

Hunter's High School Class Has Reunion

Members of Greensboro Senior high school class of 1915 met in social gathering at 7 o'clock Saturday night at O'Henry hotel celebrating their 24th anniversary reunion with 100 per cent attendance. Robert H. Frazier acted as toastmaster for the session.

A program of reminiscences and biographical sketches featured the session which lasted more than three hours. Each person gave a short biographical sketch of his life since school days, dwelling on institutions of higher learning attended, jobs held, residences, and to whom married and how many children each had. Each man expressed his views on the present world situation in the light of his experience in the world war situation which faced members as they graduated.

Biographical sketches were given on the three members of the class of '15 who have died, these being Mrs. John Armstrong (Mary Foust), of Greensboro, who died in 1925; John Walker, who died in Pasadena, Calif., in 1933, and Ellebre Broadnax, who died in Moncure in 1932.

The last reunion session was held by the group in 1925. Members present Saturday night included Mrs. George Howard (Adelaide Van Noppen), of Panama Canal Zone and Montreat; Mr. and Mrs. Edward Mabry (Carol Shelton), of Scarsdale, N. Y.; Mrs. John Reid (Kirk Callum), of Franklin, Va.; Gordon C. Hunter, of Roxboro; Mrs. B. M. Davis (Connie Stout), of Washington, D. C., and John W. McAllister, Kemp C. Clendenin, Clarence W. Mitchell Field Celebrates 30th Air Corps Birthday

Sergt. C. L. Birch took on the job of guide and informant for a group of youngsters who helped the army celebrate the thirtieth birthday of its air corps at Mitchell field in New York recently. The sergeant is showing the youngsters some of the tools used in air fighting, including a machine gun which shoots pictures instead of bullets. It is used in air target practice, and its pictures show whether the gunner scored a hit or miss. The machine gun-camera takes rapid-fire pictures, and the "gunner's" aim must be just as accurate to get pictures as it is in actual aerial combat to score a direct hit.

Cleo Rogers Bailey, Katie Lee Johnson, Mary Louise Hester, Lucille Woody, Mrs. W. R. Hayes, Marie M. Woody and Emma Lee Koon.

Allensville - S. B. Satterwhite, Sallie Patricia Slaughter, Joe B. Currin, Mrs. Minnie McGregor Gentry, Mrs. Dorothy S. Satterwhite, William Smith Humphries, Mrs. Mavin Crowder Clenn, Ruth Sears, Annie Long Bradsher, Mildred Chandler, Mary Elizabeth Gentry, and Mrs. Rozelle S. Featherston.

Opening

(Continued From Front Page) The first day of school will be devoted to assignment of desks to students, distribution of books, in giving instructions concerning the first lessons and in attending to other details attendant upon the opening of the new term. During the coming year, the

new building will be used for the first time at Allensville, Mr. Griffin pointed out, while an additional room has also been equipped at Mt. Tirzah for the extra teacher there. At Person County Training school for negroes, a new four-room building has been added to replace the one burned last year and to be used for home economics and agricultural classrooms and shop. These latter rooms are all according to state specifications for these departments and form a nice addition to this school, the superintendent said. Also an additional room is in progress of erection at Olive Hill to house the Negro high school work. This will be approximately complete by the opening of school.

At Adam's Chapel and Flat Woods, Mr. Griffin continued, additional teachers have been allotted and it is thought that with the cooperation of the patrons, additional rooms will be erected within a few weeks after the opening of school.

Vocational education requires specially equipped rooms and equipment which is rather expensive. However, each of these departments in Person County meet the minimum state requirements and in most cases considerably more than the minimum is provided.

Some vocational guidance is provided in each high school, this being done both in civic and social science classes and in extracurricular activities.

REFLECTIONS

By R. M. SPENCER OUR SCHOOLS.

Spring Boards to opportunity! Little children climb on the board when they enter primary classes,

then they take the leap into the realities of life.

The first day in school is the first day of discipline for many of those little fellows—play suddenly becomes work

and they progress. Their teachers are captains throughout the orderly confusion of school years.

Schools are not factories, they are training grounds. Children are not fed into hoppers with teachers turning the cranks. Teachers are craftsmen! Their pupils are clay! The personnel of our school system attempt to mold this plastic material into the bust of success. Children who take advantage of this opportunity profit! Those who look upon schools and its teachers as prosecutors, are merely STANDING on the spring board of success.

There is no finer spring-board in the world than our own school system. It is the heritage of our youth.

Better Service is Our Aim. It Costs No More! SPENCER'S FUNERAL HOME ROXBORO, N. C.

Happy Jim was featured last year with West's Tent Shows and also with Charlie Monroe and his group. His years of experience entertainment will assure a delightful evening. Place: Longhurst School Bldg. Time: Sept. 2, 8 o'clock. Admission 15 and 25c.

Donald Duck In Palace Film

Walt Disney Enterprises, which manufactures the numerous toy replicas of Disney's famous little cartoon characters, recently received its strangest order — for "one dozen breakaway Donald Ducks."

A comedy sequence in RKO Radio's "Bachelor Mother" has Ginger Rogers and David Niven experience considerable trouble with a toy duck which breaks at the psychological moment as it is being wound by Niven.

Stock ducks proved too substantial, refused to break at the proper moment. So the prop department ordered special break-away models—an even dozen of them, in case of re-takes.
