YGROUND WORK Candidates Enter Last Stage of **GOING FORWARD Times' Circulation Campaign**

Workers On This Project **Badly Needed At Once** ENGLISH AMBASSADOR

SHOT It was reported in Roxboro this

morning that the English Ambassador was shot in China either this morning or late yesterday. The report stated that he was riding in an automobile and flying an English flag.

This report came over the wire of E. A Pierce and Co., Raleigh, N. C.

It was also reported that he was shot by machine gun fire from an airoplane. A blood transfusion from an American sailor has been given but his condition is very serious.

NEW INVENTION ON FIRE TRUCK

year many more improve-Simple Device Enables Truck To **Pump Water From Tub Or** Pond

> A very simple fire-fighting apparatus has been added to the fire truck of this city. This device is home-made and cost no money, but it may save thousands of dollars. It is a piece of booster hose that will connect with the fire truck and enable the firemen to draw water from a large tub, pond or anything close. The race is not yet over and that has water in it. In other words they can fight fire away from the several times during the day. city fire hydrants or where there

L. K. Walker, fire inspector, states is no city water line. Prior to the time that this invention was put into use firemen had were too far out to get city water. Now they can use both. About fif-This inspection tour is designed teen gallons of water are required busy. to eliminate all fire hazards and to start this suction hose.

Altho the device is very simple store or grounds cleaned will be it will probably see a large amount warned the first time. If found of service and means added prowho are away from fire hydrants.

Mr. Walker is very anxious for all people to cooperate in every posContest To End Tomorrow, Aug. 27th., At 9:00 P. M. Contestants Urged To See All Prospects At Once. One Subscription May Cause You To Lose.

Plenty Time Left For Large Amount Of Work

Tomorrow night at 9:00 P. M. the circulation campaign of the Times will be brought to an end. Some boy cr girl will have won the bicycle and also the movie tickets. Those who do not win prizes will receive a cash commission of 20 percent of all the money they furn in.

The race has been very hot and it still remains that way. No one, not even the manager, has any idea who will win. The boys and girls have been working hard this week and there is no telling how many votes they have secured.

Many candidates had a number of good promises for this week and its up to them to see to it that these promises mature into subscriptions. Candidates are also urged to work day and night as one subscription might be the means of getting ahead of your nearest competitor.

This new Goodrich bicycle is worth all the trouble that any boy or girl has gone to. It is a thing of beauty and will last a long time.

Even tho the contest ends tomorrow at 9 P. M., August 27th., there is a full day ahead and many subscriptions can be obtained at the the candidates may change places

This little campaign, staged just for boys and girls, has added a large number of new subscribers to the Times' mailing list, but many proved during recent weeks and es- to use the chemical tank when they more would take the paper if the contestants would see more people. The time is short and all must get

Remember candidates-you must report to this office by 9:00 P. M., August 27th. Better be a few minutes early than late.

See your prospects at once and have your report ready.

CITY OFFICERS GO Co. Superintendent HOUSE CLEANING STRIKES AUTO Over Fifty Gallons Of Whiskey **Poured Out Monday Afternoon**

Attended Meeting City And County Schools Ready For Opening On Tuesday, September 14th.

R. B. Griffin, county superintendent, has returned from Wrightsville Beach where he attended the annual meeting of city and county school superintendents.

A wide range of problems school administration was discussed and a number of prominent school men addressed the school authorities at this meeting.

Both J. W. Gaddy, principal of the Roxboro schools and R. B. Griffin, state that everything is ready for the opening of schools in this county on Sept. 14th.

All of the teachers have been elected and are now ready for duty. There will be several new teachers in this county this year and Mr. Griffin is well pleased with all the faculty members.

A larger enrollment than year is expected in practically every school. Many new vocational subjects will be taught over the county. There will be eleven vocational teachers in this county.
