NEW STORE BUILDINGS WANTED

Roxboro has recently experienced a building boom of new houses, but there have been very few new stores built in the past several years. At the present time is practically impossible for a new concern to open a store here because there are only one or two vacant store buildings in the entire business district. If these do not fill the requirements there are no other places.

Roxboro needs four or five new store buildings right now. We believe that they would rent in short order and Roxboro would thereby be a little larger.

Right now we are thinking of business in Roxboro that has to move from its present location and there does not seem to be any place in the shopping district that this business can move to. The owner is even thinking of storing what he has and going out of business until he can find a place that he likes and can get. He is willing to pay a fair rent and has to have a place within forty-five days.

Roxboro needs four or five more store buildings. Who will build them?

FARMING FOR PERSON

It has been said that the mill payroll in this county is now larger than it has been in years. Our mills are certainly doing much better and the pay-roll money should be helping business.

Collins and Aikman is running night and day and products are being turned out about as rapidly as is possible under the present set-up.

The situation is quite different from last year. Our mills were doing very little and those who were employed there had little to look forward to as far as future work was concerned. No one knew what was going to happen. The situation looked bad.

This year we have our tobacco crop to worry about. Person County did not produce the best crop in the world and the price has not been very satisfactory. Many farmers have finished selling tobacco and have no money left.

Low priced tobacco and hot weather combined have not helped business conditions here and right now merchants are still looking for their fall trade.

The steady running of our mills has helped business and will continue to help, but that does not take the place of good tobacco at a good price. Person county is a farming county and the people live, mainly, on tobacco money.

AMONG THE VERY BEST

Britain called on her vast colonial empire last week to support United States Ambassador Joseph P. Kennedy's international plan to find refuge for German Jews.

Prime Minister Chamberlain asked the governors of British Guiana, Tanganyika, Kenya, and other colonies to report immediately how many Jews their territories could accommodate.

At the same time Britain asked the British dominions and the United States and other major powers what they were prepared to do.

The Jews are seeking a new home and it looks like the nations of the world are going to do all that they can to help them find this new home. They have the sympathy of the world and deserve every bit of it.

Wallace To Speak

(Continued From Front Page)

Wallace and his aids hope southern farmers will help them beat off attacks on present farm legislation, which are expected to come from corn and wheat belt representatives at the coming session of congress. In these regions Republicans made sweeping election gains, attributed partly to farmer dissatisfaction with low farm prices.

Officials conceded that defeat of the marketing quota proposals in the south next month would

have passed the 5,000,000 mark. These plates have been valued at more than \$65,000,000. The local office has been in operation five years.

The 1938 license sale sets a new peak in North Carolina. It is the fifth time the sale has exceeded 500,000 and officials believe the year's total will fall just shy of the 600,000 mark. Of the 588,116 plates sold 482,847 or 85 percent have been distributed through club offices.

REFLECTIONS

By R. M. SPENCER

LOYALTY

The employer says "Yes, that's true. He is slow, and hasn't a great deal of initiative, but he is LOYAL. I think we should overlook many short-comings in a man when he has loyalty as a predominating characteristic in his make up."

Of all the attributes which go to make up the sum total of human happiness loyalty heads the list. Cities thrive when Citizens are loyal to their merchants; young men and women reach the pinnacle of their possibilities when they are LOYAL to their trust; marriage is the culmination of LOYALTY to a promise and is successful in just the ratio of each party's fidelity to that pact; business is successful only if it is unequivocally LOYAL to both its employees and customers.

Loyalty to the ideals of his country makes a statesman out of a civilian; friends out of acquaintances; masters out of tyros and track-walkers into the guiding hand of railroad systems. The attributes of LOYALTY is not common and can only be discovered under stress; once you have found it, value it as you would anything priceless.

be interpreted widely as disapproval of the present law. Such a result, they added, would strengthen the hand of congressmen advocating substitute farm policies.

Welfare Meeting

(Continued From Front Page)

Irwin, case worker, and possibly several members of the advisory board.

Feature of the morning session will be an open forum discussion of working relationships between county officials and county welfare departments presided over by Samuel M. Watkins, chairman of Vance county commissioner. Marvin R. Robbins, Nash county commissioner, will lead a discussion of the county welfare board and its place in public welfare.

During the morning session Mrs. W. T. Bost, State welfare commissioner, will talk on "State and County Relationships in the Public Welfare Program," and A. W. Daughtry, Sampson county welfare superintendent and president of the State Association of County Superintendents of Welfare, will bring the annual message for the organization to the conference.

Nathan H. Yelton, director of the division of public assistance of the State Board of Charities and Public Welfare, and Dr. Roma S. Check, executive secretary of the Blind Commission, will discuss phases of the public assistance program in North Carolina, just before the close of the morning session.

Congressman Harold D. Cooley will be the feature speaker of a

luncheon meeting at the Vance Hotel at one o'clock, talking on the conference theme: "Public Welfare - A Democratic Process." State Senator Frank H. Gibbs of Warrenton will preside over the luncheon.

Greetings will be brought to the conference by Mayor Henry T. Powell of Henderson, following invocation by Rev. James A. Jones. The Henderson meeting will be the last of a series of six annually sponsored by the State Board of Charities and Public Welfare. All county officials in the district have been invited to attend the conference.

Every inch of it says:

LET'S GO!

EYE-OPENER! With all its extra value, this Buick sedan is \$51 less than last year!

LOOK at it! Standing still, every inch seems itching to get going. Streaming along, as you see it here, it's the perfect picture of perfect action!

Now, just put yourself behind that wheel!

Imagine your eyes looking out over that comely, streamlined bonnet—your hand on that ready, instant-

answering wheel—your foot on the gas treadle, bossing that abject of the straight-eights!

You hardly know your engine's turning, so quietly does it pour forth its power!

The big bad bumps are like a mill pond's ripples, so smoothly do giant coil springs level them for you!

what with lower floors, and wider seats, and as much as four inches more to stretch out your legs!

Convenience? It's everywhere—from a gearshift out of knee-way to a direction signal that operates by a simple flip of a switch!

An idle dream, you say? Not a bit of it! This great car's calling pointedly to you when it so plainly invites, "Step in! Let's go!"

Though bigger, though better, though more beautiful than ever, this great Buick is actually lower in price! Lower than last year—lower by far than you'd ever think to look at—lower even than some sixes!

So, why don't you visit the nearest Buick dealer—just to see the surprising news that's written on his price tags?
