

HENRY GATES TO VIEW NEW FORD IN DETROIT FRI.

Left Roxboro Wednesday in Order to Visit Ford Plant and See New Models.

HENRY FORD TO TALK TO ALL PRESENT

Mr. Henry Gates of Person Motor Co., local Ford dealer, left for Detroit Wednesday with some 185 Ford dealers from North and South Carolina, who with 7,000 others from all sections of the United States, will move into Detroit by special trains this week-end for a two-day gathering at the Ford Motor Company's factory, the first assembly of its kind in the history of the Ford organization, for a display of the forthcoming year's models of the Ford V-8. They will be guests of the Ford Motor Company while in Detroit.

Wives and members of the families will travel with the Ford dealers in this spectacular gathering at Detroit, which will last through Friday and Saturday, bringing every dealer in the country into personal contact with Henry Ford, creator of the gigantic industry that bears his name, and Edsel Ford, his son, who is President of The Ford Motor Company.

The high note of Friday's Program will be the first view of the 1937 model of the Ford V-8. The dealers and their guests will be taken through the Rouge and Linden plants of the Ford Motor Company for their first view of the car that will be offered to the public shortly.

This is the first time that Ford dealers have gathered at Detroit for an inspection of a new model. In the past the custom has been to assemble the dealers at the branch headquarters in the region where they operate, but this year the Ford Motor Company has had them assemble at Detroit where Mr. Ford can deliver personally a message that will outline his views on the business that is gathering top-notch speed. Outstanding in the ceremonies Friday, the opening day of the meeting, will be the presentation to Henry Ford of a huge old Cape Cod windmill, the gift of all the dealers in the United States.

The windmill has been standing on Cape Cod for generations but is still in an excellent state of preservation. It has been placed in Greenfield Village, the small city of original American buildings and homes that Henry Ford has bought and assembled as a means of preserving living chapters out of old American history. The purchase, dismantling, moving and reconstruction of the old windmill was made possible by contributions from the dealers and it will be an engaging addition to the scenes in Greenfield Village.

Dealers from all over the two Carolinas will assemble at Charlotte on Wednesday where they will board a special train for the ride to Detroit, arriving there for

breakfast on Friday morning, November 6th.

The meeting will open officially at the Coliseum on the State Fair Grounds in Detroit, Friday morning at 9 o'clock, EST. The morning program will consist of the presentation of the new models and a general get together meeting. From 12:30 until 2 p. m. there will be a luncheon, at which the windmill will be formally presented to Mr. Ford. The luncheon will be followed by a tour through Greenfield Village. Saturday morning at 9 o'clock, the dealers will visit the Rouge and Linden plants.

W. C. Patterson, manager of the Charlotte Branch of the Ford Motor Company, and N. A. Oliver, Assistant Manager, will be in charge of arrangements for the special train that will leave this section and will see that all dealers make the trip in solid comfort.

CONGRESS LOST SIGHT OF

Washington, D. C. — Amid the smoke of a hot Presidential campaign, many political workers have lost sight of the fact that at next Tuesday's election the people of the country will also vote for 35 Senators and 435 Representatives. Leaders generally admit that regardless of the Presidential outcome, the division in the lower house will be a close one.

THE BUSINESS OUTLOOK

New York City. — Steel operators stood at 76 per cent of capacity,

against 52 per cent last year. Commercial loans by banks in 101 cities rose \$43,000,000 over the previous week. Electric power consumption increased 16 per cent over the same period last year. Cigarette production increased 33 per cent over 1935 in the month of September.

QUEEN MARY SHAKEN UP

Cherbourg, France — In the roughest crossing since her launching, the Queen Mary on her arrival at this port reported 30 persons injured during the trip.

WATER FRONT STRIKE LOOMS

San Francisco, Cal. — A vote to be taken this week may call out on strike 37,000 maritime workers at Pacific Coast ports. Every effort is being made by State and Govern-

ment labor officials to compose the difference between the workers and employers.

KING'S MARRIAGE DENIED

London, England — A dispatch published in a New York newspaper stating definitely that King Edward VIII would marry Mrs. Ernest

Simpson, his American friend, in June next, met general denial in well-informed circles here. Following her divorce, it is said that she will travel extensively, possibly including a trip to the United States.

To Quickly Ease Pains of Rheumatism

Ask Your Doctor About Genuine BAYER Aspirin

Any person who suffers from pains of rheumatism should know this: Two genuine BAYER ASPIRIN tablets, taken with a full glass of water, will usually ease even severe rheumatic pains in a remarkably short time.

Ask your doctor about this. He will probably tell you there is nothing better. For real Bayer Aspirin tablets not only offer a potent analgesic (pain reliever), but start going to work almost instantly you take them. Note illustration of glass.

Try this simple way. You'll be surprised at how quickly pain eases. Get real Bayer Aspirin by asking for it by its full name, "Bayer Aspirin" at any drug store. Now virtually one cent a tablet.

"I feel cheered up at mealtime and after..."

says TONY MANERO, 1936 OPEN GOLF CHAMP. "When I enjoy Camels," Tony adds, "I have a feeling of ease afterward."

NEWSREEL CAMERAMAN, Douglas Dupont (above), reports: "Camels are a big aid to my digestion. I smoke Camels at meals and after eating."

CAMELS COSTLIER TOBACCOS

(Above)—MANY WORLD'S RECORDS on land, sea, and in the air have been set with GULFPRIDE OIL. Racing drivers, fliers, speedboat pilots swear by it. Proved in the toughest competition, GULFPRIDE will outwear, outlast, and outperform any oil you ever used in your car!

(Left)—4 TIMES AROUND EARTH. A man drove his automobile on GULFPRIDE OIL 100,000 miles—without ever needing a repair, without ever having the head off the motor, without ever adding one drop of oil between drains. Expect great things of GULFPRIDE—you'll get them!

WHY is it that no other motor oil in all the world can deliver the performance of GULFPRIDE OIL?

Because only GULFPRIDE starts from the finest Pennsylvania crudes... is refined to the same point as other fine motor oils... and is then further refined by Gulf's exclusive Alchlor process!

This process is the most efficient ever developed—the fruit of 15 years' research by Gulf scientists—men who stand behind every Gulf product.

Read the facts on this page. Then drive into any Gulf dealer's—and replace your old summer-worn oil with GULFPRIDE now.

THE ALCHLOR PROCESS removes all sludge and residue. Proof: we took 6 of the finest Pennsylvania oils we could buy and put them through the Alchlor process. It removed 20% waste from already highly refined oils! Be wise—get GULFPRIDE—the only oil that has this head start.
