Six civil actions have been filed in the past week in Jones County Superior Court, including two divorce actions.

Cecil Moore of Jones County has filed suit against Robert J. Collier, trading as the Collier Nash Sales of Wayne County in which Moore seeks to recover \$2,350 from Collier for a vehicle allegedly destroyed by Collier that belonged to Moore.

After 37 years William H. McCarter has decided that the separation between himself and his wife Lina Moore McCarter is permanent and he has asked the court to grant him a divorce on the grounds of two years separation.

A much briefer separation between Carl Edward Jones and Virginia Faye Albert Jones is also the basis for a divorce request.

Rural ministers, laymen and laywomen will be seeking a clearer picture of the church's role in the rural community at a special convocation at State College, Aug. 9-11.

The gathering will be known as the North Carolina Rural Church Convocation. All church leaders interested in problems and opportunities offered by rural communities are invited to attend and participate.

Participants will do three things: first, they will study changes taking place in rural communities; secondly, they will see what services public agencies offer; and thirdly, they will discuss ways in which they might face the challenges of tomorrow's rural com-

munity. The convocation will be sponsored by the Rural Church Committee, North Carolina Council of Churches; and the School of Agriculture, N. C. State College.

Be Alive on the 5th

Area traffic officials urge everyone to drive with care on the 4th so they may be alive on the 5th. Last year 10 North Carolinians were killed on the 4th of July holiday weekend and this year the Highway Patrol is going all out to curb the kind of driving that leads to a majority of all highway deaths. Speeding and violation of traffic control signals are the two big killers.

Kennedy Home to Hold Homecoming

All former residents of the Kennedy Home, Kinston, have been invited back to the annual Homecoming set for July 2-3.

The invitation came this week from James M. McKee of Winston-Salem, alumni president. Festivities are scheduled to begin Saturday afternoon, according to McKee. He urged all who can to make reservations with Supt. W. A. Smith, and stressed the necessity for any overnight guests to make advance reservation.

Kennedy Home alumni have traditionally met on the first weekend in July. They are an organized group with a slate of officers elected annually.

Kennedy Home, first opened in 1912, is one of three child care institutions operated by North Carolina Baptists. It presently has in its care 165 children. The institution includes a 1,200 acre farm,

Jones County voters went down swinging with the wrong men Saturday in the 2nd primary that chose the Democratic nominees for governor and third district congressman.

Loser Beverly Lake in the governor race got 1257 Jones County votes while winner Terry Sanford collected 1007 votes in the county.

Loser Jimmy Simpkins of New Bern carried every precinct but one in Jones County while losing his fight against David Henderson of Wallace in the district as a whole. Simpkins got 1462 votes and Henderson 790 votes in Jones County.

Sanford carried three of the eight precincts in Jones County: Trenton and Pollocksville where the bulk of the county's negro voters are registered, and Tuckahoe Township where the weight of the Hargett Clan behind Sanford pushed the Fayetteville lawyer ahead.

The vote surprised most of those who pretend to know much about the political affairs of Jones County by its size. Few had expected anything near a 2,000-vote, but when the day was over 2,264 voters had cast their lot, which was more than the 2,240 who had voted in the first primary.

Two Greene County Men Drowned While On Fishing Trip

Robert Leroy Suggs III, and Ernest "Jobbie" Hill, a negro tenant on the Suggs farm, were drowned last Wednesday while on a fishing trip near New Bern.

The bodies of the two Greene County men were recovered Thursday and their rented boat was found capsized. Authorities assumed that the men drowned in a fit of panic when their boat was

a snake.

Over the weekend she and Frances Aulich, niece of Mrs. Brock, were returning home after visiting a friend. A truck had run across a small snake, later found to be a copperhead, and Miss Dekker made the mistake of walking too close to the injured snake.

She was carried to Parrott Memorial Hospital in Kinston where Dr. Glenn Tyndall said she was mighty lucky. The snake had apparently in its pain and anger from being run over discharged practically all its poison and had so little left when it bit Miss Dekker that anti-snakebite serum was not felt necessary.

Miss Dekker and Miss Aulich are both "Navy Children" (their fathers are test pilots at Patuxent River Air Station).

Miss Dekker said she has lived in Oregon, California, Texas, Florida, Hawaii, Guam, Midway Island and Maryland and had to come all the way to Trenton to get
