TO THOSE WHO RECEIVE ALLOTMENT PAYMENTS (OR OTHER GOVERNMENT CHECKS)

THE stealing and forging of Government checks has grown to a nation-wide racket. The United States Secret Service, Treasury Department, and the Post Office are trying to stamp it out. Take these precautions, for your protection:

- MAIL BOX.** Crooks generally steal checks from mail boxes. Be sure yours is strong, lock it securely, mark it plainly with your name. Try to be home when checks are due to arrive. Have the postman signal you when he delivers mail from the government.
- ENDORISING.** Don't endorse until you are at the place where check is to be deposited or cashed. Safeguard checks at all times.
- CASH IT** in the same place each month, so your identity may be established.
- IF CHECK FAILS TO ARRIVE** when due, notify proper Government department. Also inform them, as well as the post office, of change in your address.

We suggest that you open a checking account, for convenience and safety. Your incoming checks can be deposited with us for collection, and your bills can be paid with your own bank checks. Deposits can be made by mail if desired.
