SPLENDID RECORD MADE BY N. & W.

Not a Single Passenger Killed in 1935 in a Train Accident.

Declaring that "the tragic and utterly useless destruction of life on the public highways and at railway grade crossings can and must be stopped," the Norfolk and Western Railway in a statement issued today points to the railroad's record of "not a single passenger killed in a train accident during 1935" as a "shining example of what can be done and what is being done in travel safety."

The N. & W. has spent more than \$780,000 for the installation of protective devices at crossings, and spends \$240,000 annually for the maintenance of these devices and the pay of gatemen and watchmen, the statement says. "Despite these huge expenditures for the protection of the public and the railway's continuous campaign to educate the public to 'stop, look and listen,' almost one-fourth of all grade crossing accidents on the Norfolk and Western during 1935 were due to automobiles being driven into the sides of trains. In addition, 110 automobiles were driven through and broke down N. & W. crossing gates which had been lowered to protect them against approaching trains."

"Despite the fact that the N. & W. has spent \$3,400,000 within a recent ten-year-period for the elimination of crossings," the statement continues, "the public and public authorities are continually opening new highways and streets across the railway's tracks."

To stop "the destruction of life on the highways—36,400 killed during 1935," the railroad points out that "it is going to take system and organization; tireless and intelligent spreading of the gospel of caution and safety." The railway concludes with the statement: "You and every other citizen of the nation must help. The exercise of caution on your part may save your life. What you say to a friend may save his life. You must do your part."

RESOLUTION OF RESPECT

We, the stewards of Brooksdale charge, wish to express our deep feeling of loss when our Heavenly Father called from us our beloved pastor, Rev. R. E. Pittman on January 12, 1936. Here was a life of wonderful beauty, filled with love and service. It may be sincerely said, "To know him was to love him." He is gone from us but will never be forgotten. His good works will ever linger in the minds of his people whom he labored with so faithfully. Therefore, be it resolved:

First, That we bow in humble submission to the will of our Father who doth all things well. The church and community has lost a valuable citizen and a beloved pastor.

Second, That we extend our deepest sympathy to the bereaved family and grieve with them in this sad
