It is a sad commentary on war that even a hero has to be disinfected now and then.

The Serbs are fortunate in having mountains to take to, mountains being even better than tall timber.

For a man who has been a long time dead, Confucius continues to exert astonishing influence in China.

The Gallipoli campaign of the allies has kept the Turks' attention centered on one point, but has accomplished nothing more.

If reports being circulated in Constantinople are to be credited, there is nothing left of the Russians but their "rush."

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padghan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

General Carranza seems to think that he can get acquainted with European governments without Uncle Sam's introduction.

OUR JITNEY OFFER—This and 5c. Don't miss this, cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills, and Foley Cathartic Tablets. Sold everywhere.

No member of the crew of the ill-fated submarine F-4 is blamed for the disaster that overtook that vessel, but the dead engineer of a locomotive is seldom absolved from blame.

Went to the Hospital.

C. E. Blanchard, postmaster, Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills completely cured me." Men and women testify they banish lame back, stiff joints, sore muscles and sleep disturbing bladder ailments. Sold everywhere.

Fate plays queer tricks. There's "Pancho" Villa, who was beginning to think himself an adopted son of Uncle Sam, warned that he will be treated as an outlaw if he enters American territory.

Locating the Trouble.

When one is suffering from headache, rheumatism, lumbago, biliousness, sharp pains, sore muscles, and stiff joints it is not always easy to locate the source of trouble, but nine times out of ten it can be traced to overworked, weakened or diseased kidneys. Foley Kidney Pills have benefited thousands of sufferers. Sold everywhere.

Cheaper Than Home-Made.

You cannot make a good cough medicine at home for as little as you pay for Foley's Honey and Tar, nor can you be sure of getting the fresh, full strength, clean and pure materials. Did you ever hear of a home-made cough medicine doing the work that Foley's is doing every day all over the country? Sold everywhere.

It is reported that Louisville, Ky., has gained 13,000 in population since 1910, but the number of colonels in Louisville continues much the same from year to year. There are always enough colonels on probation, so to speak, to take the places of those who die.

Made Over Again.

Mrs. Jennie Miner, Davidson, Ind., writes: "I can truthfully say Foley Cathartic Tablets are the best I ever used. They are so mild in action. I feel like I had been made over again." They keep stomach sweet, liver active and bowels regular. They banish constipation, indigestion, biliousness, sick headache. Sold everywhere.

PERTINENT ADVICE.

The Journal of the American Medical Association, one of the most interesting and informative publications issued in this country, offers some timely advice to the patrons of moving picture theatres. As nearly everybody goes to see a motion picture occasionally and a large part of the population are regular patrons of this class of amusement, the consequent eye strain is apt to cause serious injury, if the eyes are not protected. However, it is possible to be a confirmed "movie fan" and experience no bad effects if the proper precautions are taken.

"The great majority of those who suffer from eye strain after watching moving pictures," says the Journal, "can find much, if not complete relief, in perfectly fitted glasses. The picture may not be quite so sharp, but this is more than compensated for by the increased comfort. For those with very sensitive eyes, a colored glass, either amber, yellowish green or amethyst, may be necessary to give complete relief. There have been put on the market recently several varieties of colored glass, each of which has some advantages so that some suitable color can usually be secured."

Referring to theatre lighting, this authority says: "A subdued light in the theatre is much less irritating than when the only light visible comes from the screen. It is also advisable to avoid sitting in a place where it is necessary to look upward, as the additional strain becomes very tiresome and leaves a headache."

For a time there was much discussion of the evil effects on the eyes following constant attendance at moving picture shows and a great many people with defective eyes have been unduly alarmed. It is gratifying to know that simple precautions will obviate all discomfort and will not interfere with one's enjoyment of motion pictures. The film makers have not only provided entertainment of the most elaborate sort but many of the subjects they present nowadays are highly educative and of the class that one wishes to keep in touch with the times cannot afford to miss.

Cured Boy of Croup.

Nothing frightens a mother more than the loud, horse cough of croup. Labored breathing, strangling, choking and gasping for breath demand instant action. Mrs. T. Neureuer, Eau Claire, Wis., says: "Foley's Honey and Tar cured my boy of croup after other remedies failed." Recommended for coughs and colds. Sold everywhere.

A picture of "Old Hickory" is offered for sale at \$150. He was a great man, but lacked the pulchritude of "September morn."

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elda, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

European diplomacy may be as clear as mud, but the average layman would rather tackle it than an argument about theology.

Queen or Vary Maid Ambition the Same

In the expectant mother's mind there is no limit to what the future has in store, and yet during the period of expectancy, much depends upon the physical comfort of the mother. One of the best aids is a remedy known as "Mother's Friend." Applied over the muscles, it penetrates to the network of nerves, relieves the pains incident to stretching of cords and ligaments, makes them pliant, induces daily comfort, restful nights, a calm mind and pleasant anticipation. You use it with your own hand, apply it as needed, and at once feel a sense of relief.

Mothers who have learned all this from experience tell of the blessed relief from morning sickness, the absence of strain and the undisturbed healthful influence imparted to the coming baby.

One very important fact to remember about "Mother's Friend," it can not exercise any other influence than to simply lubricate the parts, make them more firm to naturally withstand the constantly increasing pressure. And as the muscles continue to expand, the nerves become accustomed to this new condition and adjust themselves without undue pain. "Mother's Friend" is entirely free of any drug influence whatsoever and may be used freely at all times.

Get a bottle of this splendid help today. Phone your nearest druggist or send for it. Then write Bradford Regulator Co., 704 LeMay Bldg., Atlanta, Ga., for a valuable book of instruction for expectant mothers. "Mother's Friend" is recommended everywhere by women who have used it. And you can read some very interesting letters if you write for this book.

Removing the Cause of Much Sickness

The advantage in taking Foley Cathartic Tablets is that in addition to carrying off the entire congested mass without griping or nausea, they thoroughly cleanse the walls of the intestines and keep them free of all clogging matter.

It is this caking on the walls of the intestines that prevents their natural action and function, and is the direct cause of so much of the sickness and misery that makes constipation the curse of our present day.

For it is constipation that is responsible for a large share of headaches, depressed feelings, and many other serious bodily ills.

W. A. McRae, an elderly gentleman living at Raleigh, Ga., writes: "Foley Cathartic Tablets are the only ones I have ever taken that cleanse my system thoroughly and do not gripe or hurt me at all. They are entirely satisfactory and wonderfully different and more pleasant than anything I have ever used."

DON'T RUB THE SPOT THAT HURTS--IT'S RHEUMATISM

You cannot rub out Rheumatism. You can get temporary relief, but the blood must be cleansed to make it permanent.

It is natural to rub the spot that hurts when the stabbing pains are causing agony, when joints and muscles are sore and stiff; that is the time when liniments and plasters are called upon to relieve the distress. The fallacy of such treatments and its danger lies in the fact that it may afford temporary relief, it lulls the victim into a sense of security, meanwhile the insidious poison of Uric Acid slowly, but surely, is getting a stronger grip upon the entire system. Rheumatism is one of the most dangerous of blood diseases, for the reason that it transforms its victims' life into a period of misery and suffering—a veritable living torment. If you suffer from Acute Rheumatism, Sciatica, Lumbago, Muscular Rheumatism or this fateful trouble in any form, you know that these words are true. There is only one way to get permanent relief from Rheumatism. Too much acid in the blood is one cause, stomach troubles, indigestion, weak kidneys, constipation are

other causes; but from whatever source the poisonous matter comes it affects the blood, is carried through the entire system until muscles, tendons, and the vital organs themselves are diseased. Furthermore, certain secret diseases cause forms of Rheumatism. There is no time like the present to free yourself from the suffering caused by this dreadful malady. As a positive relief for Rheumatic troubles, S. S. S. has never been equalled. It goes straight to the seat of trouble, gently acts upon the blood, tones up and re-vitalizes—literally filters out from the life-giving stream all poisonous acids and matter. When S. S. S. has restored the blood to its natural condition Rheumatism, with all of its attendant suffering and pains, is likewise banished. You are transformed once more to the realm of perfect health, you will feel the vigor of renewed youth, you are well. If you are Rheumatic, even in a mild way, take S. S. S.—get it from your druggist. We will deem it a favor if you will write to us and tell us about your particular case. Avoid substitutes.
