

Rockets Down James Kenan 12-0 Last; Host to Southern Wayne Friday Night

Neither team scored in the first half Friday night but the Jones Central Rockets came on to take over and win the game in the last half as they downed James Kenan 12-0.

A James Kenan fumble on their own 42 yard line set the stage for the Rocket's first score. Quarterback Rick Franck had a 13-yard run during the drive.

The Rockets got going again in the fourth quarter and put together a 48-yard march that was capped by Dalton Ange's two-yard plunge. Neither Rocket extra point attempt was successful.

The Tigers of James Kenan threatened to score only once in the game and that was in the closing minutes of play when they penetrated the Rocket defense to the 27-yard line.

Douglas Hill had 14 tackles for the rockets defense and Leon Whaley had 12. Larry Smith and Larry Mallard also stood out on defense.

The Rocket record presently stands at three wins against one loss and no ties. Jones Central's next game is with Southern Wayne, a tough East Central Conference foe, at Jones Central.

ECU Makes Biggest Gains Ever In Faculty - Building

By Henry Howard

East Carolina University has managed this year to make its greatest gains ever in the fierce faculty recruitment tug-of-war that goes on constantly throughout the world of higher education.

As the new school year began this month, the university had a faculty roll of 558. That is an even 100 more than last

fall's beginning roster. Percentage-wise, it's a record-smashing 22 per cent increase.

But the figures of which the university's academic big game hunters are proudest show quality rather than quantity of the faculty build-up.

By competing more effectively than ever before in the professor market, East Carolina raised its percentage of faculty members with PhD's and other terminal degrees from 51 to 60.

According to Dr. Robert W. Williams Jr., dean of academic affairs, the 9-point gain is "far and away the best we've ever been able to do in a year." The percentage has hovered around 50 for several years.

Some campus spokesmen have doubts that any campus in North Carolina (and perhaps few in the entire nation, can equal East Carolina's percentage gain in terminal degree ratio.

President Leo Jenkins reflects the resources which made the successful faculty-hunt possible: "We are greatly indebted to the 1967 General Assembly for the encouragement and foresight extended to us through increased appropriations."

And, from Nancy A. Daniels Wilcox to James T. Wilcox and others one tract containing 27 acres in Beaver Creek Township.
