

RACIAL UNREST BRINGS RIOTS IN PALESTINE

Ancient bad blood between Arabs and Jews flared into street fighting in Jerusalem. British leaders accuse Italy of fomenting local uprisings by broadcasting incendiary messages in native tongues. All Holy Land is under curfew law.

toward the river, he called to Gang Leader P. J. Brennan to follow him. The two railroaders worked fast, and in a few minutes pulled the man and woman to safety on the river bank.

News of the third rescue of drowning persons by Norfolk and Western employees within the past several months, is reported in the current issue of the Norfolk and Western Magazine. Near Petersburg, Va., a man and woman attempted the risky crossing of the Appomattox River on a pipe line. They slipped and fell into the deep water. N. & W. Hostler F. L. Farris spied the struggling couple. Racing

Carl Ipock, a 4-H club member of Jones County, cleared over \$60 by raising a flock of broiler chicks this spring.

ADVISES GRADUATES

Riverdale, N. Y. — Addressing a graduating class at the College of Mount St. Vincent, Patrick Cardinal Hays, Archbishop of New York,

followed the ceremonies with a brief informal talk to the class, in the course of which he urged those who

planned further study to attend of losing your faith." Even worse, Catholic institutions. Not to do so, he declared, they "almost defy God."

## Clyde Oakley Loses First Fight Since Last July 4th

Decision Won by Ernie Tate of Concord After Eight Rounds of Fast Boxing. Large Crowd Present at Winstead Warehouse.

### NEXT FIGHT TO BE HELD ON SATURDAY, JULY 4TH

Clyde "Jack" Oakley lost his first fight since last July 4th, when he met Ernie Tate of Concord last Friday night in the Winstead Warehouse. The battle went for eight rounds. Oakley was knocked to the floor one time but came back stronger than ever. He put up an excellent fight and at the end of the eighth round was getting the best of Tate. It so happened that his opponent had won too many rounds at the first of the fight for Oakley to overcome the lead.

"Smoot" Huddleston defeated Joe King in six rounds. Joe put up a splendid fight, but finally dropped the decision.

Amos and Cooper, colored boxers, did very little of nothing. Amos knocked Cooper out in the third round.

Elbert Gates and Milo Dixon fought to a draw. On July 4th the promoters plan one of the best cards that can be arranged. Wild Bill Howard, Clyde Oakley, Joe King, Enrie Tate, "Smoot" Huddleston and others will be on the program. Jimmy Pattisal may also be included. This program will also be in the Winstead Warehouse.

Eight demonstrations in treating cotton seed with Ceresan before planting, in Cumberland County, showed considerable advantage by using the material. Few of the plants died where the seed had been treated.

## N. & W. News Items

Fifteen per cent more members of the Norfolk and Western Veterans Association have indicated they will attend the fifth annual convention at Roanoke on June 20 than in any year during the history of the organization, according to Floyd E. Chabot, secretary-treasurer. Approximately 1,300 of the vets were present at last year's meeting. Attendance is usually 10 to 15 per cent greater than the number who say they will be present.

As one of the biggest customers of other industries, the railroads spend millions of dollars annually for scores of all kinds of products used in their operation and maintenance. The Norfolk and Western recently made an unusual "buy" when it purchased more than two miles of gold tinsel cord. The material was used in binding several thousand copies of an attractive booklet issued to advertise the railway's new, low-level lake type coal pier at Lambert Point (Norfolk), Va.

Section Foreman T. E. Dillon, of Clift, W. Va., who works on the Bluestone Branch of the Norfolk and Western Railway, "recently retired an old railroad friend." Mr. Dillon removed from the track a yellow locust cross tie that he personally installed during the spring of 1903. Despite 33 years in use, the tie was still solid. It was replaced by a creosoted tie. All ties installed by the Norfolk and Western for years have been specially treated with creosote to prolong their usefulness and to make the railway's tracks safer.

# GET GULFLUBE—

## It's "Stripped for action"!

Poorly refined motor oils, like a swimmer with all his clothes on, can't do an efficient job. They carry too much excess baggage—waste that should be "stripped off" by refining.

Most 25c oils, like a swimmer stripped of part of his clothes, are rid of some waste—but not enough for best performance. No refiner of 25c oils could afford to go further, before Gulf's Multi-sol process was perfected.

GULFLUBE MOTOR OIL, like a swimmer stripped for action, is rid of every bit of excess waste. It's the only Multi-sol-made 25c oil—the finest, purest oil a quarter ever bought. Gulflube gives you better lubrication, lower bills and a cleaner motor. Prove it—at the Sign of the Orange Disc.
