## PROSPERITY

We have heard much said about prosperity coming from around the corner for the past five years. A great many of us pessimists contend that it has not come from its hiding. If we would only take the time to look at the water consumption barometer, the readings compared with five years ago would startle us. At the height of the depression, the City of Roxboro was using only 292,000 gallons of water per day compared with some over 900,000 gallons today. Surely prosperity has come from around the corner for Roxboro. When we say Roxboro we mean Person County because Roxboro is a part of Person County.

JIM HARRIS.

## REPORTERS IN ITALY

Rome — Under Mussolini, who used to be a reporter, a newspaperman enjoys exceptional advantages. Every Christmas he gets an extra month's salary; two days' pay if he works Sunday; if discharged he receives six months' pay plus an extra month's salary for every year he has worked on that particular paper. Therefore, when an American news syndicate fired its Italian correspondent, he sued for \$85,000; the jury awarded him \$4,878.

## WAS HIS FACE RED?

Ridgefield, Conn. — When Francis J. Bassett, member of the local Democratic Town Committee, became irked at a slow automobile in front of him, he shouted, "Get off the road." As the offending car drew aside, he recognized the driver, rushed over to apologize to Mrs. Franklin Delano Roosevelt.
