SET 1939 WHEAT GOAL

National wheat goal for 1939 has been set at 55,000,000 acres the minimum provided for in the Agricultural Adjustment Act of 1938. North Carolina will receive 363,117 acres. The allotment contemplates maintaining adequate supplies in this country for domestic consumption, for the usual export trade, and for adequate reserves equal to 30 per cent of a normal year's domestic consumption and exports.

WATCHING LEAF MARKETS

Farmers, warehousemen and business men are watching closely the opening of tobacco markets to see the effect of the new AAA program and adverse weather conditions on prices. North Carolina farmers will get their first chance to offer this year's crop when the Border Belt warehouses open August 4.

FARM INCOME DROPS

Cash income from the sale of farm products in the first six months of 1938 is now estimated at \$3,084,000,000, or 12 per cent less than the 3,499,000,000 reported for the first half of 1937, says a report of the U. S. Bureau of Agricultural Economics sent Julian R. Mann, extension statistician of State College.
