

Blueprints Are Available Through Your Local Lumber Dealer, Who May Order Them From National Planning Service, Inc.

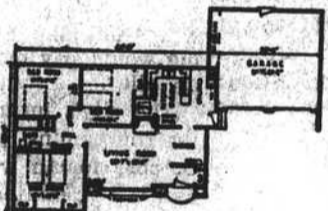

R-101 Four rooms, plus, makes this a real home!

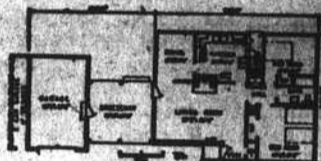

The introduction of stone and change in roof design affords two choices of exterior for this four room home. Planned for the possible addition of an extra bedroom, this ranch type home has a large living room with dining alcove, plus two spacious bedrooms. Snack space in the kitchen gives added efficiency.

R-103 Modern, yet colonial too!

This five room colonial type ranch home features three large bedrooms. Note the large picture window, natural fireplace, roomy dining area with ample closet space and unusual flower boxes.

R-104 A Home for spacious living!

This lovely five room home features a wide breezeway between house and one or two car garage. Trellis separates dining area from living room. Natural fireplace, excellent storage space.
