

"Gowns of Tomorrow" in New York Fair Exhibit

NEW YORK (Special).—Luxurious fabrics and the latest designs in evening gowns are presented by the New York World's Fair of 1939 in this display in the Hall of Exhibits of its Administration Building at the Fair site, Flushing Meadow Park, New York City. The gowns, created by several of the foremost stylists of the city, are in five progressive shades of copper velvet, the luxury color and material of the season. They range from the deepest ruddy brown of the rich metal to the pale tint of old sherry and show what the ultra-fashionable woman will wear this winter. The specially designed mannequins stand upon slowly revolving platforms to bring out the changing lights and shadows of the materials. The walls of the exhibit are blue with panels of quilted fawn velvet.

MANY ACTIVITIES AT BUSHY FORK

P. T. A. To Sponsor "Boy Rangers" and "Camp Fire Girls"; Parents Asked To Cooperate

The Bushy Fork P. T. A. had its regular monthly meeting Thursday evening. The attendance was the largest in the history of the local organization; 152 being present. The membership committee reported an addition of 22 members. The third grade won the prize for having enrolled the most new members.

Rev. and Mrs. L. V. Coggins were guests for the program and their

messages were most enthusiastically received. Mr. Chandler, one of the patrons, with a daughter at the piano, one playing the violin and a son playing the banjo, sang several songs which added much to the interest and enjoyment of the meeting. Another added interest to the program was a moving picture showing the working of the organization of "Cubs."

The Executive Committee and Study Group had their meetings preceding the regular meeting. The P. T. A. decided to sponsor a troop of Boy Rangers for the boys from 8 to 11 years of age and a troop of "Camp Fire Girls. These organizations are wonderful for training smaller boys and girls in leadership and citizenship. It is hoped that the parents will cooperate in making these a success.

The Fourth Grade won the award for attendance at this meeting. Delicious refreshments were served to all at the end of the meeting. The Third and Seventh Grade report more than 95 per cent attendance record for the week.

Herbert Mason and Jerry Hester attended the training course given for scout leaders at Cherokee Camp last week-end, Nov. 6th. and 7th. and they report a very interesting and inspirational meeting. The contact and exchanging ideas with other scout leaders in such meetings should help these men do a better job of scouting in their local troop

at Bushy Fork. The school has a new movie projector and was fortunate in having Pat Patterson, the Scout Executive, to visit the school Thursday, set up the machine and show the school some Boy Scout pictures. The teachers with the help of the principal are working out a schedule to receive educational films weekly throughout the school year. These pictures will be given as a supplement to the text of history, geography, health, science, nature study, art and music. It is hoped these subjects may be made more interesting through this visual aid.

Irvin S. Cobb's Judge Perfect Rogers Role

Beloved Humorist At Witty Best As The Famous "Judge Priest"

At Dolly Madison Mon. and Tues.

"The jeweler who sells you a precious stone seldom worries about its fate. You can put it in a ring, in a crown, in a safe or throw it in the well; it's all the same to him after the sale is completed!"

This is the attitude of Irvin S. Cobb, famous humorist and author, who sold a number of his famous "Judge Priest" stories to Twentieth Century - Fox to be welded into Will Rogers' greatest picture, "Judge Priest," coming Monday at the Dolly Madison Theatre.

This tolerance towards the studio is typical of the easy-going, generous good nature of the humorist, characteristics typical also of the story character he made famous, the lovable "Judge Priest."

When Cobb viewed the completed screen play by Dudley Nichols and Lamar Trotti, he expressed the warmest enthusiasm for the film adaptation and its handling by Director John Ford.

"Even if I were a man to worry about his yarns after they are sold for adaptation, there would be no cause for it this time," Cobb said. "Will Rogers is the perfect man for Judge Priest. No actor that I know could have made him so warm and wise and human."

In "Judge Priest," Will has one of the largest casts ever assembled for one of his films. Rochelle Hudson, Tom Brown, Anita Louise and Stephin Fetchit are featured in the leading roles. The film was produced by Sol M. Wurtzel.

Allensville Play Postponed

"Strike Three," the annual play of the Senior Class of Allensville High School, has been postponed until Monday evening, Nov. 15th. This postponement was caused by the inclement weather Friday evening, when the play had been scheduled. Laughter is good for the soul.

It stimulates and amuses and takes one's mind off their worries. For these reasons you can't afford to miss "Strike Three" at 8 o'clock Monday evening in the Allensville High School Auditorium. If you cannot give way to the unbridled merriment when you see "Strike Three," then something is wrong with your funny-bone and there is no hope for you. This play has just been released for amateur performances after a long, successful professional run. It is a sure cure for the blues and keeps you in a constant state of wonderment as to what is coming next. That's the kind of a play it is.

Those planning to see "Strike Three" Friday evening are urged to come Monday evening at 8 o'clock. Admission 15c and 25c.

Thomas; Song - Holy, Holy, Holy; Pearl H. Pittman introduced the speaker, Rev. J. Jasper Freeman, pastor of New Mt. Zion Baptist Church. His topic was "Where do We Go From Here?" He gave a very vivid description of life on the farm. As an example of "Live at Home" he gave Percy Warmack who has accomplished much on his farm in Olive Hill section and without one eye.

Other remarks were spoken by the Principal H. L. Price and by C. J. Ford. After this the announcement of the winners of the exhibits were made. The audience was then asked to go to the agricultural building where the exhibits from the farms and works of the school children were on display.

Needlework, canning of all vegetables, fruits and other items were on exhibit. The boy's display consisted of three way bookracks, pig feeders and cabinets.
