It's about time for government authorities to unearth another "Teuton conspiracy."

President Yuan of China now has 16 sons, but he's in a position to give them all a job.

Realizing that George has his limitations, the Britons have decided to "let Kitchener do it."

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padghan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

The Duke of Manchester is said to owe \$1,000,000. He probably declared a moratorium long ago.

OUR JITNEY OFFER—This and 5c.

Don't miss this, cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. The Britons concede that Americans feel unkindly toward them for interfering with American commerce. That's something, anyway.

Went to the Hospital.

C. E. Blanchard, postmaster, Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills completely cured me." Men and women testify they banish lame back, stiff joints, sore muscles and sleep disturbing bladder ailments. Sold everywhere.

The Statue of Liberty will not be profaned with a coat of gilt paint. Esthetes who resorted to smelling salts when the idea was first suggested have fully recovered.

Locating the Trouble.

When one is suffering from bacache, rheumatism, lumbago, biliousness, sharp pains, sore muscles, and stiff joints it is not always easy to locate the source of trouble, but nine times out of ten it can be traced to overworked, weakened or diseased kidneys. Foley Kidney Pills have benefited thousands of sufferers. Sold everywhere.

Cheaper Than Home-Made.

You cannot make a good cough medicine at home for as little as you pay for Foley's Honey and Tar, nor can you be sure of getting the fresh, full strength, clean and pure materials. Did you ever hear of a home-made cough medicine doing the work that Foley's is doing every day all over the country? Sold everywhere.

The Japs do not believe in shaking hands, says Homer Croy. However, they waste a lot of valuable time inquiring about the ancestors of every other Jap they meet.

Made Over Again.

Mrs. Jennie Miner, Davidson, Ind., writes: "I can truthfully say Foley Cathartic Tablets are the best I ever used. They are so mild in action, I feel like I had been made over again." They keep stomach sweet, liver active and bowels regular. They banish constipation, indigestion, biliousness, sick headache. Sold everywhere.

The Tammany tiger is now so pleased with the political situation in New York that he's purring like a well-fed kitten.

Beware of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.

PETER A. B. WIDENER.

Peter A. B. Widener, who died recently in Philadelphia, was one of the most widely known capitalists in the country. He was an art connoisseur and philanthropist. Mr. Widener was a conspicuous example of the self-made man, having risen from obscurity to financial power. He kept "in harness" until only a few months before his death, when increasing weakness compelled him to retire. He was 81 years old.

Some of the most notable monuments to Mr. Widener are the Widener Memorial school, a home for crippled children, which is considered the best institution of its kind in the world; the Widener building, the Land Title building, the Ritz-Carlton hotel and the Widener Memorial library.

Mr. Widener devoted most of his attention to the promotion of country-wide traction interests and at the time of his death controlled many of these companies. His son and grandson were victims of the Titanic disaster, a blow from which he never fully recovered.

The Widener home, "Lynwood Hall," is one of the chief show places in the country. It has an art gallery filled with rare paintings, among them the famous painting, "The Mill," valued at \$100,000. The collection contains the works of all the world's representative artists.

Rheumatism and Allied Pains—They Must Go!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man oh woman" who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope. Why suffer. Get a bottle of Sloan's. 25c. and 50c. \$1.00 bottle holds six times as much as 25c. size.

The French people chafe under a rigid censorship and have no alternative to take the edge off their resentment.

Cured Boy of Croup.

Nothing frightens a mother more than the loud, hoarse cough of croup. Labored breathing, strangling, choking and gasping for breath demand instant action. Mrs. T. Neureuer, Eau Claire, Wis., says: "Foley's Honey and Tar cured my boy of croup after other remedies failed." Recommended for coughs and colds. Sold everywhere.

New York's latest factory holocaust will arouse intense indignation and be forgotten in a week.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

PROSECUTION OF TIGERS IN FAYETTEVILLE ENDS.

Acting Solicitor "Washes His Hands of the Job," Saying It Looks Like Fayetteville Wants Tigers.

Fayetteville, Nov. 16.—A nol procs was taken in each case against 10 defendants charged with selling beer and whisky in the recorder's court here today at the request of H. L. Brothers, acting solicitor, after Solicitor A. B. Breese had refused to further prosecute the cases on account of a mistrial in the first case and a verdict of not guilty in another. The prosecution was recently instituted by the city against certain women and one or two men upon evidence secured by a detective from Chatham county, and as the evidence of this young man alone was that upon which the prosecution relied, Solicitor Breese gave that as his reason in refusing to further prosecute the case, adding that he saw no obligation on his part to further incur expense to the county. Mayor John S. Gibbs and Attorney Brothers objected to the court permitting nol procs to be taken at that time, and as they agreed to take charge of the cases Judge Henry L. Cook overruled the solicitor's motion.

In washing his hands of the job today Mr. Brothers said that it was evident to him that "Fayetteville wanted blind tigers, and as far as he was concerned it could have them even if to the extent that whisky flowed in the streets knee deep."

Queen or Dairy Maid Ambition the Same

In the expectant mother's mind there is no limit to what the future has in store, and yet during the period of expectancy, much depends upon the physical comfort of the mother. One of the best aids is a remedy known as "Mother's Friend." Applied over the muscles, it penetrates to the network of nerves, relieves the pains incident to stretching of cords and ligaments, makes them pliant, induces daily comfort, restful nights, a calm mind and pleasant anticipation. You use it with your own hand, apply it as needed, and at once feel a sense of relief.

Mothers who have learned all this from experience tell of the blessed relief from morning sickness, the absence of strain and the undoubted healthful influence imparted to the coming baby.
