## It's different...I like it!

It's a good message, Harmon — 10, 2 and 4 have always been favorite times for Dr Pepper. But any other time does just as well, because Dr Pepper is a completely different kind of soft drink. Not a cola, not a root beer, it's a happy blend of many fruit flavors. That's why so many people say, "It's different — I like it!"

You'll say it, too, Harmon — every time Dr Pepper rolls your way.
