

**NOTICE SPECIAL ELECTION IN JONES COUNTY AS TO LIQUOR CONTROL STORES**

Notice is hereby given that a Petition has been presented to the Jones County Board of Elections requesting that a special election be held in Jones County on the question of setting up and operating in said County a liquor control store or stores as provided in General Statutes 18-51, and said Petition having been found to contain at least fifteen (15) per centum of the registered voters in Jones County that voted in the last election for Governor, as required by said statute.

NOW, THEREFORE, notice is hereby given that said special liquor election will be held in Jones County on October 19, 1957. A new registration of voters is not required but registration books will be open on September 21, September 28 and October 5. October 12th is set as challenge day.

This the 22nd day of August, 1957.

**QUESTION:** Is chemical treatment for small grain really worth the trouble?

**ANSWER:** Undoubtedly. It prevents stinking smut of wheat, loose and covered smut of oats, covered and black smut of barley, and the seed-borne strip disease of barley. Treatment also helps to minimize losses from scab of wheat, oats,

rye and barley. But chemical seed treatment will not control brown loose smut of barley and loose smut of wheat.
