against \$312,000,000 on July 31, 1914."
