**Letters to
the Editor**

Dear Editor:

FBI Director Hoover recently warned that, "America today is in a deadly struggle for survival of the free world" and stated that while our nation is fighting the strangling grip of international Communism abroad, attempts are made at home to undermine and distort its actions.

Mr. Hoover stated that pressure and criticism are being directed against the President and Congress to confuse and mislead the American public and that irresponsible charges of "invaders," "brutal aggression" and "sneak attacks" are used to discredit our government to force it to abandon its role as a defender of freedom. Some of this criticism stems from legitimate peace groups and others opposed to our action in Vietnam and the Dominican Republic, but much of it is part of a diabolical scheme developed by the Communist Party, USA, and integral arm of the international Communist conspiracy, a maternalistic, godless ideology dedicated to ruling the world.

The CPUSA and other Communist groups are promoting their cause by false statements and half truths. The Party is trying to influence the youth of our country through the Communist controlled DuBois Clubs of America.

The Party is working through non-Communist groups and front organizations to disrupt the efforts of our government. Communist leaders are trying to start new marches and demonstrations to keep alive their campaign of fear and terror. **THEY ARE PLOTTING SOME TYPE OF NATIONWIDE ACTION SIMILAR TO "PEACE" STRIKES OR WORK STOP-PAGES.** (Emphasis mine).

Party leaders hope that more Americans will be duped and misled by these tactics and that a wave of hostility against our policies abroad will develop, culminating in a demand for our forces to be withdrawn and a resulting Communist victory.

Mr. Hoover concluded that the strength of our nation lies in those citizens who will not fall off this Communist bait.

Sincerely,
J. C. Peele, M.D.
