Watch Your Kidneys!
Be Sure They Properly Cleanse the Blood
YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained.
Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.
Don't delay? Use Doan's Pills. Doan's are especially for poorly functioning kidneys. They are recommended by medical users the country over. Get them from any druggist.

I Am Insurance

I am insurance. I am the life blood that courses through the human race. My arms reach around the world, enfolding millions into my care. I am the protector of the home, the educator of children, the safe harbour of the aged, the arbitrator of business, the lubricant that oils the wheels of industry. I minister unto the needs of the rich and poor alike. The same consideration and service I give unto the capitalist I give also unto the laborer. I am the sedative that lessens the worries of mankind. I am the magic wand that supplants uncertainty, doubt and fear with security, confidence and peace. I am the good fairy that stands by in the time of trouble, comforting the bereaved in time of sorrow, always present in time of need. I am the hand that guides the destiny of millions. I am the bar that obstructs the passage of dependence. I am the beacon of hope that shines for all. I am your friend, your benefactor, your anchor—I AM INSURANCE!
