- "Miss Winston-Salem, N. C.," Miss Virginia Clay.

CARD OF THANKS

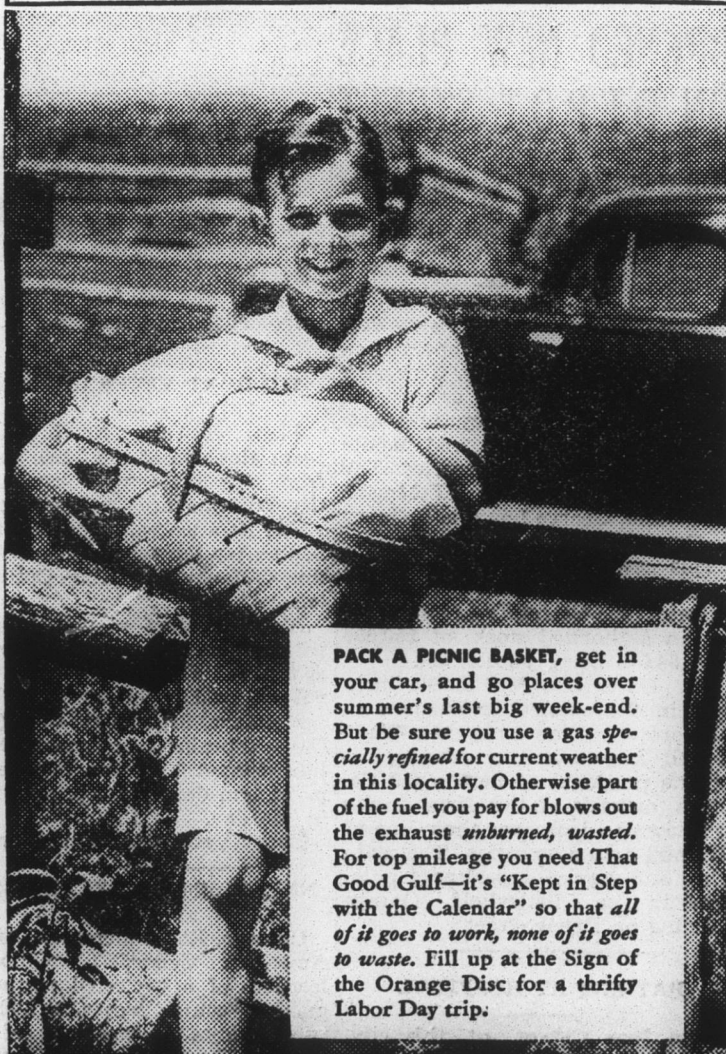

We wish to express our heartfelt thanks and appreciation to the many friends for their kind deeds and sympathy shown us during the death and funeral of our dear brother, also during the sickness of our father. May the Lord bless you as our desire.

Miss Nannie Lou Clayton and Mr. Dewey Clayton.

R. A. WHITFIELD, Distributor

Why Gulf is the gas for your Labor Day trip

PACK A PICNIC BASKET, get in your car, and go places over summer's last big week-end. But be sure you use a gas specially refined for current weather in this locality. Otherwise part of the fuel you pay for blows out the exhaust unburned, wasted. For top mileage you need That Good Gulf—it's "Kept in Step with the Calendar" so that all of it goes to work, none of it goes to waste. Fill up at the Sign of the Orange Disc for a thrifty Labor Day trip.

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE

ELECTRIC WATER PUMPS ARE CHEAP

Cost About One Penny For Electric Pump to do Work of Man For Hour.

Do you work for the same wage as a Chinese coolie?

Do you realize that when you pump and carry water by hand, you are doing work that an electric pump could do for almost nothing?

It takes less than a penny's worth of current for an electric motor to pump as much water as a strong man can pump and carry in an hour.

Relieving the housewife, the husband, or the waterboy of the hours of drudgery required to supply the farm and farm home with water is one of the greatest advantages of electricity on the farm, said D. E. Jones, State College extension specialist in rural electrification.

An electric pump, he added, costs less to operate than a range, and uses about the same number of kilowatt hours as a refrigerator.

With the national Rural Electrification Administration ready to lend millions of dollars for the construction of power lines and the wiring of buildings in North Carolina, he added, farmers should seize the chance to electrify their communities.

"The only way you can get this money" he stated, is to cooperate with your neighbors in starting a rural electrification project, and showing the REA you will make good use of the money.

"The state REA and the State College extension service are glad to help get these projects started wherever the farmers show they are interested.

"But we cannot conduct the rural electrification program by ourselves. We can only help you. Are you interested?"

NURSES COMPLETE COURSE OF INSTRUCTION

A class of fifteen public health nurses have recently completed a course of instructions in Peabody Institute, Nashville, Tenn. They began their field training in The Orange Person Health District August 25th and will continue for one month, after which they will be assigned to public health positions throughout the state.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Earl Hester announce the birth of a baby girl on Sunday, August 30, 1936. Mother and baby are reported to be doing nicely.

Superphosphate used with wheat on three Avery County farms boosted the acre yield from 6.5 bushels an acre to 14.7 bushels in demonstrations conducted last spring.

UNFOUNDED RAIL FEARS

Washington, D. C. — When the Interstate Commerce Commission ordered Eastern railroads to reduce fares to 2 cents a mile on June 1st, the carriers protested they would "suffer irreparable damages." Most of the big systems filed suits to annul the ICC order. July traffic reports show the Baltimore & Ohio, which accepted the cut, with increased passenger revenue up 22 per cent. The New York Central and the New Haven, both of which protested lower rates, increased 20 and 15 per cent respectively. In the West, where rates were slashed two years ago, the Union Pacific gained 48 per cent in July. Facetiously, the Chesapeake & Ohio sent an engraved announcement to stockholders reading, "The Eastern railroads . . . regret that, for money, they have permitted a horde of total strangers to invade their privacy."

The Vance County Soil Erosion Control Association has been organized and is now negotiating for the purchase of a tractor and terracing unit.

WHEAT ALLOWANCE DOUBLED

Washington, D. C. — The President has issued an executive order increasing from \$200 to \$400 the maximum amount which the Farm Credit Administration can lend farmers for the purchase of winter wheat seed.

NATURE NOTE

Tunstall, Va. — A farm boy employed by E. E. Harrison informed his boss that a 2-year-old barred Plymouth Rock rooster had laid an egg. Amazed, the farmer segregated the "rooster" in a separate cage where during the next few days it laid five more eggs.

"THE BEST SHIRT I EVER ATE!"

No BUTTS (nor "his" and "ands," either) about a HANES Shirt! Wait till you get its lively, elastic lightness lying cool and smooth on your back. You never felt more trim and clean-cut in your life! And, Gentlemen, this unshirred won't ride up to make a worrisome wad at your waist. The tail is too long for that!

Every HANES Shirt should be teamed up with HANES Shorts. See your HANES Dealer now. P. H. Hanes Knitting Co., Winston-Salem, N. C.
