## NEWS OF THE WEEK

### MOTOR RECORDS SMASHED

Bonneville, Utah — The "Thunderbolt", Capt. George E. T. Eyston's enormous racing car, tore across the salt flats near here at 345 miles per hour, the fastest speed ever made by man on and. Capt Eyston broke his own world's record of 311 miles per hour made here last November.

### WHOLE FAMILY AFTER JOBS

Newark, N. J.—Seven members of the Maglio family are running for the State Legislature in the Republican primaries. Salvatore wants to go to the Senate and three brothers and three sisters are after Assembly jobs. Another Maglio isn't running because he is only 20 years old.

### FAMOUS ACTRESS DIES

Boston, Mass.—May Yohe, celebrated on the stage a generation ago, who as Lady Hope, wife of Lord Francis Hope, once possessed the famous Hope diamond, is dead. She was a friend of the Prince of Wales, afterward King Edward VII. She later married the son of former Mayor Strong of New York and at the time of her death lived in comparative obscurity as the wife of Capt. John A. Smuts, distantly related to the High Commissioner in London for the South African Confederation.

### JOHN ROOSEVELT AT WORK

Boston, Mass.—Returning from his Bermuda honeymoon, John Roosevelt, the President's youngest son, reported immediately for work at a local department store, where he will have to punch a time clock by 9:20 every morning and draw \$18 a week as a clerk.

### CHAUTAUQUANS VOTE

Chautauqua, N. Y.—Winding up the 1938 season, members of the Chautauqua by secret ballot revealed 75 per cent Republicans, 80 per cent wanted prohibition back, 90 per cent favored mercy deaths for incurables, 85 per cent were against government interference in business, and a majority favored classical to popular music and the legitimate theatre to movies.

### CATTLE-RAISING PROSPERS

Wichita, Kansas—The reappearance of plentiful grass crops in the once-desolate "dust bowl" has spurred cattle raising throughout South Central and Southwestern Kansas. It is estimated that cattle raisers in this district alone will do \$10,000,000 worth of business a year.

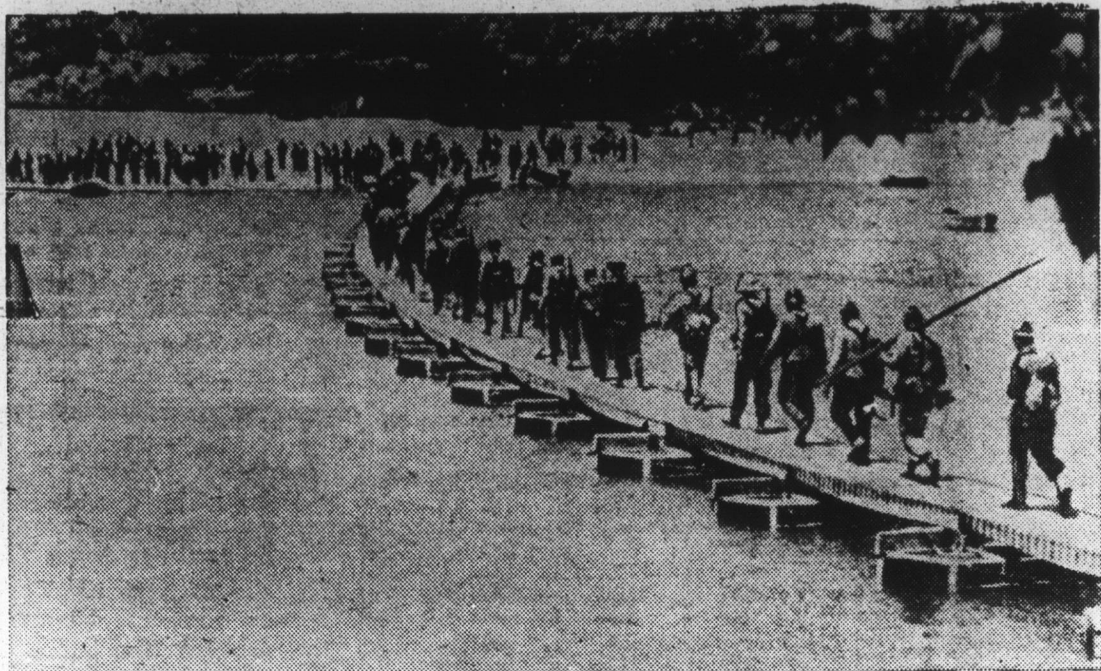

### PIANO PUPILS

I would like to see, at my home on Academy street, between the hours of 9:00 and 11:00 o'clock Tuesday morning, Sept. 6, all pupils who are planning to take music from me at either the Central or High School this year. Mrs. W. Wallace Woods

### JOINS HEALTH STAFF

Miss Charlotte Williams of local health staff. Miss Williams local health staff Miss Williams has just completed a course at Peabody college and plans to do field work here. She expects to be here about a month.

## When the Loyalists Crossed the Ebro

Spanish government troops shown in their advance against the insurgent armies of General Franco cross the Ebro river on a pontoon bridge. The surprise advance of the Loyalist forces made it necessary for Franco to withdraw troops from other sectors to resist their attacks.

## New Angles Of Home-Making Art To Be Stressed At Coming Movie Cooking School

### Allensville To Open Wednesday For 1938-39 Term

Principal Urges Parents To Send Children On First Day Of Session.

By S. B. Satterwhite, Principal. The Allensville school will open on Wednesday, September 7, at 9:00 a. m.

Parents are urged to send their children on opening day so that each child may get his books and begin work with his grade. Children often have difficulty with their school work because they enter late and don't begin work with the rest of the group. Parents are also urged to send their children every day. Regular attendance is usually the key to success in school work. Children who are present every day seldom have trouble with their work and almost always make their grades.

Bus routes are practically the same as last year. Where changes have been made the people interested have been notified. All bus drivers have been certified by a state highway patrolman and have been warned against speeding and reckless driving.

### Miss Foye Cozart Dies In Edenton

Miss Foye Cozart, 21, sister of Mrs. Evelyn Dickerson and Taft and Jack Cozart of Ca-Vel, died at her home in Edenton at 5:10 o'clock according to the message received here Friday morning.

Miss Cozart has been suffering with heart trouble for several years, and at one time was a patient in Duke hospital, Durham. She had frequently visited at Ca-Vel where she was well-known to many people.

Relatives said that the body would be brought to Ca-Vel for burial.

### IMPROVING

Master Gene Paylor, young son of Mr. and Mrs. Kelly Paylor, who has been ill with scarlet fever during the past week is improving rapidly and expects to be out before many days.

"Though spirits without experience is dangerous, experience, without spirit, is languid and defective."—Lord Chesterfield.

### Shows Modern, Scientific Ways Of Making Job Easier.

There is something new about the oldest and most important subject in the world—home-making, and the women of this community will learn all about it at the Motion Picture Cooking School being sponsored by the Person County Times September 13 and 16 at the local theatres.

The Motion Picture Cooking School is no routine lecture, no methodical demonstration, but rather a series of intelligent, interesting, and educational lessons of the newest methods of preparing foods for the family and making home-making a real art.

Each of the lessons is woven into the humorous, fascinating plot of the picture, "Star in My Kitchen," which tells the story of Dedee Abot who has just graduated from college to find herself faced with the responsibility of managing a large household.

Under the guidance of trained home economists and experienced home-makers, Dedee soon learns how to prepare foods for all occasions, and while she learns so also will the audience, because the suggestions and demonstrations will be clear and to-the-point. There will be close-ups of each step in the preparation of the recipes, making it possible for every woman in the theatre to see just what is happening inside the mixing bowl.

"Star in My Kitchen" was filmed and cast in a famous Hollywood studio, but it was assembled

### County Teacher's Meeting To Be Held Tuesday

J. Edward Allen, Superintendent Of Warren Schools, Principal Speaker?

The county-wide teacher's meeting will be held Tuesday morning at 10:30 o'clock, County Superintendent R. B. Griffin said yesterday.

The scene of the meeting Tuesday will be the Roxboro High school and the principal speaker of the occasion will be J. Edward Allen, superintendent of the Warren County schools. Mr. Allen, Griffin pointed out, is an able speaker and a veteran school man.

Colored teacher's meeting will be held at 9 o'clock Tuesday morning and at 2 in the afternoon, he said. The morning session, scheduled for the Person County Training School, will be conducted by a representative from the office of Dr. N. C. Newbold, state supervisor of colored schools.

At the afternoon session, the Negro teachers will hear Superintendent Allen in a general county-wide meeting.

### LEAVES HOSPITAL

Mr. D. W. Long has returned to his home on South Main St. after being confined to Gentry-Williams hospital for several days. His condition is much improved.

## Times Questions Dr. Allen On Diphtheria

With one case of diphtheria reported in the county and the season of greatest prevalence of the disease at hand, the Times undertakes to inform its readers of a few aspects of the disease with the hope that some person may be benefited. The following interview with Dr. Albert L. Allen, Person County health officer, is exclusive with this paper.

Q. What age group usually has diphtheria?  
A. Diphtheria is a child's disease, although adults may become ill with this infection.

Q. At what season of the year does the disease most often occur?  
A. Diphtheria occurs in fall and winter.

Q. How would a parent know his or her child had the disease?  
A. At first Diphtheria makes

the patient only slightly ill. There is a mild sore throat and low-grade fever, and the child is merely indisposed. A dirty, grayish, clinging membrane appears on the throat and tonsils. Later breathing becomes difficult.

Q. Is a child more sick at first with sore throat or Diphtheria?  
A. At the onset sore throat makes the patient much more ill, and causes a higher fever than Diphtheria.

Q. Is there a treatment for Diphtheria?  
A. Yes. One of the most efficient treatments known in medicine is known as anti-toxin, discovered in 1890 by von Behring. It is horse serum in substance, anti-bodies of the horse having been manufactured by the animal in response to administration of increasing doses of Diph

## Person County School Children, Over 7,000 Strong, Await Opening Wednesday

### Along The Way With the Editor

Last week the publishers of this paper wanted to run a picture of S. P. Gentry, R. F. D. merchant. Mr. Gentry said that the picture was so ugly that he had rather not have it in the paper.

How unlike S. P. Gentry is Jack Strum. Jack doesn't care how ugly his picture is he wants it in the paper any time.

And here is the prize story—Champ Winstead, Jr., son of S. G. Winstead, works in Washington with Uncle Sam. He is very absent minded and last week while at home he started out to play tennis and had forgotten to put on his pants. With that exception he was O. K. He had on shoes and a sweat shirt. Barden, his brother, saw what a mess he was in and stopped the sight before it reached the tennis court.

Teague Kirby has been caught playing golf again. He goes a long way to play and always slips out of the city without telling anyone where he is going. Joe, his brother, is always leaving the city but never plays golf.

Seen trying to collect on the streets of Roxboro Thursday were O. Z. Gentry, C. H. Oakley, W. H. Newell, E. G. Thompson, J. S. Merritt, Coy Day and a few others who were doing their "darndest" to extract blood from the turnips.

We forgot to mention the fact that Jim Harris, our city manager, was also trying to collect, but that doesn't make news as Jim is always trying to collect.

Norman Kinkead has been named assistant to Collins Terry. Messrs. Terry and Rowe run the bakery and now that they have Norman to help, you can watch our for high pressure salesmanship. The only trouble is that Terry and Kinkead eat all the profit.

Along the way last week we saw Ralph Cole who has just returned from the hospital. Ralph holds the world record for hospital attendance. He claims to have had more operations than any man in this county who is still living.

He can name about forty things that are wrong with his physical makeup and any one is calculated to kill. But Ralph marches on. Glenn Stovall, Chevrolet dealer, is recovering from an appendicitis operation. It has been said, it couldn't be true, that Glenn was scared to death. He was afraid that he would never leave the operating room alive. Yes, Glenn is living.

### MERRITTS HOLD FAMILY REUNION

Some 50 Members Of Family Gather Thursday At Old Homeplace.

The Merritt family held its sixth annual family reunion Thursday at the old Merritt homeplace near Wooddale with some 50 members of the clan in attendance.

The family gathered around noon for a picnic lunch which had been brought by various members of the family. A heavy rain, however, drove them inside where the bountiful dinner was eventually served.

There was no special program for the day, just a general get-together for the family.

### ALLEN REPORTS DIPHTHERIA CASE

Twenty-Three Year Old Semora Woman Contracts Disease.

A single case of diphtheria has been reported in Person County, Dr. A. L. Allen, local health officer said yesterday.

Mrs. Nannie Talley, 23, of the Semora community has contracted the disease. The case however appears to be well under control, Dr. Allen said.

Mrs. Talley, it is understood, is ill at the home of her father, Chappell Cole of Semora.

In commenting upon the case Dr. Allen stated, "Diphtheria is usually a child's disease and adults only become ill with it when their acquired resistance to the disease is temporarily lost and exposure to the organism has taken place."

### Funeral Friday For Aged Woman

Funeral services for Mrs. Ina Tapp O'Briant, 76, who died here Thursday, were held Friday afternoon at 3 o'clock at the Antioch church with Elder L. J. Chandler and Rev. O. C. Hawkins, officiating.

Mrs. O'Briant is survived by her husband, Albert O'Briant; a brother, C. H. Tapp of Timberlake; and by three step-sons, Irving O'Briant of Timberlake, Dr. A. L. O'Briant of Sanford, and T. L. O'Briant of Morganton.

Burial was in Antioch church cemetery.

"One example is more valuable than twenty precepts written in books."—Roger Ascham.

### Teaching Rosters Complete; Busses In Good Shape; All In Readiness.

Person County children, over 7,000 strong, will answer the opening gong Wednesday morning for the 1938-39 school term.

All schools in the county will open on this day and indications point to record enrollments for every unit. Buildings have been repaired and repainted, old teachers, in several instances, have been replaced with new. All is in readiness for opening.

Principals of most of the schools have been on the scene for some time and teachers have begun to arrive in large numbers. Tuesday will see all on hand for the annual pre-school teacher's meeting.

Eight new teachers are on the roster and Wednesday morning will see them taking up their duties along with the 111 white and 72 negro returning members of the county faculties.

Bus schedules are practically the same as last year, parents having been notified where changes have been made.

Eight new busses have been added to the Person county fleet. One of these will bring students to Roxboro schools while another will serve Person County Training school. The remaining six will be used as replacements for worn out busses.

### ROTARIANS HEAR TALKS ON CLUB

Program In Charge Of Country Club President Jack Hughes.

The new Country Club was the theme of the Rotary meeting Thursday night with Country Club President Jack Hughes in charge of the program.

Stuart M. Ford, resident manager of Collins and Aikman spoke briefly on the history of the Golf Course Movement in Roxboro.

Charlie Harris, in a brief address, urged the support of the Rotary club and made an appeal for new members for the Country Club.

City Manager James C. Harris, instrumental in securing the Works Progress administration grant which is making the club possible, told the Rotarians what

### Thompson Rites To Be Held Today

Mrs. J. N. Thompson, of Miami, Fla., died at her home in Miami Thursday afternoon at 9:15 o'clock after an illness of several weeks.

Mrs. Thompson was the former Miss Lillie Hammond of Greensboro where she lived a number of years before moving to Florida. She is survived by five sisters and a brother.

Funeral services will be held from the graveside at Leesburg cemetery this afternoon at 2:30 o'clock, with the pastor, Rev. B. D. Traynham, officiating.

### LIGHTNING STRIKES

Lightning struck the home of Edgar Woods, colored, in west Roxboro last Thursday and did quite a bit of damage to several pieces of furniture in one room and set fire to the house. The small blaze was quickly extinguished with water that was on hand.
