## The Harold Mallards Celebrate Silver Wedding Anniversary

Twenty five years ago on September 14, Annie Booth and Harold Mallard were married at Oak Grove Methodist Church by Mr. J. D. Young. Sunday, Sept. 18 they celebrated their twenty five years together with a silver anniversary reception in the home of Mr. and Mrs. Wilmer Mallard.

Mr. and Mrs. Wilmer Mallard, brother and sister of the honorees, greeted guests at the door and introduced them to the receiving line, consisting of Mr. and Mrs. Harold Mallard, their son, Donald and their daughter, Mrs. B. E. Miller of Pollocksville.

The guests then went into the dining room to be served cake, punch, ribbon sandwiches, nuts and mints.

The table was centered with a bouquet of white asters sprayed silver and flanked with two silver candelabras holding white candles. The five tier white wedding cake, topped with a miniature bride dressed in silver, and groom, was at one end of the table surrounded by silver bells and the silver punch bowl was at the other end. Mrs. Ray Booth of Greensboro invited the guests to the dining room.

Mrs. Claude Banks led the guests to register in the white wedding book on a table decorated with a white candle and one white aster. Then the numerous gifts of silver were viewed before saying good-byes to Mr. and Mrs. Robert Booth of Ayden.

Mrs. Mallard wore a gown of silver satin and a corsage of white carnations, and white and silver flower arrangements were throughout the home.

Mrs. Aiken Jones of Trenton, Mrs. John Booth of Pollocksville, and Miss Frances Samia of New Bern served in the gift room and others who helped during the evening were Mrs. Johnny Ilock of Pollocksville, Mrs. Furney Mallard of Pollocksville, Mrs. Wilton Hollowell of Goldsboro, Mrs. Bruce Koonce of Jacksonville, Mrs. Eva McKeel of Powellsville, Mrs. Altheus Banks of Trenton, Mrs. Dewey Jenkins of Trenton, Mrs. James Hood of Durham, Mrs. Isabelle Mallard of Trenton, Ann Mallard, Rosemary Mallard, Sue Booth, Ann Koonce of Jacksonville, Donna Mallard and Linda McKeel of East Carolina College.

Mrs. Mallard's mother, Mrs. W. R. Booth, was present as well as Mr. Mallard's father, Tom Mallard, and Mrs. Mallard. Their five week old granddaughter, Pamela Jean Miller, made four generations present.

Among the 250 guests present, some came from Arapahoe, Jacksonville, Morehead, Trenton, New Bern, Pollocksville and Vanceboro.

### Fire Safeguards For the Home

If every member of the family knows what to do in case of fire, your home may someday be saved from severe property damage or loss of life.

Families are urged to work out a simple emergency plan that is understood, and even rehearsed periodically, by all members of a family, so that each one knows his part thoroughly. Basically the plan involves calling the fire department and giving directions for getting to your home, getting the family out, and saving animals or farm livestock.

All homes should have some equipment for putting out small fires and preventing large ones from spreading. Such household and garden tools as a broad sturdy rake, extra lengths of garden hose, hatchets, axes, shovels, brooms, crowbars, and a light portable ladder that reaches to the roof are all valuable in fighting fire and should be kept handy and ready for use.

Of several types of fire extinguishers, it is suggested that you use only those approved by the Underwriters Laboratories or Factory Mutual Laboratories. The inexpensive, pump-tank using plain water are for wood, paper, cloth, rubbish, grass and brush fires. They are easy to use and effective

### Innocent Bystander

Nathaniel Cannon of 1016 Walters Street suffered a pistol wound in the right chest area Monday afternoon when Francis Mae Locust

from a distance of 30 to 40 feet. Dry chemical types are for flammable liquid and electric fires and can be refilled right at the fire. One of these should be kept in the kitchen, and others near any stationary engines or motors on the property.

Avoiding fire hazards also is a vital part of safeguarding your home against damage. Be careful in your everyday activities of disposing of trash, using flammable liquids, and operating power tools and equipment.
