## Collins & Aikman Corp. Gives Raise Of 10% In All Depts.

Notice Posted on Bulletin Board Tuesday Morning and Increase is Effective Nov. 21st; Executives Not to Share in Increase. Approximately One Thousand Local People to Benefit.

### SAME INCREASE IN ALL COLLINS & AIKMAN PLANTS; 5,400 PEOPLE GET RAISE

There is reason for rejoicing in this county. On Tuesday morning the following notice was posted on the bulletin board at Collins and Aikman.

"Effective with the week ending Nov. 21st, all wages and salaries, with the exception of executive salaries, will be increased ten per cent in appreciation of the continued fine efforts of the C. & A. family."

Needless to say this announcement was received with rejoicing by those who are connected with the mill.

This announcement came from headquarters in New York and was sent to all of the C. & A. mills. Around 5,400 people received this increase. Approximately 1000 in the Roxboro branch will benefit.

A few months ago this same company declared a bonus and everyone in the mill who had been there for any length of time received a nice check for \$20.00.

The recent raise of ten per cent will do much toward helping conditions in this county. The pay roll is large and an increase of ten per cent will mean a large amount of extra money.

Collins and Aikman Corp. has meant much to this county and it is evident that it will continue to be one of the greatest assets of this territory.

## HUNTING SEASON TO OPEN SOON

All People Who Expect to Hunt Are Urged to Get License at Once.

The 1936-37 hunting season opens on Friday, November 20, which is about one week earlier than it opened last year. The trapping season is now open.

If you are going hunting get your license before the season opens and have the use of it for the entire season. Licenses are handled by the following people: Dan Whitfield, Frank Whitfield, Louis Hester, F. D. Long, C. A. Long, P. E. Wilkins, Sam Robertson, S. P. Gentry, Dock Seatt, Central Service Station; Helena, Luther Duncan and probably Moriah. We had a last minute rush last year just before Thanksgiving and some of the agents ran out. Please get your license early so that we can tell better how many licenses we will need for the season.

The farmers and hunters have shown a splendid spirit of cooperation toward the game laws by complying with them and reporting violations that come to their notice.

Your license button is your protection, if you buy it and lose it, we have a record of it and you will be taken care of.

Report violations to your nearest deputy or to me.  
Yours for better hunting,

## FANS READY FOR DUKE-CAROLINA CONTEST ON SAT.

Both Teams Look Very Strong and Either One Can Walk Away With Game.

Football fans of this county are ready to go to the Duke-Carolina game this Saturday in Chapel Hill. It is probable that five or six hundred people from Roxboro and Person County will attend this game.

Both schools have a large number of supporters and they are now getting red hot about the merits of their respective teams. Fans for both teams admit that either side could win, but they are all praying that it will be their team on the long end of the count when the whistle blows its final note Saturday.

Roxboro is a real football city. The fans here go to as many games as they can and listen to the others over the radio. They bet a little, but never lose or win any great fortune.

Saturday will wind up the season for many local fans. Some will attend a game on Thanksgiving, but a majority will wind up with Duke and Carolina Saturday.

Editor's note — I would have made this article favor Duke, but Gene Thompson and Sam B. Winstead were standing over me with two clubs. I could do nothing other than be fair.—J.S.M.
