The report goes 'round and 'round that Roxboro is selling tobacco higher. For the first time in a number of years we hear no complaints in the country about the Roxboro tobacco market. Farmers everywhere agree that tobacco is selling just as good, or better here than anywhere. Visit this market any day in the week and you can see that top prices are being paid. Roxboro is far ahead of last year in number of pounds sold for the same period of time, and Roxboro is going to continue to gain. The price average for the season is also climbing up and bids fair to be on the top once more at the end of the year. For the past two years Roxboro has been right on top with price average. This year offers the best opportunity that we have ever seen for a large growth in this market. There is absolutely no complaint anywhere, and if all the people would start working hard to get tobacco here you would see it start rolling.

At the present time Roxboro has a heavy sale on Fridays and Mondays, but not so much tobacco comes here on the other three days. A little work would fix that and you would see about a hundred thousand pounds here every day until after Thanksgiving. Now is the time to start to work. In a majority of instances the farmers had rather sell here than on other markets and if we just start asking them, they are ready to come. It's the first time in a number of years when there is absolutely no complaint that can honestly be lodged against this market. And another thing — the buyers on the Roxboro market are doing all that they can do. They are lending all of the co-operation that is possible and they are really going the limit. We can well afford to be proud of all our buyers. Let's go get that tobacco. You will find everything in much better shape and it is easier to get.

The People's Bank is sponsoring a series of broadcasts concerning the Roxboro market over radio station WPTF, Raleigh. This bank is doing this of its own free will and accord, and it is certainly a fine thing for the bank to do.

This program, one minute long, comes on after supper, between six and nine p. m. and is heard every Tuesday, Thursday and Friday in the week by thousands of people. The bank has set an example that more should follow, that of really trying to do something for Roxboro. More than that every pound of tobacco that is raised on farms belonging to the People's is sold in Roxboro.

The Person County Times is very glad to welcome into the Fourth Estate a number of high school students who are, this week, publishing their first high school paper. We haven't seen a copy of it, but we have an idea that it will be very good. Those in charge have worked long and hard on the first issue and they have received splendid co-operation on the part of the merchants.

Place your order now for one of these papers. It will be very interesting and well worth your time and money. Congratulations to those who are in charge.

Duke and Carolina have both been defeated in football. Now we can go back to work and not worry about the price of a ticket to the Rose Bowl.

Just a reminder to do your Christmas shopping early. You can never tell when the snow will come and make it hard to get around. Remember last winter.

**REPORT OF GRAND JURY**

"Report of the Grand Jury for 1936, October Term Person County Superior Court"

We the Grand Jurors for the October term of Person County Superior Court, beg to submit to His Honor Judge Clawson L. Williams, judge presiding, the following report of what we have done.

1. We examined and acted upon all bills sent us and have returned true bills and made presentments in all cases that we thought needed such action.
2. A committee from our number visited the County Home, we found the inmates there well cared for, and a plenty of supplies on hand, and the affairs there to be well managed. We found 29 inmates, these being composed of 17 whites, and 12 colored.
3. We visited the County Jail and found same to be well kept and in a very sanitary condition.
4. We visited the various county offices of the courthouse and found them to be well kept in a neat and orderly manner, and the records all well kept, with plenty of vault space to take care of the present needs.
5. We visited the various county schools and found them all in fine shape and condition, with the exception that we found at one of the schools three boys driving school busses that are under the age of 18, and at another school we found four boys under the age of 18, and at another school we found one boy under said age driving the school bus.
6. We visited the County Prison Camp and found same to be right badly torn up at the present time, as the new camp is now under construction on the same sight of which the old camp was situated. We are informed by the Superintendent of

said camp that they were anticipating on moving into the new camp now soon.

We found in the Clerk's office that all the Guardians, with the exception of the following four, have filed their Annual Reports as required by law:

Moe Goodman — Last report filed June 8th, 1933. The report shows that he had on hand for Shirley Goodman \$747.18, and for Ruth Goodman \$1138.00. Does not show how invested.

J. Frank Timberlake — Last report filed March 12th, 1933. Amount in bank \$413.78. Guardian due Wards \$191.68.

Mrs. Myrtle W. Long — Qualified as Guardian Oct. 20th, 1934, and has not filed a report. Amount due 3 heirs at qualification was \$127.38.

Mrs. Emily N. Watkins, Guardian for Ann Watkins, died in 1934. Amount due Minor at qualification was \$5000. Died before making a report. Will requested that no bond be given.

All Justices of the Peace have filed reports as required by law.

Having reported this work of ours we feel that we have carried out the duties of our office and ask that we be discharged.

Respectfully submitted this the 20th day of October, 1936.

W. C. LAWSON,  
Foreman.

**CENTRAL SCHOOL NEWS**

On Thursday morning of last week Central School was favored with a visit from Mr. Hamilton, who, in his usual interesting manner, told the story of Isaac and Jacob, which was greatly enjoyed. To Mr. Hamilton the school would like to give the name that Robert Louis Stevenson won among the natives of Samoa, "Tusitala," the "Teller of Tales." The school can think of no more appropriate or more fitting one as he always brings a story that fascinates and holds our attention from beginning to end.
