THURSDAY, APRIL 9TH, 1936

A recent survey of a number of colleges such as Princeton, Yale, Harvard and others proved that young men do not admire girls who use too much make-up. They also stated that they preferred girls with good common sense rather than beauty and not much sense. And the boys did not like bright colored nails.

People in this section are very fortunate and should be very thankful. We have had no flood and so far there has been no visit from a tornado.

Newspapers cannot describe the horror that must accompany these things. It's horrible enough to read about them, but to have to go through them is one of the most dreadful events that one can imagine.

Greensboro was rather close home to Person County people and many here had relatives in the area where the tornado struck (none were injured.) Hundreds of people from this county visited the section that was hit over the week-end and all report horrible scenes. We should be thankful in more ways than one.

One of the nicest theatres in this section of the state is the new Dolly Madison that is opening today. This theatre is not a large theatre, but it has everything that the best can boast of. It is modern from start to finish and the seats are elevated to just the right height so that one can see without stretching his neck for an extra foot.

We are glad that Mr. Kirby is going to play first run pictures. It would be a shame to put old pictures in such a nice theatre as the Dolly Madison. Mrs. Dolly Madison was a beautiful lady — the Dolly Madison theatre is a beautiful place of amusement.

Some people say that there is very little money in this county at the present time. Regardless of whether this is true or not Roxboro has been crowded with people from the county every day. If they are here they must spend a little money and every little bit helps make the wheels go around.

It has been too wet to do any plowing to amount to anything and for this reason the farmer is behind with his crop. This time last year this paper was carrying ads on flues for tobacco barns.

Easter Sunday and Monday will probably call for a large amount of automobile driving. Many people have already made plans to take a nice Easter trip and naturally thousands of people will be on the highways that are not in such good shape.

Please remember that many people have recently lost their lives in floods and tornados and that the death list for the South is high enough.

Drive with care. Take your time as you go. Remember that it doesn't make any difference whether you break a record or not. It's entirely in the hands of the drivers whether many people live or die between now and Tuesday.

Do your part and drive safely.

JOLSON SONG HITS MAKE FILM MEDLEY IN "SINGING KID"

Dolly Madison Theatre Easter Monday and Tuesday, April 13th and 14th.

Here's a "reel" romance—something new in movie matrimony. Here, if you please, is a marriage between a "montage" and a medley.

All of which sounds a bit complicated, but, translated from film lingo, it simply means that a series of swiftly interblended screen picture flashes will be accomplished by a series of quickly changing snatches of various songs. The "montage" (quickly intercut picture scenes) has been used in countless movies. The song medley is commonplace. The conjoining of the two is new.

This novelty, quickly to register with audiences some snappy and happy reminiscences of Al Jolson's stage and screen success down the years, has been recorded as the unusual opening of his latest First National musical, "The Singing Kid," which comes to the Dolly Madison Theatre on Monday and Tuesday.

The "montage" consists of screen flashes of special backgrounds, with Jolson in blackface in each case, of such hit shows as "Robinson Crusoe, Jr.," "Bombo," "The Singing Fool" and "Go Into Your Dance."

The medley, snatches of each chorus sung by the stellar showman, consists of such old favorites as "Swanee," "Rockabye Your Baby With a Dixie Melody," "April Showers," "California Here I Come" and, of course, "Mammy," "Sonny Boy" and "About a Quarter to Nine" chorus bars will be sung to the screen-play flashbacks.

"The Singing Kid" combines rollicking comedy with heart throbbing drama and spectacular musical numbers. Besides Jolson the cast includes Sybil Jason, Beverly Roberts, Edward Everett Horton, Lyle Talbot, Allen Jenkins, Claire Dodd and Wini Shaw. The Yacht Club Boys and Cab Calloway and his band also are featured.

NEWSPAPERS TO CARRY MESSAGE

Will be Principal Medium to Carry an Extensive Campaign on Oldsmobile Advertising.

3300 PAPERS TO BE USED

Newspapers of the nation have been selected as the principal medium to carry an extensive Oldsmobile advertising campaign, now under way, it was announced today by V. C. Havens, Oldsmobile advertising manager.

"We are convinced that the message of Oldsmobile's high quality and outstanding value can be told by the use of newspapers," said Mr. Havens. "Expanded production facilities in 1936 have made possible the manufacture of more Oldsmobiles this year than were ever before built in a twelve month period."

"The lower prices of the 1936 Oldsmobile Six and Eight, together with the increasing popularity of the cars, and the fine records they are making in the hands of owners, point to the existence of a greatly expanded market for Oldsmobile again this year."

"So we have launched a newspaper campaign, not only in the large metropolitan dailies, but likewise in smaller dailies and in weeklies, to carry the story of Oldsmobile's style safety, comfort, economy and performance to millions of American newspaper readers."

"More than 3300 newspapers are being used, and the expenditure of a much larger sum than ever before has been spent by Oldsmobile in any single year in newspapers has been authorized."

WEATHER REPORT FOR MARCH
