Case No. 29
Rural (colored) An old colored woman 72 years old, with no relatives will probably be forgotten this Christmas unless someone would be kind enough to provide a little snuff, fruit and sweet soap.

Case No. 30

Case No. 31
Two feeble minded women need clothing and food.

Case No. 32
Rural (colored) An old man 84 years old, his wife and three children, a girl 13, a girl 12 and a boy 7, are living on \$8.00 a month. There will be no Christmas in this home unless someone provides it. Food, clothing, toys and household necessities will all be acceptable.

Eleven pigs fed by J. K. Grey, Jr., 4-H club member of Green County, paid him a net profit of \$73.28 or \$1.57 a bushel for 94.5 bushels of corn fed to the pigs.

Case No. 33
Rural (colored) An old couple and their daughter will have no Christmas unless someone provides some snuff, fruit and clothes, or anything which might be used by them. The couple is getting no aid of any kind from the Welfare Office.

Case No. 36
Rural (colored) An old woman, would appreciate a little snuff, fruit or soap to help make her Christmas happier.

Case No. 39
Rural (colored) This old colored man is a cripple and is hardly able to supply any Christmas for himself. Someone please send this old man some snuff, fruit or anything else appropriate.

Case No. 40
Colored woman about thirty-five and unable to work because of deformity would enjoy dainties and gifts.

Case No. 42
Middle aged colored woman in ill health would enjoy some snuff and fruit.

Case No. 43
Town Family (White) An old lady 77 years old, completely dependent upon her son, who is out of a job and has a large family, will have no Christmas this year unless someone will be good enough to send her some fruit or some other delicacies.

Case No. 44
Rural (colored) An old lady 84 years old and needy, should be remembered this Christmas with a little snuff, fruit or anything else appropriate.

Case No. 45
Colored man disable to work, but unable to qualify for Old Age Assistance would like some fruit, candy and a gift.

Case No. 46
Rural (colored) An old woman living alone would be cheered this Christmas if someone would give her a little fruit or snuff.

Case No. 50
Urban (white) Woman 75 years old. Has been ill for the past two weeks. Any gift or a Christmas box would be appreciated.

Case No. 51
Rural white family, consisting of Mr. X, Mrs. X., age 66 and 49 respectively, boys 16, 5 and girls 9 and 14. Mr. X has been ill for several months and could not make a crop this year. Mrs. X and the children string sacks and work out as day laborers to earn enough money to buy food. The children attend school and are fairly advanced considering the opportunities which have been offered them. There are no relatives or friends who are financially able to help the family and unless outside aid is solicited it is doubtful that there will be any Christmas celebration in this home.

Case No. 52
Rural colored family, man woman and girls 9 and 3. Man is crippled

and altho he has farmed and made every effort to support his family he cleared enough barely to pay his fertilizer bill. Recently his father, aged 70, was brought to his home ill and unconscious. This added responsibility is more than he can manage. The little girl, aged 3, has tuberculosis and will be in bed indefinitely. Clothing or toys and confectioneries would be greatly appreciated by these parents who will be unable to provide them for their children.

Case No. 53
Rural white family. Since the death of her husband Mrs. X has somehow managed to provide bare necessities for her family. However, this was accomplished by endless drudgery and effort of both mother and children. The small boys raise a tobacco crop, do the ploughing and work in the field after having paid fertilizer, bill rent and other bills the family has a balance of \$20 to run them for the year. The children are unusually intelligent and Mrs. X says they read for hours, late at night by lamplight. She is most ambitious for her children and hopes some day to be able to send them to college. They would like a book, magazines, toys or fruits and candy. Their favorite magazine is Popular Mechanics.

Case No. 54
Urban white family. Mrs. X., age 59, is a widow. She has been an invalid for several years and has not been out of bed for the past year. Her son is an employee at a local mill but has not had work recently, and for this reason the income is inadequate to meet family needs. Clothing, fruit or any gift suitable for a person who is confined to her bed will help make Christmas more cheerful.

Case No. 55
Rural white family, man, woman and children. Mr. X has just returned from the hospital after a long illness. He could not supervise the tobacco curing and when it was sold it did not bring enough to pay the landlord's back debts, and the hospital bill. The family has not had sufficient food or clothing this fall. Clothing, toys or confectioneries would help to make a brighter Christmas for them and they are wholly dependent on outside sources for this.

Case No. 56
Urban white family, man age 74, has been well known and active business man of Person County for 40 years and is now unable to work. Old Age Assistance has been granted, but a gift to show that he has been remembered would be most appreciated.

Case No. 57
Urban colored family. Old slavery woman whose exact age is not known. She remembers when "Lee Surrendered" and is known to most everyone in Person County. The county has cared for her for several years and she expects a basket from them each Christmas. Aunt Jane has

been in bed for a long time and perhaps will never be able to walk again. She has two grandsons, age 8 and 10, who stay with her. They too would be grateful for some small proof that Santa Claus did not forget them.

Case No. 58
Boy 8 years old who is a patient at Sanatorium, N. C., and will probably be there indefinitely. Altho the family does everything possible for him they are not financially able to send him very much. A box suitable for a boy who is a "shut-in" would be most appreciated.

Case No. 59
Rural white family. Mother, father and children, daughters 21, 19 and 5, boys 13, 11 and 8. Mr. X, has made every possible effort to support his large family but has failed. He has very poor health and has not been able to pay out from year to year. This summer the hail storm destroyed his tobacco and the family will be dependent on some outside source for food and clothing.

Case No. 60
Rural colored family. Widow with 4 children, boys 7 and 11, girls 4 and 16. Woman has tried to farm but has not made enough to buy food and clothing for her children. A Christmas basket with toys or fruit and candy are suggestions for this family.
