## 7 Patients Taking Treatment For Syphilis In County Clinic

Dr. Allen Reports That Clinic Can Take Care Of A Much Larger Number. Each Patient Given One Treatment Per Week.

Patient Must Continue Treatment Until Department Frees Them

The Person County Health Department has already started the clinic for the treatment of syphilis and seven colored people of this county are taking this treatment. Four people started and the number has now reached seven. It is thought that this number will gradually increase.

Dr. Allen stated that five of the cases that were being treated were sent to the health department by doctors and two by the welfare department.

Each patient, rich or poor, will be given one treatment per week. All get the same treatment which is considered adequate.

If the patient is a domestic servant or food handler they are made away from their work three weeks. One shot of 606 given by the department will kill, within 24 hrs., every syphilis germ even in external sources, but the treatment must be continued if the patient is cured. No treatments vary with individuals.

The health department could take care of any number of patients and all must be treated until turned loose by the department. If the patient refuses to continue the treatments until pronounced O. K. the health department has the authority to order his or her arrest.

The City of Roxboro will advertise for sale all property with unpaid taxes for 1936 on November 1st. This decision was reached by city officials at a meeting of the board on Tuesday night, October 5th. Notices to this effect will probably be mailed out today.

Tax notices informing tax-payers that their 1937 taxes are due were mailed out last week and city manager Harris states that many are paying their 1937 taxes now.

## JUSTICE BLACK TAKES SEAT

Washington, D. C.—Former Senator Hugo Lafayette Black of Alabama took his seat as Associate Justice of the Supreme Court, as appointee of President Roosevelt to the vacancy by the retirement of Justice Van Devanter, without reference to his early affiliation with the Ku Klux Klan. Two motions were submitted by lawyers attacking his appointment on the score that no vacancy existed, since Justice Van Devanter is merely "retired," and that as a Senator he had voted an increase in the pay of Justices of which he himself will now be beneficiary. Both motions were received without comment, and after less than half an hour routine the Court recessed for one week.

Market Will Probably Sell Over One Million Pounds By Saturday. Average Continues To Remain Slightly Over 28 cents Per Pound.

Big Break Expected Friday Of This Week And Next Monday

The Roxboro Tobacco Market has been breaking all recent records this week when it comes to price average. The estimate average for sales this week is 28 cents for each and every pound sold. Several houses averaged 30 cents one or two days in succession for their entire sale.

Altho rain prevented many farmers from bringing their tobacco to market on Monday and Tuesday approximately 250,000 pounds of tobacco were sold on Monday, Tuesday and Wednesday. By the end of this week the Roxboro Market will probably have sold over one million pounds of tobacco.

Farmers from all sections of the county report that they are well pleased with the price that they have been getting. Medium grades are selling much higher than they were last year and good tobacco continues to sell good.

The second big break of the year is expected Friday and next Monday should also prove to be a good day for the market. Many farmers are busy stripping during the recent rainy spell and reports indicate that there is a large amount of tobacco ready for sale in the county.

Warehousemen believe that Roxboro will sell at least two million pounds more this year than last year and if this market continues to please the growers it is possible for it to sell three million more.

## SCOUT TRAINING COURSE SUCCESSFUL

Bushy Fork Citizens Looking Forward To Having A Splendid Scout Troop Very Soon

The Scout Masters Training Course that was held at Bushy Fork High School last week-end was very successful in every way and was greatly enjoyed by those who attended the meeting.

Approximately fifteen scouts took the courses and all received their instructions from Pat Patterson, Scout Executive and Lon G. Turner, veteran scout. Several of those who took the course were from Roxboro, about four from Bushy Fork and others from near-by counties. The training course was completed Sunday afternoon.

Messrs. Hester and Mason, Principal and Teacher of Bushy Fork, were present for the course and they will take over scout work at Bushy Fork. They expect to organize a troop at once and people of that community are very anxious to cooperate in scout work.

Efforts are now being made to organize scout troops at Longhurst, East Roxboro and Timberlake. All of these places have had troops, but recently there has not been the proper amount of interest to keep the troops going. The boys in all of these communities are very interested, but it has been impossible to find scoutmasters.
