WELL, DON McNEILL'S popular "Breakfast Club" is on television . . . We can't help but be a bit disappointed by the results . . . For years, the attraction of the radio show seemed

McNEILL

to lie in the illusion it managed to build in a listener's mind . . . For that reason it was only natural to assume that here was a show that would be better on TV because it was visual and would satisfy the curiosity of fans . . . But the marching, the interviews, the impromptu acts seemed to suffer before the cameras . . .

We're sure that with just a few deft strokes in the right direction the show will become as popular on TV as it was in radio . . . Certainly it's good, clean, homespun material in the best of taste, but it needs a little more Cowling and is sadly missing wonderful Aunt Fanny . . . Don is still stiff and unsure of himself but will undoubtedly grow with the show . . . The one outstanding performer was Johnny Desmond, possibly because he is a television veteran by now . . . Patsy Lee is pretty and talented but looks uncomfortable, too.

Comic Frank Fontaine, discovered by Jack Benny last season, now is being wooed by both NBC and CBS for his own show . . . Al Jolson was the first big-name showbiz personality to tour the Korea area to entertain troops . . . Many others will follow shortly, among them Bob Hope and possibly Curt Massey and his CBS musical show . . . Ann Southern has signed to do 26 more "Maise" air shows . . . Willard Waterman, the new "Great Gildersleeve," turned down the role of Walt in "Gasoline Alley."

North Carolina's apple crop this year is estimated at 1,184,000 bushels, 21 per cent greater than average, and 164 per cent larger than the short apple crop of 1949. The nation's crop is expected to be 11 per cent below the 1949 crop.

A deficit in the supply of Grade A milk in North Carolina is making milk imports necessary this fall. Dairy authorities say the reason for the deficit may be adverse weather conditions for pastures and increased demand.

These days you can't tell from the price tag how much quality a car holds. Ford, for example, is still priced with the lowest . . . yet in other respects it's in the fine car class. Take its styling, for example; for two years in a row Ford has been the recognized fashion leader.

Like America's finest cars Ford offers you a V-8 engine. No other low-priced car does. Nor does any other car at any price offer you a choice of V-8 or Six engines. And remember, Ford's V-8 costs hundreds less than most sixes—Ford's Six costs even less.
