

TIM MCCOY TO BE AT DOLLY MADISON

Plays in "Border Caballero" For One Day Only, Saturday, July 25th.

Tim McCoy, the screen's most popular Western star, fills the exciting role of a Federal Government G-man, operating against a horde of bank-robbers, in his latest bi-thriller, "Border Caballero," sponsored by Puritan Pictures which is due Saturday as the leading attraction at the Dolly Madison Theatre. Critics who previewed this picture have gone on record as estimating it as the fastest-moving and most thrilling film this noted hero of gun and saddle has appeared in up to date. Which is high praise from the press, if one takes into consideration the long list of brilliant box office successes that stands to McCoy's credit.

Bandits' Last Stand

Certain it is that few films of this type equal "Border Caballero" in point of cyclonic action and shock situations. There are numerous, vividly staged gun battles of such grim savagery and realism that the spectators are kept constantly on the keen edge of suspense as bullets fly like leaded hail, and one nerve-shaking episode follows close on the heels of another. Particularly exciting is the scene in the finale where the band of bank robbers McCoy trails in his official capacity of a Federal agent, are trapped, cornered, and go down to a bloody defeat fighting desperately to the last against the sheriff's posse brought in by Tim at the last to assist in the outlaw roundup, with the arch-villain of the gang falling a victim to the Government leader's deadly aim.

Because "Border Caballero" deals with a later stage in the history of the far West once described as "wild and woolly," it may be that some movie patrons may be inclined to consider the story a trifle exaggerated as regards the existence of bandit gangs in the wide open spaces, as ready as were their frontier predecessors in crime to rob, raid, plunder and snuff out human lives with reckless abandon.

Picnic Supper Given At Lake

The Willing Workers class of Brookdale Me. Church held its regular monthly meeting at Miss Katie Sue Russell's Lake Monday evening, July 13, at 6 o'clock p. m. The meeting was opened by each member quoting a verse of scripture. This was followed by prayer by Mrs. Geo. Fox. Minutes of the last meeting were read and approved. A committee was appointed for the purpose of getting prices on fixing the church wall.

The Men's Bible class were invited out at 6:30 to have supper which was served picnic style. Several visitors were present and a good time was had by all.

PRESIDENT ROOSEVELT ON VACATION
At the wheel of the schooner "Sewanna," the President pilots her out of Pulpit Harbor, Maine. She will be his home for the next ten days.

NEWCASTER SOLVES MURDER-MYSTERY IN "PANIC ON THE AIR"

Dolly Madison, Wednesday, July 29th.

"Panic of the Air," a murder-mystery melodrama based on the misadventures of a Winchelsea news broadcaster, will be the new feature attraction at the Dolly Madison Theatre starting June 29th. Lew Ayres appears as radio's Little Boy Peep, sharing the featured leads with Florence Rice and Benny Baker.

The screen play tells of a cryptic code message scribbled on a five-dollar bill which is believed to be the key to a quarter million dollar cache hidden away by a kidnapper awaiting the electric chair.

Having accidentally discovered the bill, Ayres finds himself immediately involved when he is threatened with death unless he turns it over to a woman who will meet him at a designated place. He does so, but follows the girl and stumbles upon a mystifying murder case.

Florence Rice is seen as the mystery girl, with Benny Baker acting as Ayers' chief aide. Baker will be remembered by millions of radio listeners as Lou Holtz's irresistible stooge "Shawowsky."

The screen production is Harold Shumate's adaptation of an original story which appeared recently in a popular national magazine, authored by Theodore A. Tinsley. D. Ross Lederman directed. Others in the cast are Edwin Maxwell, Charles Wilson, Murray Alper, Wyrley Birch and Gene Morgan.

The Onslow County farm agent received 283 checks from Washington a few days ago for farmers who participated in the AAA tobacco control program last year. The total amount was for \$10,265.62, and the growers "were mighty glad to get their money," the agent said.

CHARLES RUGGLES IN "EARLY TO BED" AT THE DOLLY MADISON

Supported by Mary Boland in Picture That Plays at Local Theatre Monday and Tuesday, July 27th and 28th.

Mary Boland and Charlie Ruggles make a sanatorium and rest home their honeymoon spot in their latest riot-farce, "Early to Bed," scheduled to open Monday at the Dolly Madison theatre. The veterans of many hit comedies are cast as a couple who marry after an engagement of twenty years, and set out immediately on a trip which brings one ludicrous situation after another.

Charlie appears as mouse-like Chester Beatty, an employee of twenty-six years standing with the Matchless Eye Company, manufacturer of a dozen types of glass eyes. Mary, as Tessie Weeks, is the girl whom he has courted for two decades.

Despite Tessie's desire to see Niagara Falls, cherished for twenty years, Chester, fired with ambition to land the world's biggest glass-eye order, heads for the sanatorium. He knows Horace Stanton, maker of sextuplet dolls, is spending a vacation there.

Complications begin immediately at Lake Ookawookaboo Lodge. A jewel robbery and a murder, with Chester suspected as a sleep-walking 'Tiger Man' by night, make the honeymoon a succession of guffaws.

All crops in Union County will be late this year, as a result of the drouth, but now that the dry spell has been broken, most of the crops have made a fair stand.

GOOD SIRES PAY SHEEP GROWERS

Ideal Ram is a Purebred Mutton Type With Deep Body.

Tests conducted at the North Carolina Experiment Station have proved conclusively that lambs sired by a good purebred ram will bring around two dollars more per head than lambs sired by a scrub ram.

The sire is half the flock, says John E. Foster, associate in animal husbandry investigations at the Experiment Station.

Since the breeding season has already started in eastern Carolina and is rapidly approaching in the western counties, Foster explains that much time and thought should be given the kind of rams which will be used in farm flocks.

The ideal ram for North Carolina, he points out, is a purebred mutton type with a broad deep body and such development of the head, neck, legs and body parts that the whole conformation suggests symmetry, thickness compactness, quality. In addition he should be of good size, masculine, rugged, thrifty, and have a desirable fleece, especially if any of his ewe lambs are to be kept in the flock.

It is highly important, Foster explains, that the ram as well as the ewe be in a strong vigorous condition during the breeding season. If they are not, immediate steps should be taken to get them so, either by providing better pasture or feeding some grain. When the flock is in a strong vigorous condition the lambs will be earlier, more uniform in age, stronger at birth, and more twins will result.

KEN MAYNARD STARS IN ACTIONFUL DRAMA

Palace Theatre, Saturday July 25th

An actionful outdoor drama abounding in thrilling fist fights, eagle-eye shooting and trick riding plus a comedy angle that is how Ken Maynard will strike you in "Heir To Trouble."

RATE OF PAYMENT FOR GRASSES GIVEN

Rates of class II, or soil-building, payments offered North Carolina farmers for seeding perennial grasses under the new farm program have been announced by Dean I. O. Schaub, of State College.

The rates in North Carolina and other States of the east central region range from 75 cents to \$2 an acre, depending upon the kind of grass seeded.

The payments will cover the following perennial grasses, seeded any time between January 1 and October 31, 1936 with or without a nurse crop, the dean stated. Blue grass, \$2 and acre. Orchard grass, \$1.50 an acre. Permanent pasture mixtures of grasses or grasses and legumes containing at least 40 per cent blue grass, \$1.50 an acre.

Permanent pasture mixtures of grasses or grasses and legumes containing at least 40 per cent orchard grass, \$1.25 an acre. Redtop, or permanent pasture mixtures of grasses or grasses and legumes containing at least 40 per cent redtop, 75 cents an acre.

These payments are offered to stimulate the growing of grass and pasture mixtures that will protect the soil from erosion and provide succulent grazing for cattle and livestock, the dean pointed out. The payments are not intended to give the farmers a big profit for planting the grasses, he continued, but are intended to help them carry out good farming practices that will improve their land.

- Laxatives** 60c Syrup Pepsin 43c
- Tooth Pastes** 50c Ipana 39c
