A CASUALTY ON THE ROAD TO SAN SEBASTIAN

Group of Nationalists between Irun and San Sebastian, Spain, surround a "Popular Front" victim. In desperate defense move, Loyalists in Madrid have opened gates of Alberche Dam to retard Rebel advance.

Mutual Exchange Serving 1,700 Farmers In Section

LOW OPERATING COST REPORTED

Farmers of Person County Are Benefiting.

By JAMES F. BULLOCK
(Director of Mutual Exchange)
The Farmers Mutual Exchange is owned and operated mutually by 1,700 farmers in Durham, Granville, Orange, Chatham and Person counties to market their poultry, eggs, hams, seeds, grain, etc., and to supply their feeds, seeds and fertilizers. This farmers' business organization was established in March, 1930, to serve the farmers in the five named counties by pooling their volume in marketing and purchasing to get low operating costs. The business farmers have been doing through their organization has gradually increased at the rate of approximately 25 per cent yearly and their cost lowered in proportion.

In 1935 the farmers did through their organization, \$158,595 in volume at a total average operating cost of 13.4 per cent and in the year just ended June 30, 1936, the volume of business was \$380,075 handled with a total average operating cost of 7.3 per cent.

Mutually Controlled
At present no one owns as much

as 5 per cent of the stock in the Farmers Mutual Exchange and every member owning one share of \$1 has the same votes and control in this Mutual business as any other member. During the past year the Exchange handled business done for farmers as follows:

Feed and grain \$161,005; seeds \$31,795; fertilizers \$36,914; poultry \$130,865; eggs \$12,316; miscellaneous items \$7,005.

Last year's operations in handling this business members received a cash dividend of 6 per cent on their stock in the Farmers Mutual Exchange and a three per cent percentage refunded on the volume of business they did with the Exchange.

The main office, the poultry fattening and marketing plant, the feed mill and seed cleaning machinery are located at Durham. The Exchange has warehouse service, in Oxford, Roxboro and Pittsboro. During the past two years this warehouse service has been handled for the Person county members of the Exchange by Aubrey Long & Co. in Roxboro. Farmers throughout Person county have a ready wholesale cash market either at Aubrey Long & Co. in Roxboro or at the Exchange in Durham for any amount of poultry, eggs, hams, seeds or grain they have to sell, and they can likewise buy Mutual Ex-

change manufactured feeds, fertilizers or cleaned seeds. More Person county farmers are patronizing the Exchange as well as becoming members each year and their volume of business done with the Exchange is growing.

Ready Market
In addition to having a ready cash wholesale market for wheat and any amount of grain, hams, etc. they have to sell, Person county farmers are buying thoroughly cleaned, tested, high yielding seeds produced almost entirely in this section through their Exchange. In the mixed poultry and dairy feeds and fertilizers they buy farmers get State College and State Test Farm tested and specified open formula goods made of the highest quality materials and made to suit their local livestock, poultry, crops and soils. Evidently farmers really find these services valuable from the continued increase in volume of business they have been doing through their Mutual Exchange for the past five years.

Community directors of the Exchange in Person county are: Geo. W. Joyner, Woodsdale; W. W. Whitfield, Hurdle Mills; T. B. Davis, Alensville; W. J. Whitfield, Bushy Fork; W. J. Rimmer, Hurdle Mills; Frank Timberlake, Timberlake; Bunny Lunsford, Timberlake; J. H. Shotwell, Roxboro, Rt. 2; S. M. Green, Semora; John D. Winstead, Jr., Roxboro.

This board meets monthly at the office in Durham and directs the business of the Farmers Mutual Exchange. These directors have plans to do much more than ever to extend the marketing and purchasing services of their Mutual Farm Organization to Person county farmers during the coming year.

In Memory of Mrs. H. P. Young

On Monday, July 27, just as the sun was sinking in the western horizon, the Lord felt that he needed another shining angel to complete his Holy Band, so he called from among us our dear loving mother and grandmother. When she died a great soul joined the host of God's Heaven. She leaves to mourn, 9 children, 56 grandchildren, 10 great-grandchildren and a host of relatives and friends.

Grandmother was ill for seven weeks, but no one knew how much she suffered, except her Lord. She was 78 years of age, and from the time she accepted Christ as her

personal Savior until she died, most of her time was spent serving and trusting him. Her greatest desire was to live a clean, honest life, be a true Christian, and serve her Lord.

Grandmother loved prayer. Prayer is a privilege unlimited by place, conditions or circumstances. No matter where she was, what time of the day or night, whether sick or well, happy or sad, she could still pray, just as effectively and just as earnestly. She loved a life of prayer and then being faithful to her Lord and church, should be the means that we as children and grand-children want to live and try to live a life like.

She was a Christian, so therefore she lived a life of happiness, joy, love and peace. It leads the way to blessedness and honor. Too many people look at religion as something that is hostile to wholesome human pleasures. But it often takes more courage to stand up for Christianity of for what one feels is right

than it does to fight in war. The world is waiting today for Christianity to reassert its original power. To the original sources, then, let us go to the New Testament and drink long and deep from its life-giving waters. Let us see Christianity as it was in the beginning, test our own Christianity and turn our eyes toward the Christianity that is yet to be. If any man suffer as a Christian, let him be not ashamed; but let him glorify God on this behalf.

BIRTH ANNOUNCEMENT

Mr. and Mrs. John W. Mooney, of Route No. 1, Timberlake, are receiving congratulations on the birth of a daughter, born Thursday, September 24, 1936. Both mother and baby are reported to be doing nicely.

Outbreaks of hog cholera have been reported in various parts of Wilson County and farmers are vaccinating their animals to stem the outbreak.
