COUNTRY'S WORST DROUGHT

Washington, D. C. — A survey of the recent drought by the Weather Bureau's climate and crop division declares it "the worst in the climatological history of the country." Losses to farmers mounted at the rate of \$25,000,000 a day, affecting 341 counties in twenty states. WPA announced 40,000 farmers in temporary relief jobs and 53,000 more to be placed.

BENDS PRETZELS BY MACHINE

Detroit, Mich. — After defying the machine age for a century or so, the pretzel, always "bent" by hand, is about to be mechanized. Horace E. Farmer, a local engineer, has perfected a pretzel bender with fingers so deft that the result is difficult to distinguish from the handmade article. A Baltimore bakery has ordered sufficient equipment to turn out 900 pretzels a minute.

COTTON MEN OPTIMISTIC

New Orleans, La. — With the Government holding 6,000,000 bales of cotton a year ago, cotton growers feared a demoralized market in any large liquidation of this stock. It is now estimated that the entire Government holdings will be sold before the new season is under way. With world cotton mills spinning 5 per cent greater weight and a more active demand, experts see a surplus of only 2,500,000 bales above normal, not enough to disturb prices.

ARCHERY GAINS DEVOTEES

Battle Creek, Mich. — The 56th National Archery Championship attracted a field of 178 archers. Gilman Keays, 27 years old, of Corvallis, Ore., scored a record-breaking 2,995 points. The women's title went to Mrs. Gladys Hammer, a California school teacher, who scored 1,930 points. Curtis Hill, of Dayton, O., reclining on the ground and holding the bow with his feet, shot an arrow 616 yards, three times the drive of the average golfer.

AMERICAN DECORATOR SCORES

London, Eng. — On his return from a cruise in the Adriatic, King Edward VIII will take up his official residence at Buckingham Palace, forsaking York House which he has occupied for 21 years. The Palace will be redecorated by Lady Mendil, the former Elise de Wolfe of New York, now the wife of the press attache at the British Embassy in Paris.

HITLER HOST TO ROYALTY

Berlin, Germany — Arch-foe of monarchists, Adolf Hitler, German dictator, nevertheless entertained at luncheon the principal royal visitors to the Olympic games. He did not, however, meet Col. Charles A. Lindbergh, who has been making a tour of German airplane fields and factories, and certain observers attribute the fact to the Feurer's resentment over the electrocution of Bruno Hauptmann for the murder of the Lindbergh baby.

LONELY HEARTS FLOOD MAIL

Oakland, Cal. — Because he used the mails to advertise for a wife, Samuel Frank drew a jail term. He revealed that he received 13,000 replies. School teachers ranked first, nurses second. A girl of 11 years applied, enclosing the written consent of her parents.

QUESTIONS THAT ARE ASKED ABOUT BANKING

"Why are Bankers usually conservative?"

A BANK is a semi-public institution. It receives money from depositors and lends that money to borrowers. In order to safeguard the funds of depositors a bank must be conservative in loaning their money.

Banks are anxious to make good loans—for their livelihood is derived primarily from this source. Yet safety—not profit—must be the first consideration. Consequently, it is not the function of a bank to indulge in speculation, or to make speculative loans, however promising they may seem.

Conservative banking policies do not, however, stand in the way of genuine community progress. In fact, they go hand in hand. The permanent, carefully-built progress of any community—not the false, temporary progress of sporadic booms—is dependent usually upon the alert foresight and conservative, experienced judgment of its business men and bankers.

523 Get Self-Help Jobs At Carolina

No Discrimination Made For Athletes, Secretary Comer Reports—361 Under NYA.

Chapel Hill, Aug. 9.—Part-time jobs which will enable the holders to help defray their college expenses have just been assigned to 523 different students including some 50 alternates, at the University of North Carolina for the fall quarter, it was announced today by Harry F. Comer, chairman of the self-help committee, which has been holding sessions almost daily for more than a month in an effort to give thorough consideration to every one of the more than 1100 applications received.

This completes all self-help assignments, Secretary Comer said, except for a very few that will be discovered as the fall quarter opens.

"In assigning these jobs we have neither discriminated for nor against athletes," Chairman Comer said. "They were placed equal consideration along with other applicants."

One hundred and sixty-two students were assigned jobs within the various departments of the university, such as library, dining hall, dormitory management, various deans' offices, Carolina Inn, graduate club, Graham memorial, book store, laundry, athletic grounds, Y. M. C. A., business office, etc.

National youth administration jobs, paid for out of the federal grant, were assigned to 331 undergraduate students and 30 graduate students.

Students who apply for work after this date will simply be placed in file to wait possible openings later in the year.

All scholarships for the coming year have been awarded by the scholarship committee.

This means there is nothing else in the way of work assistance left, and that students who are still short of the required amount of funds for the fall quarter's expenses will have to rely on the Student Loan funds which are being handled in the office of J. A. Williams, Chairman Comer said.

Oland F. Peele, Nahunta 4-H club member in Wayne County, harvested 50 bushels of onions from one-fourth acre, selling the onions for \$1.10 a bushel and clearing \$33.16 on the project.

FROM DANCE HALL TO PULPIT, THEME

Pocomoke City, Md., Aug. 10.—The Rev. William T. Wiggins of Philadelphia, better known as Evangelist Billy Wiggins, one of Billy Sunday's converts, will be at Goodwill Baptist Church, about eight miles from Pocomoke, for a period of two weeks and will assist the regular pastor, the Rev. E. W. Church, in conducting meetings every night at 8 o'clock, except Saturdays.

The evangelist will relate his life story "From Dance Hall to Pulpit."
