grammar school child, began by stating the four categories into which maladjusted children fall: first, the non-social individual, then the infantile, the negativistic and the slow.

"There are many school failures who are growing up to be misfits and many of these failures are too well endowed by nature to need to fail," continued the fourth grade teacher.

In discussing mental health from the high school Home Economics teacher's point of view, Mrs. Carver said: "Mental health involves both physical and psychic factors." She discussed the psychic factors only.

In pointing out the difficulty of restraining emotions and relieving nervous tension, Mrs. Carver stated, "A person who has learned to control and direct his emotions and his thoughts is in position to obtain the utmost satisfaction from the mental capacity with which nature has endowed him."

"Behavior that departs noticeably from what we think of as normal may be listed under three headings: nervous difficulties, emotional insanity, and behavior that for want of a better word is termed delinquent."

In closing Mrs. Carver listed eleven practices that all persons dealing with children may use as preventive and remedial treatment. Three of them are: conquer your fears so that you will not become a victim of worries; develop an intense interest in life; relieve the tension of your life by cultivating a sense of humor.

During the business meeting of the association Mrs. J. H. Merritt was elected president for the incoming year, Mrs. J. Y. Humphries, vice-president, Mrs. Thomas Glenn, secretary and treasurer, and Mr. E. L. Wehrenberg, historian.

Miss Louise Cates' sixth grade won the attendance banner. Miss Cates also presented her grade in a play, "In Pursuit of Happiness."

Mary Crutchfield and Clyde Sullivan sang solos accompanied by Miss Kate Johnson at the piano.

Mrs. J. Y. Humphries conducted a devotional service to begin the program of the evening.

Campaign

Work hard—victory is just ahead. The doors of the campaign office will close promptly at 7 p. m. on Saturday March 18th., and no one will be permitted to enter after that time to turn in votes and subscriptions.

There is still abundant opportunity to amass a great vote and the contestants realizing this are working with renewed energy as the campaign draws to a close. There are only a few hours left.

The Judges

The judges or their representatives will be on hand to see that the campaign closes in accordance with the rules. Those who are in the campaign office when the doors close will be permitted sufficient time to prepare their subscriptions and votes and place them in the sealed ballot box which will be placed in the campaign office the last day of the campaign.
