

Haile Hires Al Smith's Friday.

From Al Smith to Haile Selassie may be a long jump for most persons, but for Josef Israels, American publicity expert, it's all in the day's work. Israels, left, is shown with Emperor Selassie just after the emperor had appointed him chief public relations counsel for the Ethiopian government. Israels directed publicity in Al Smith's unsuccessful 1932 campaign for the presidential nomination.

THE DOCTORS ARE RIGHT

Women should take only liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true. Do what doctors do to relieve this condition. They use a liquid

laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, most acting laxative you ever tried.
