OLIVE HILL SCHOOL NEWS

The public may have noticed that very little has been said about the activities of Olive Hill school this fall. The fact is that we have been so busy doing things that we have not had time to tell you about them.

Early in the fall our County Board of Health held a clinic here for two grades. It is a proven fact that if a child's health is impaired that his school work is of an inferior quality. We appreciate this act by the Board of Health.

Our stage has been enlarged recently and velour curtains installed, including a cyclorama. To other places in the building have been added, light fixtures, extra radiator coils in two north rooms, painting, and other things. We are grateful to our County Superintendent for these necessary materials.

Some of the boys have been playing baseball but are now preparing for basketball.

We are glad to have had as visitors of an earlier date, Rev's. N. J. Todd and L. V. Coggins. The school is fortunate to have had these speakers of note and invite them to come to us at will.

CONDITION IMPROVING

Physicians attending Pope Pius XI report a change for the better in his fight against partial leg paralysis and the infirmities of his 79 years.

WHO AM I?

I am a powerful moral force; I invoke worthiness; I appeal to prudence, to right conduct; I plead to human consideration, and to love; I ask men to "take thought for the morrow"; I caution present sacrifices for future personal comforts; I pray for children who someday may be fatherless; I preach for soulful women who may have to battle in this world alone, unguarded, unhelped, unwanted; I am the hope of millions in all stations of existence; In an extravagant age my call is to thrift; I offer to homes the only bulwark against disaster; I have figures that reveal the rewards attending right living, and the penalties that threaten the vicious and the careless; I am modest in my contacts because my mission is one of HUMANITY; I am your Life Insurance Solicitor.
