District of Columbia Sea Scouts rescued two pilots from the "Gruman," a United States army amphibian bomber which recently crashed into the Potomac river at Washington. The two pilots were trapped in the cabin, while two others escaped without help. Here navy wrecking crews lift the big ship from the water after it was towed from the scene of the crash to a naval air station.

Mrs. L. C. Liles, President of the Helena Home Demonstration Club, was in the chair for the regular March meeting last Wednesday afternoon held at her home.

After a short business session and opening program the meeting was turned over to Miss Velma Beam, home agent, who briefly reviewed the "Wiring and Lighting of a Home", since this group missed the February meeting, due to bad weather and road conditions.

Mt. Tirzah Club Reports Regular March Meeting

The Mt. Tirzah Home Demonstration club held its March meeting last week at the home of Mrs. B. S. Glenn with a splendid attendance of its members and a number of visitors.

Mrs. Sim Clayton, president, was in the chair, and during the business session called attention of the members to the fact that Federation dues should be sent in soon, and that contributions to the Jane S. McKimmon Loan Fund should be made at the April meeting.

She not only had plans giving explicit directions for this, but exhibited some miniature devices that almost any one could make with a bit of time and effort.
