## All-Out Assault Planned for March, April, May on Polio

A three-county three-month attack on infantile paralysis is to be made in Jones, Greene and Lenoir counties by the medical societies of the three counties on March 22nd, April 19th and May 17th.

In clinics to be held on each of these four Sundays efforts will be made to persuade every citizen in these three counties to take the Sabine Oral immunization against polio.

There will be 20 clinics at elementary schools in the three counties operated by 400 volunteer workers, which will include doctors, nurses, pharmacists and others.

The estimated cost of the project is \$16,000 and no charge will be made for the medicine but persons receiving its benefits will have an opportunity to make a donation to help defray the cost.

More than 20 million people have already taken this polio preventative dosage, which is considered by most medical experts to be better than the Salk Vaccine because of the simplicity of giving the treatment and its method of operation in the body.

Persons of all ages and those who have previously taken the Salk vaccine are urged to take this treatment too, since it not only protects the individual but prevents each individual from being a polio carrier. The Salk vaccine protects the person who has taken it, but it does not prevent him from being a polio carrier.

The clinics will be held from noon to 5 p.m. on each of the three Sundays and widest possible publicity will be given to each.

## Pitt Countian Mangled in Sunday Accident

Jesse Ray Wallace of Ayden route 1 suffered the loss of his right leg, serious injury to his left leg and other internal injuries at about 6:30 Sunday night in a wreck north of Kinston on NC 11.

Patrolman J. A. Crumpler, who investigated, says Wallace was riding on the rear of a tractor driven by Willie King of Grifton route 2, and they were going to a stalled car on the shoulder of the road near the Du Pont plant.

Norman Edwards of Kinston route 2, driving a car, rammed into the rear of the tractor, inflicting the critical injuries on Wallace.

Edwards said the tractor had no lights burning. No charges have been made, but Crumpler has not closed the investigation.

## Bike Rider Killed US 70 East Sunday

The accident came when Whitley was blinded by lights of a car he was meeting and hit Blue who was riding a bicycle in the same direction Whitley was travelling.

The accident took place near Kelly Millpond on US 70 four miles east of Kinston.

Patrolman Vernon Heath, who investigated, has not preferred any charges but his investigation has not been completed.

## Voodoo Hoodoo Alibi Offered by Sergeant

Marine Corps Sergeant Raymond Taylor used a most unique alibi last Friday when a assault charge against him was heard in Jones County Recorder's Court. The incident had been brought against him by his wife's aunt, Mrs. Julia Murrell.

Sgt. Taylor told Judge Noble that he had been sick from last September until January of this year and his wife had told him that it was possible that he had been "hexed" by her Aunt Julia, who had something of a reputation in that department.

Sgt. Taylor told Judge Noble further that he did not strike Aunt Julia, but had merely warned her of what he would do to her if she put a "hex" on either he or his wife.

Two Marine Corps officers who had escorted Sgt. Taylor to the trial set quietly as their non-commissioned officer told Judge Noble that he certainly did believe in "voodoo."

After hearing the testimony at some length Judge Noble took the legal "hex" off Sgt. Taylor by finding him not guilty of assault upon Aunt Julia.

Other non-conjuration type cases before the court that were cleared either by submissions before Clerk Walter Henderson or by trial before Judge Noble included the following:

Luther Earl Patrick of Bolton not guilty of driving without a license, James Albert Haley of Shallotte route 2, Lloyd Vernon Lane of New Bern route 4, Wil-

## Hampstead Oyster Roast Set for Saturday Night

The Hampstead Oyster Roast this Saturday night, February 15, at the old Carolina Peanut Warehouse on highway 210 in Hampstead will open the 1964 season of events in Pender County's Coastal area.

Last year many were turned away because the store building could not accommodate the crowds — this year the event will be held in the big warehouse with a floor space of 4000 square feet of elbow room — and that's what it takes when a fellow lights into a heaped-up tray of hot steaming oysters.

The price is \$1 for adults and 50c for children. "All you can eat" is the motto of the Hampstead Community Club who sponsor this event.

All proceeds go for the benefit of the new community building and fire department being built by the Community Club. The club, with only twenty-one active members, was formed in the spring of 1962. Already they have raised over \$4000 for their project.

Operating on a pay-as-you-go basis, the club purchased their lot on highway 17 for \$800 and have paid out \$3,386.87 for building materials.

Tuesday Mrs. John M. Hargett paid her filing fee to Election Board Chairman W. F. Hill for reelection as Jones County's Representative in the General Assembly and thereby became the first Jones County candidate to file for office in the 1964 elections.

Mrs. Hargett issued the following statement Tuesday as she paid her filing fee:

"I take this opportunity to announce my candidacy for reelection to the House of Representatives in the General Assembly of North Carolina, subject to the Democratic Primary May 30, 1964.

"I wish to express my appreciation to the voters and friends who have supported me in the past.

"I pledge myself, if re-elected, to support all legislation which is in the best interest of the people of Jones County and the State of North Carolina."
