Jerry L. Hester Will Be New Principal At Helena School

Bushy Fork Principal Advanced To Helena Post. Nothing Has Been Done About Teachers Who Were Not Re-elected.

Elected as principal of Helena high school, Person county, last week was Jerry L. Hester, who has for the past five years served as principal of Bushy Fork school, in this county. Mr. Hester, who has accepted the Helena position, succeeds R. C. Garrison, resigned. Election of Mr. Hester was made by the Helena district school board at the second of two sessions held Thursday.

From a reliable source it was learned that the committee took no action on protests filed by four teachers who were not re-elected and that the matter was not discussed by the committee at either of the two meetings.

Mr. Hester, a graduate of Duke University, has an M. A. from Columbia university.

The four Helena teachers not re-elected were Mrs. Penn Noell, Miss Gertrude Holt, Miss Eloise Pearce and Miss Margaret Warren. Residents who have been concerned about the inaction of the board with respect to reinstatement of these teachers, seemed on the other hand to be generally pleased with the selection of Mr. Hester as Helena principal.

It is not known when the Bushy Fork committee will meet to select a successor to the Mr. Hester. Person Superintendent of Schools, R. B. Griffin, who attended the Helena sessions left Friday morning for Charlotte and could not be reached for comment. He did, however, on Thursday night express his wholehearted approval of the choice of Mr. Hester for the Helena position, which on account of size of the school is regarded as a district promotion.

Numbers of applications for various teaching positions in the county and city are coming in each day and Mrs. F. M. Puryear, Mr. Griffin's secretary, has quite a stack of them waiting for him tomorrow morning.

Interested Residents Asked To Meet Wednesday At Hotel Roxboro. Open Forum Published.

Persons interested in formation of a Roxboro unit of the North Carolina Bird Club are requested to meet Wednesday afternoon at 3 o'clock at Hotel Roxboro, where organization plans will be discussed. Initial meeting was to have been held two or three weeks ago but was postponed because of conflicting engagements.

Especially interested in the formation of a Roxboro club are Mesdames L. M. Carlton and W. R. Woody, who will be glad to consult with any County or City residents who wish to become club members. Any change in program plans will be announced later, said Mrs. Carlton.

The Woody Way Is To Win And Win Thrice Over

J. J. Woody, Roxboro business man thinks he is lucky. Last week he and Mrs. Woody drew six tickets in a local contest put on by merchants in connection with a hospital benefit program. Up to yesterday Mr. Woody had won four prizes with his tickets, with two more to go, and his daughter took first place for selling most tickets. The night before he was playing bridge at the home of a friend and had for several successive meetings won the prize.

Just to be sure Mr. Woody might have a chance to lose, the host proposed that the evening winner be by drawing of lots. Everybody drew; winner, you guessed it, was Mr. Woody.

Mr. Mangum said yesterday he has no information on any proposed new registration for men who have reached twenty-one since the registration held last year and is equally uninformed on any plans to lower the registration age limit. Questionnaires under the present registration are, however, being sent out with the regularity established in the last few weeks and many local residents are receiving them.

Along The Way With the Editor

The writer of this column extends thanks to Dr. Allen for writing it last week during his absence from the city. It was my pleasure to attend the Banker's Convention in Pinehurst last Friday and Saturday and I had a big time. That big hotel down there is a nice place. They have white bell boys and give all kinds of service. As a matter of fact everything was about perfect. I was with E. B. Craven and we stayed at the hotel until about twelve o'clock at night and then we left to go to our room at a Tourist camp.—and I don't care what you say that tourist camp was alright. We recommend it to any of our friends who do not wish to invest over 75c in a bed for the night.

Dewey Bradsher went down to the Dentist Convention a few days after I left. He and Jack Hughes went together and they both insist that they stayed at the hotel. If I ever get a chance I am going to check the register just to be sure. Ask Buddy Long what golf balls are worth. A few nights ago at the Kiwanis Club, Dick Woody had two 25c golf balls in a box. The box was supposed to have three 25c balls in it. Said balls were put up at auction and Buddy put in a bid of 60c for the two 25c balls. It is needless to say that they were passed over to Mr. Long. That boy was a little hot and bothered when he found out that he had two, not three, balls. Dick finally gave him a refund of 20c.

Joe Billy, Lester, Clayton has built himself a private office in his place of business. Need I say more?

REGISTRATIONS FOR ELECTIONS MAY BE MADE

Books Now Open For Coming Contest Between John Folger and Marshall C. Kurfess.

Opened yesterday were registrations books for the special election to be held on Saturday, June 14, for selection of a Fifth district congressman to succeed the late Lon Folger, of Mt. Airy.

Registrars, acting under instructions from the Person county board of elections, will keep registration books open through Saturday, May 31, although the registrars will only be at polling places in various county precincts on Saturday, May 24 and 31. Challenge day will be the following Saturday, June 7.

This special election will be held according to the rules governing a regular election. Members of the Person County board of elections are: F. O. Carver, Jr., chairman, R. D. Bumpass and E. R. Blalock, the last named of whom is Republican representative, while Carver and Bumpass are from the Democrats.

In Roxboro last week was Marshall C. Kurfess, of Winsor-Salem, erstwhile Democrat, who still calls himself a Democrat, although he has agreed to be a candidate for the late Mr. Folger's seat under Republican auspices. Democratic candidate is John Folger, brother of the late Congressman.

It will be recalled that chairman of the district Democratic Executive committee, charged with naming Democratic nominee, was E. G. Thompson, of this city. Neither Kurfess, who is a perennial runner, or Folger, of the old guard in Surry, has said how the election expenses are to be borne.

No other candidates have yet announced.

New One-Shot Dose Effective When Persons Have Had Three Dose Treatment Within Past Few Years. Clinic Schedule Announced.

With the approach of summer and the season for typhoid fever, the Person health staff has arranged vaccination schedules for the County in which an outstanding feature is the new one-dose a-year method, employed by the health department here for the first time, it was announced today.

Long heralded as a more comfortable means of typhoid prevention, the annual single dose mode of vaccination was not used locally pending further experiment. Now accepted, the plan requires that one dose be given each year only to those who have had the three-dose injections within five years, though it is preferred that the date of such inoculation be as recent as one or two years.

Chief advantage of the new method consists in the milder reaction that results, the amount of vaccine used being equal to the amount of the first dose of the original three-dose plan. Those taking three doses in 1940 are urged to commence the one-dose system this year, and on that account, clinic schedules are arranged in very much the same manner as last season, it was said.

A novel feature of the one-dose method is the administration of a minute quantity of the material between the layers of the skin of the forearm, after the manner of the Schick and tuberculin test. This results in a wheal, which gives little or no reaction to the system as a whole. Recommended for patients who have severe symptoms from the usual typhoid vaccine, this form of inoculation will be given only in the office of the department on Wednesday afternoon throughout the summer.

The first schedule is arranged mostly for north Orange County, and starts Friday, May 23, continuing through May 30, June 6, and 13th. This itinerary calls for step-over at Lacy Long's Store at 9:00 a. m. and at Gordonton (both in Person) at 3:00 p. m. Four trips will be made to all points, as usual.

The first all-Person schedule begins with visits Monday, May 26, which are repeated Monday, June 2, 9, and 16. Clinic points are as follows:

Payne's Tavern, 9:00; Hurdle Mill, 10:00; Bushy Fork, 11:00; Louis Hester, 1:00; Arthur Hester, 1:45; Hency Winstead, 2:30; Lea's Chapel, 3:30 and Roseville 4:00.
