Maysville Pastor's Third Anniversary Observed in Special Service and Supper

By way of appreciation for his leadership, on Sunday August 7th the Memorial Baptist church celebrated the third anniversary of the coming of its present pastor, Dr. A. E. Thompson.

Although the congregation has not accomplished all for which they are striving, their progress has been tremendous.

There have been 109 additions to its membership, 77 by way of baptism and 32 by transfer of membership.

The sanctuary has been completed, equipped and dedicated.

A \$3,000 Hammond organ has been purchased and numerous other things have been accomplished.

Three revivals have been conducted; also nine study courses.

The Family Night Plan, conducted the first and third Wednesday evenings each month at which time the auxiliaries, WMS Circles, Brotherhood, committees and the Midweek Prayer Service are held has been installed and has proven most helpful.

With all of its additions and accomplishments, today the church is

Saturday Benefit

Maysville community is sponsoring a barbecue-chicken stew sale Saturday Aug. 13 from 11:30 through 7 at the community building. Plates will be one dollar each.

Land Transfers

Real estate transfers recorded in the past week in the office of Jones County Register of Deeds Mrs. D. W. Koonce included the following:

From Wayne Cumbo to Gilbert S. Cook .5 acre in Trenton Township.

From Mrs. J. E. Cheston to C. W. Cheston 2.76 acres in Chinquapin Township.

From Council B. Cauley to R. T. Johnson 26.3 acres in White Oak Township.

From Leon F. Simmons to Dwight L. Waters .96 acre in Trenton Township.

debt free.

Following service, a dinner was held at the community building.

Fall-Out Shelter With Other Uses is Unveiled Wednesday

Civil Defense officials from national, area and state headquarters gathered in Kinston Wednesday morning for the unveiling of a "Family Fallout Shelter", which is described as the first multi-purpose fall out shelter in the nation.

The shelter, which has been named "The Peace Shelter", is designed to permit daylight inside while still offering the 100-to-1 ratio of protection from radiation that is a basic requisite of all such protective shelters. Its design has been approved by the Office of Civil Defense.

The 16-by-16 foot shelter has a heavily reinforced roof, its walls are of 16-inch solid masonry that is cured under 40 pounds per square inch pressure.

The windows are built tank style and give a 36-inch thick wall of water protection, making possible the use of daylight which has not previously been incorporated in fall out shelter design.

Radiologist Dr. Simmons Patrick tested the building late Tuesday for its radioactivity resistance and found that the 16-inch wall gave roughly the same protection as a 3-inch wall of solid lead, and that

Best Nematode Control Work Begins in August

By J. R. Franck
Jones County Agent

With so much hard work left to do on the 1960 Tobacco Crop it may seem mighty early to be thinking about the 1961, 1962, or 1963 crop. However the success of those crops can be largely determined by practices carried out as soon as the 1960 crop is harvested.

As soon as harvest is complete two things should be done immediately. First tobacco roots should be examined to determine the number of nematodes present in the field. Secondly the roots should be plowed out and exposed to the sun.

The root examination should be made in a systematic manner similar to taking a soil sample. Roots from all areas in the field should be checked to get a true picture.

A good system for determining nematodes infestation through root examination has been devised by F. A. Tood, Extension Tobacco Disease Specialist of State College. Farmers interested in this system can get a copy from their County Agents Office.

This system at the present is the best means by which a farmer can determine whether it will pay him to fumigate when tobacco is next grown in the field. It is hoped that some day the need for soil fumigation can be determined by a soil sample but as yet such a service is not available.

Turning the roots up to the sun can greatly cut down on the nema-

Two Jones Arrests

Only two arrests in Jones County have been reported for the past week. Lee Morris Jr. of Pollocksville was booked Sunday for drunken driving and Henry Moore, also of Pollocksville was booked Saturday on a charge of public drunkenness.

Capt. Elbert Nye Ends 'Copter' Course

Capt. Elbert C. Nye, whose wife, Lois, lives in Pollocksville, completed the ten-week officer rotary-wing qualification course at The Primary Helicopter School, Camp Wolters, Tex., July 28.

The course is designed to train Army aviators in helicopter flying techniques and the employment of rotary-wing aircraft for observation missions.

He entered the Army in 1951 and was last stationed at Fort Rucker, Ala.

The 31-year-old officer, son of Mrs. Emma M. Ambrose, Route 1, Watha, is a 1947 graduate of Central High School in Charlotte and a 1951 graduate of Morehead City Technical Institute.

todes numbers. The sun and wind will kill many of the nematodes in the tobacco roots and reproduction is practically stopped whereas it will continue until frost if the stalks are left standing.

Sixth Annual North Carolina Market Hog Show August 17th In Kinston; 1st Not In Raleigh

The Sixth Annual N. C. Market Hog Show and Sale will be held in the Lenoir County Livestock Development Association Building August 16 and 17. This is the first year that this meat type educational hog show will be held away from Raleigh, and in the following four years it will be conducted in the Eastern Carolina Counties of New Hanover, Wayne, Pitt, and Nash-Edgecombe.

The exhibitors entering hogs in the show will start arriving at 8 a. m. August 16 and animals will be accepted until 6 p. m. The show, sponsoring a junior and adult division, will start with the Junior Division at 7:30 a. m. August 17, followed by the Adult Division show until completed and the Grand Champion Individual and Grand Champion Pen have been selected.

This show is open to commercial and purebred breeders and will bring the top market hogs in North Carolina to Lenoir County for exhibit and sale.

A trophy will be presented to the

Champion Pen and Champion Individual. These trophies are being presented by Ben Davis, Jr. Trucking Co. and Frosty Morn Meats, Inc.

Animals eligible for the show must weigh between 180-240 lbs. with the lightweight animals being those that weigh from 180-210 lbs. and the heavyweights weighing from 211-240 lbs. Each exhibitor is eligible to enter a maximum of 18 head. These are classified as 2 individuals, 2 pens of 3 animals each and 2 pens of 5 animals each.

Judges for this event will be R. M. Godsey of V.P.I., and Leo Martin of Swift and Co.

Officers for the 1960 event are L. B. Outlaw, Jr. of Kinston—President, A. R. Parker, Macclesfield—Vice President, Jack Kelley, Raleigh—Secretary, and Art Pitzer, Raleigh—Treasurer.

The two day event will conclude with a sale of the Grand Champions, Breed Champions, and all other hogs at 7:30 p. m. August 17. The public is invited and encouraged to attend this event.

HYANNIS PORT CONFERENCE—Sen. John Kennedy, Democratic nominee for president, confers with Adlai Stevenson at Kennedy's home at Hyannis Port, Mass. Stevenson has been mentioned as possible secretary of state in the event of a Democratic victory.

CAMPAIGN STRATEGISTS—The men at the top of the Republican slate this year hold a campaign strategy meeting. Vice President Richard Nixon and Ambassador to the U.N. Henry Cabot Lodge met in Washington.

Three Women in Kinston Frightened by Negro; One Robbed, One is Choked

Saturday night three Kinston white women were badly frightened by a smallish negro man; one was choked when she started to scream and another was robbed of her pocketbook.

At about 8:30 Mrs. Mildred Grant of 1112 Morningside Drive was at Henderson's Supermarket on North East Street. As she started to drive away a negro opened the opposite door of her car, got in, grabbed her pocketbook and fled.

At about 10 Grace Hood was entering her car in the parking lot at Lenoir Memorial Hospital. A patient in the hospital saw a smallish negro start to get in the

car with Miss Hood. The patient called out and the man fled.

At about 10:15 Mrs. Edgar Hargett of 207 West Lenoir Street came upon a smallish negro man in the rear of her home and when she began to scream he choked her slightly and fled.

Police believe that all three acts were the work of one negro, and Richard Dawson Jr. of 414 North Davis Street is being held for investigation in connection with the events. He has denied any knowledge of the escapades and Mrs. Hargett was so badly shocked that she has been unable to aid officers in positive identification.
