Cafe Sanitation Scores For Past Month Are Given

Highest score in the September report of cafe inspection by Sanitarian T. J. Fowler, of the district health department, goes to the Roxboro Diner, with a score of 95. Two other establishments, Hotel Roxboro and Royal cafe, received no rating for the past month because their service departments are undergoing extensive renovations at the present time.

For the same reason there is no report from King's Palace. In addition to the Roxboro Diner, four other cafes, the Feedwell, Knoll Inn, Peoples, and Brown Bobby received respective scores of over 90. Highest of the four was the Feedwell, with 93, followed by Peoples cafe and Brown Bobby at 91 each and Knoll Inn at 90.5.

Highest in the eighties was Circle cafe, 88; Blue Bird was 85, with O'Brian's, at 80. Red Lane cafe, at 79 and Munday's lunch, at 75, concluded the list. According to the schedule of the health department a grade of 90 to 100 accords an A rating; 80 to 90 is grade B and 70 to 80, grade C. All cafes rating below 70 are required to suspend operations.
