## Maybe He Can . . . . .

Dizzy Dean has scored his second straight victory playing with Tulsa Oilers in the Texas league. Dizzy did not finish the game, but he had it won when he left the box.

Dean, it was said, used a good curve ball for six innings and then was replaced by a speed artist.

Everyone has said that Dean could not make a successful comeback. It really did not look possible, but maybe he can. A man is never down until he is out and it looks like "Ole Diz" is not yet out.

## Is No "Suckair" . . . . .

Arturo Godoy admitted this week that "Arturo — he sees no suckair".

Arturo has a date in Yankee Stadium tonight with Joe Louis, with the heavyweight championship of the world at stake. Four months ago, Godoy befuddled Louis for 15 rounds with his crouching, weaving, "squat tag" type of ring work.

Most folks expect Arturo to come right back with the same style, and they figure the Bomber has learned how to solve it. As a result, the general opinion is Godoy will be walking into a couple of buzz saws.

And that's why the old-time fisherman from Chile is laughing that he is by no means a "suckair".

Godoy may be no "suckair" but this column has an idea that he is also no "champion." He possibly has a lot of courage. Any man who faces Louis has that, but that does not mean that he has an even chance with world's best boxer.

So far we will string along with Louis and have an idea that Mr. Godoy will get knocked out in the fifth or sixth round.

## The Whole Town's Golfing . . . . .

Sunday found the golf course at the Country Club crowded with golfers. There must have been about fifty players on the course and all were having a big time.

The crowd included good golfers, fair golfers, bad golfers, and would-be golfers. Some of the boys played more in the rough than they did on the fairways, but all had a big time and indicated that they would be back again.

Looks like some store in Roxboro would put in a complete line of golf supplies. We believe that it would sell.

## Home Making is Fun

When you feel well. It is misery when you don't. Have you ever dragged through a day made miserable by a Headache, Neuralgia, Muscular Pains or Functional Menstrual Pains—a day when only your sense of duty, kept you on the job?

### Dr. Miles Anti-Pain Pills

usually relieve Headaches. You will find them effective also in the relief of the other nagging pains mentioned above.

A package of these prompt acting pain relievers may save you hours of suffering. Read full directions in package.

## Of Quality For Home Builders

The home you build will be evidence of your ability to do a job well—only if it is built of materials that will stand up and prove good quality in good service.

## King George Quite a 'Shot'

During a recent inspection tour of a gun factory that is operating night and day under war pressure, King George tried out a Bren machine gun. He put 60 bullets in or close to the cross-hairs as he jared, and remarked: "I had no idea the gun was so steady." The king has made a number of personal inspections in factories lately.

## Bulls And Tars To Meet Sunday At Durham Park

Durham, June 19 — The Durham Bulls meet the Norfolk Tars in a double header at Durham Athletic park next Sunday afternoon. The twin bill will start at two o'clock and hotly contested games are expected in view of the past series the Bulls had in Norfolk with the Tars. Norfolk defeated the Bulls four out of five games in Norfolk last week to edge the Bulls out of first place in the Piedmont league race and Manager Oscar Roettger and his Bulls are out to avenge the defeats and again mount to the top of the Piedmont heap.

The Durham club continues to play good baseball and much of the success of the club is due to Roland Van Harrington, speedy and dependable shortstop, who has been batting for a hefty .357 average and playing great ball in the field. Van Harrington is rated as the best shortstop prospect and he is certain to get a trial in the Cincinnati organization with the Cincinnati Reds at Tampa next spring if he continues his sensational work. Van is a prime favorite with Durham fans who like to watch him hustle about the ball field, and they are predicting that he will soon graduate to the Cincinnati Reds along with Frank McCormick and Johnny Vander Meer, who made Durham baseball history with their amazing diamond feats during the 1936 season. Van only weighs 150 pounds, but has the makings of a great ball player.

## Seining Season Opens July 1st.

Seining may be done in certain muddy waters designated by the Department of Conservation and Development of Conservation and fish, such as carp, suckers, catfish and gars according to announcement made by Warden R. G. Reynolds who said seining could be started July 1st.

Seining may be done in all rivers and tributaries in Person county. All seining must be done under supervision of county game and fish protector or some one appointed by him for that particular day.

Mr. Reynolds said that violators will be dealt with according to law.

## Newspaper Being Accused In Anti-Trust Case

Chattanooga, Tenn. — The department of justice filed in federal court "criminal information" papers charging the Chattanooga News-Free Press and two of its officials with violation of the Sherman anti-trust act by allegedly seeking to block competition in the afternoon newspaper field through writing "exclusive" advertising contracts.

Certain contracts with advertisers, the papers charged, limited their afternoon newspaper advertising to the News-Free Press.

Roy McDonald, publisher, and Everett Allen, treasurer, were named as defendants along with the merchants holding the advertising contracts.

## GROWERS TO VOTE ON THREE-YEAR CONTROL JUNE 20

AAA Executive Officer At State College Loans Will Depend On Growers.

Raleigh, June 19 — Faced with a situation more serious than that of 1930-32, flue-cured tobacco growers of North Carolina and other Southern states will go to the polls July 20 to vote on a three-year control plan.

Recent amendments to the quota provisions of the AAA program have authorized this referendum, which, if voted on favorably by a two-thirds or more majority, would set up quotas on the 1941, 1942, and 1943 crops. Herebefore, growers have voted on only their next crop.

E. Y. Floyd, AAA executive officer of N. C. State college, said any loan arrangements to support the market will depend upon a decision by growers to regulate marketings. A majority vote against quotas would automatically eliminate any government loans.

If quotas are voted for three years, the AAA executive officer explained, domestic manufacturers can pay their fair prices for their tobacco without fear of excessive production during the period. Then, too, the export trade will be more likely to make purchases at reasonable prices, and the government can give maximum support to prices for the export grades.

Probably the greatest factor in the present distressed situation is the 1939 crop, which was grown without regard to allotments. Flinging caution to the winds, growers branded a 1,160,000,000-pound crop, 34 percent higher than the previous record of 1937.

The result was a 400,000,000-pound surplus.

The second reason, and perhaps almost as great as the overproduction factor, was the loss of or the seriously curtailed foreign markets, as a result of the present European conflict. Coming together, the two dragged prices down to an average of 14.8 cents a pound for the season. The previous five-year average was 22.9 cents.
